*All virtual meetings are through Google Meet. They are open to all students and will be on first come-first serve basis.

1. Above are the Google Classroom codes for Academic Enrichment Center (AEC).
2. The Google Meet Code is not visible until 5 minutes before the AEC session.
   If students cannot see the Google Meet code, they will need to refresh their screens (sometimes multiple times). The link will remain open for the entire hour of the AEC session
3. Five minutes before the tutoring session begins make the Google Meet Code visible.
4. All subjects are available during any of the AEC sessions, however the focus for each AEC session is listed. We will not turn students away—we may redirect them but we do not tell students that they cannot get help.
