We're for
Simple.

People-powered companies
need people-focused furniture.

Office seating shouldn't be hard work.

Seating for every corner of your office.
Now more than ever, our agile, modern, and quick furniture solutions are made to work for you. We've expanded our product offerings to include simple solutions for your entire office—front to back.

Modern styles for today's workplace.
Fresh, adaptable seating that will make people flock back to the office. No, seriously.

More than digital tools.
From our Product Configurators to our Space Planning Quiz and Virtual Tours, our brand-new digital tools are more than just accessories. They're designed to make the furniture-buying process truly stress-free.

Fast delivery.
The moment you place your order, we're working to get your product to you ASAP. So you and your team can get exactly the furniture you need, right when you need it. Who says quality furniture can't be quick?

Seating

There's no
place like office.

Better seating by the count of 3.

1

Comfort you can afford.

Chairs that are budget-focused can compromise quality and performance. Ours don't. Why? Because your people deserve comfort, and you deserve affordable.

2

Designed performance.

Our portfolio ensures support, comfort, and wellbeing for all types of users. Partnering with Steelcase guarantees our products meet the testing and performance expectations of high-quality seating, at a value price point.

3

Leave upcharging behind.

We won't upcharge you for core features. With us, all the good stuff comes standard. Pick your model and your materials, and we'll handle the rest.

Connecting in
the in-between.

Shared Space

Work

Getting things
done at your
desk.

Multi- Purpose

Working
better as
a team.

Go ahead, flex.

Space meets seating.

We build furniture to fit your workflow. So whether your team needs to focus, learn, or relax, we've got your space covered. And when it comes to performance, you didn't even need to ask. After all, seating is what we do.

Work

Performance for
workstations and offices.

Meet our fleet of high performers
for workstations and offices.

Tailored for performance.

Jaku

Siya

Zilo

Personality Plus

Bodi

Designed for price point.

Our workstation and office performance
chairs offer a range of ergonomic
solutions—from elite to economical.

Jaku

A best-in-class ergonomic performing task chair at a value price point.

Tailored Adjustments.
Supports up to four multi-position back stops; allows all users to adjust the recline to their preferred angle.

Back Support.
Innovative knit mesh in the backrest conforms to any and every spine to provide flexibility and support.

Simplified Controls.
User-friendly dial knob with audible “click” gives the user complete control to fine-tune preferred postures.

Siya

High, articulating back provides an elegant design and enhanced comfort.

Modern Aesthetic.

A clean, light-scale design that works with you—from the top down.

Full Support.

A true one size fits all—4-dimensional arms with height, front-to-back, pivot, and even width adjustment.

Universal Design.

A consistent look office-wide, from private office to individual desks and everything in between.

Zilo

Near endless options and style with full user control, intuitive adjustments, and visual choice.

Family of Products.

Mid- or high-back, fixed or adjustable arms, base finishes, and stools.

Proven Performance.

Our best-selling chair for years. One sit and you'll understand.

Design Choice.

Available in all-mesh, fabric, polyurethane, and leather seat cover options.

Personality Plus

A work chair designed to bring comfort, support, and movement to any body type, simply and easily.

Everyday Ease.
Customized to your weight, a spring-activated mechanism personalizes recline tension with one simple click.

All Day Comfort.
Proprietary blend of high-density foam and air pockets, Personality Plus makes sitting a pressure-free experience.

Made to Go the Distance.
Made with 15% fewer parts, you get all the bells and whistles without all the knobs and levers.

Bodi

**A value-driven task chair
with all the essential
ergonomic features.**

Budget Minded.

An effective, price-focused solution for the workplace.

Essential Performance.

Satisfies workplace strategies for better well-being.

Thoughtful Design.

An intentional fusion of clean, soft design with simplified performance.

Multi- Purpose

All the best choices for
meeting, learning, agile,
and cafe spaces.

Seating that multitasks as hard as you do (or tries to).
