

# Showroom Experience

2023

A M Q

**Welcome!**

**We're glad you're here**

---

# We're for simple

**Furniture for every corner of your office.**  
We've expanded our product offerings to now include simple furniture solutions for your entire office front to back.

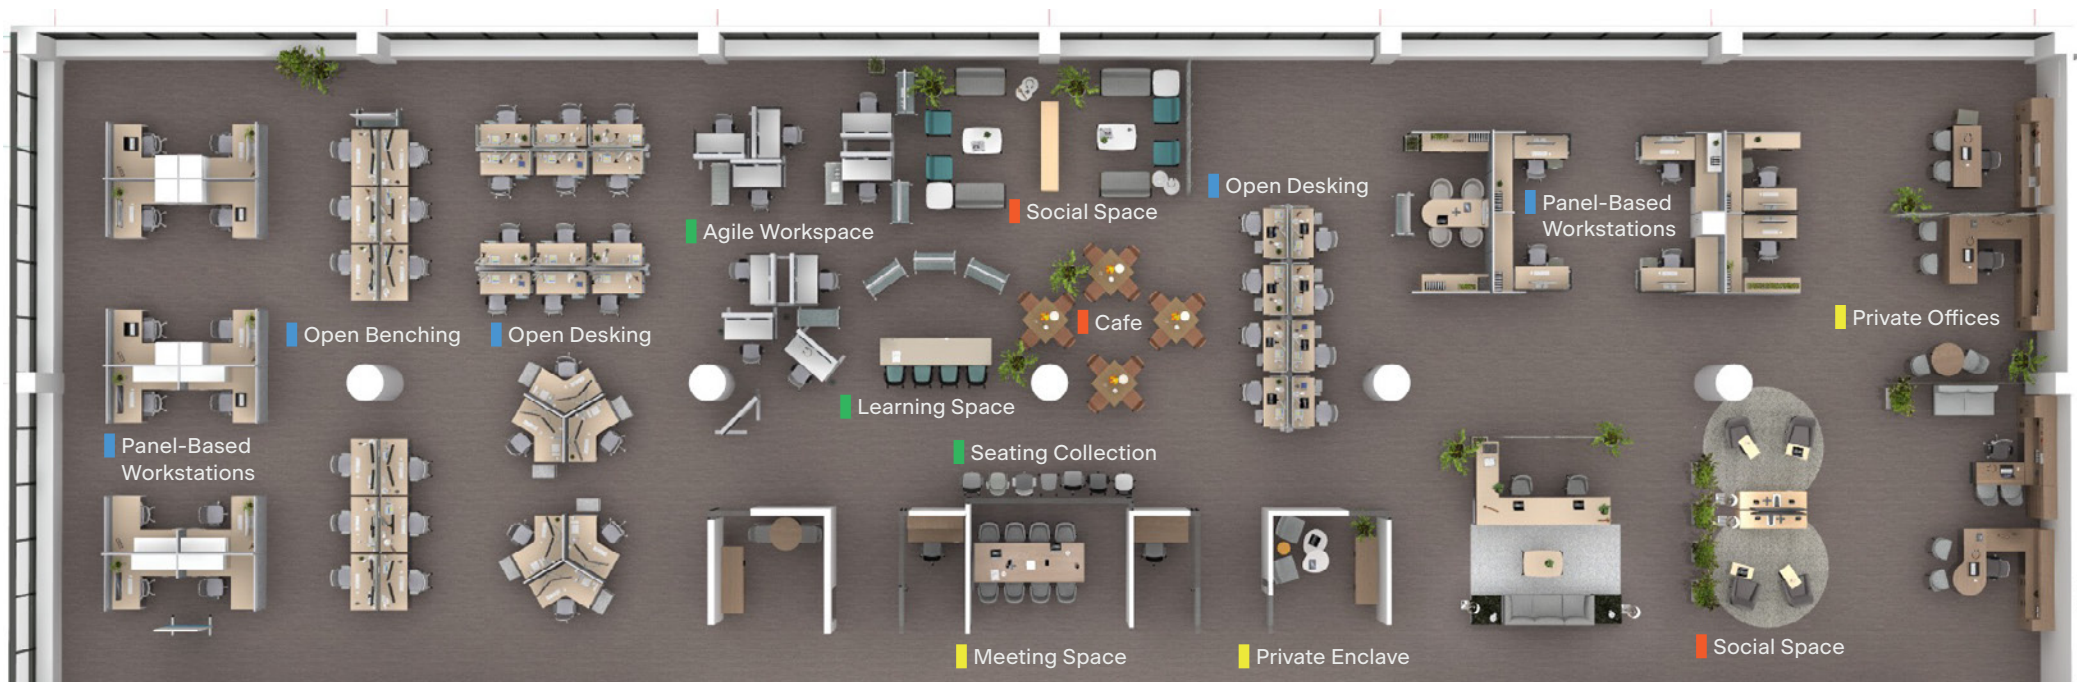

**More digital tools to design and visualize.**  
From our Space Planning Quiz to 3D showroom tours and our product configurator, our digital tools are designed to make the furniture-buying process a truly stress-free, and fun, experience.

**Robust Warranties.**  
We stand behind our furniture with competitive warranties that take the worry out of your purchase. We know new office furniture is a large investment, and our products are built to last for years.

**10-day delivery.**  
Once your order is placed, we get the product to you ASAP, so you and your team can get exactly the furniture you need, right when you need it. Because who says quality furniture can't be quick?

- Social Space

# Panel-Based Workstations

Panel-Based Workstations are a traditional yet flexible solution that provide users with visual and acoustical privacy. Through a variety of worksurfaces (fixed or height-adjustable), storages, finish options, and accessories, these workstations can be customized for numerous individual or shared workspaces.

## Application Highlights:

- Individual Home base
- Focus + Control
- Access to Power

## Products:

Tektis  
AMQ Seating  
Embank  
Activ  
S-Series

# Open Plan Desking

Open Plan Desking offers more flexibility than benching or panel-based workstations, with fewer fixed elements such as walls, systems, and central power channels. This application allows for 'unbounded' layouts featuring height adjustable, freestanding desks that can be easily re-oriented as needed.

## Application Highlights:

- Health & Well-being
- Tools for Productivity
- Flexible Power Distribution

## Products:

Activ  
Iline  
Revi  
3F Privacy Screens

AMQ Seating  
Intro Worktools  
Cable Management

---

# Open Plan Benching

Open plan benching provides a clean solution to maximize space for multiple users. Available in single or double runs, Benching works in any open plan layout while also providing critical features to the user like height adjustability, integrated power, and privacy screens.

## Application Highlights:

- Space Efficiency & Savings
- Technology & Power
- Health & Well-being

## Products:

Kinex  
Intro Worktools  
Cable Management

3F Privacy Screens  
AMQ Task Seating  
Revi

# Private Offices

Private Offices are designed to meet the needs of each individual worker with the use of elements such as desking and integrated storage. They allow for expression of style and are one of the most personal spaces within the floorplan.

## Application Highlights:

- Customizable to Individual
- Dedicated Personal Storage
- Private Retreat

## Products:

Embank

West Elm Work Sterling & Slope

# Private Enclave

Private Enclaves are short term, collaborative spaces where two or more people can meet to focus on a problem or a shared goal. These spaces provide technology that supports content and idea sharing, both in person or virtually.

## Application Highlights:

- Goal Oriented
- Focused Collaboration
- Analog & Digital Display

## Products:

West Elm Work Lounge Seating  
West Elm Work Occasional Tables  
Embank

# Meeting Spaces

Across the floorplan, meeting spaces encourage a culture of open communication and sharing of ideas. Dedicated meeting spaces with storage and integrated power allow teams to come together and stay connected while also encouraging team synergy.

## Application Highlights:

- Routine Collaboration
- Open Communication
- Integrated Storage & Power

## Products:

Embank Credenza

Embank Conference Table

West Elm Work Conference Seating

# Agile Workspaces

Today's teams have a more collaborative and fluid style of working, and our Amobi product line meets them with agility and mobility. Amobi is a singular collection designed for agile, open spaces that accommodate teams and their need to traverse between solo and collaborative work.

## Application Highlights:

- User Controls
- Reconfigure on Demand
- Collaborative Surfaces

## Products:

Amobi Desk  
Amobi Team  
AMQ Task Seating  
Revi storage

# Learning Spaces

Also known as Training Rooms, Learning Spaces are enclosed, formal meeting rooms typically equipped with display units, individual or grouped tables with built-in power and data connectivity, and storage credenzas.

## Application Highlights:

- Flexible Arrangements
- Density Control
- Digital or Analog Collaboration Tools

## Products:

AMQ Multipurpose Seating  
Concur  
Amobi Team  
Embank Credenza

---

# Social Spaces

Social Spaces are informal community workspaces designed to foster collaboration and innovation away from the confines of a traditional desk. Comfortable social spaces invite individuals and groups to engage in focused work and provides users with a space to relax and socialize.

## Application Highlights:

- Informal Collaboration
- Inviting & Inspiring
- Restorative

## Products:

West Elm Work Lounge Seating  
West Elm Work Occasional Tables  
Embank Credenza
