## INSTALLING CASTORS

---

### Step 1

### Step 2

Finished!

## EXPANDABLE BAG DROP

### Step 1

Extend slides and use M4\*5 screw to mount it on the expandable bag drops.

### Step 2

Attach the expandable bag drops onto the carcass as shown on the diagram above. Secure it with screws. Do not fully tighten the screws at this point.

### Step 3

Screw on the castors to the castor mounting plate on each bag drop.

### Step 4

Gently rest the pedestal on it's back on a soft surface. This will help level the expandable bag drop panels with the main housing.

### Step 5

Now fully tighten the screws.
