This exam requires you to read a use case, develop a solution in Designer Cloud, Trifacta Classic, and use the results of your solution to answer questions in the exam. There are three separate use cases for this exam.

Steps to Certification Success

LEARN AND PREPARE

1. Begin with the Getting Started Learning Path. The interactive lessons and hands-on exercises will immerse you in the world of Designer, Trifacta Classic.

2. Analyze data that is meaningful to you. Formulate questions and build workflows that give you insight into your own data. This is a critical step in the learning process. You will not only apply what you have learned but also visualize how Designer Cloud, Trifacta Classic can help you do your job more efficiently and effectively.

Test Tips

Learn While Testing

The exam is part of the learning process. Use your resources to look up answers you do not already know. Even if it takes a few attempts to pass the exam, you will still benefit from the process of preparing for the exam and improve as a user. Time spent preparing for the exam is time spent improving your skills and knowledge of all things Alteryx Designer Cloud, Trifacta Classic.

Read Carefully

Read each question carefully before answering. The details matter! Read twice and solve once.
Use Your Resources

Be familiar with your resources and have them open and ready before starting the exam. Search for answers using Alteryx Community and Help Documentation.

Pace Yourself

There is no prize for finishing the exam quickly. Use all the time allotted and aim to pace yourself. Some questions might take more time, some less; however, it can help with test anxiety to have a plan to structure your time. If you finish early, go back and check your answers. Use the full time allotted to you.

Answer Every Question

This is no place for being a perfectionist! Give it your best try and provide an answer for each question. A “tried and failed” outcome is better than analysis paralysis. In the exam platform, use the Bookmark feature to flag questions you would like to come back to and review later. Select See all questions to view all your unanswered and bookmarked questions.

Reflect, Review, Refine

After the exam, take a breath. If you did not pass, use the next 7 days to reflect on your results and switch your focus to the tools and topics that you were unsure about. Build on the foundation you have already built and proceed forward with growing in your knowledge of Alteryx Designer Cloud, Trifacta Classic. Review the category results you receive at the end of the exam. Refine your skills and never stop learning.
