

## Design

How does your dream workspace look? Whether it's adjustable desks, dry erase walls, or jaw-dropping reception, our team of specialists is eager to learn about your unique needs and desires.

## Goals of Office Space Planning

We'll talk through what you need to operate efficiently and successfully. Do you want a modern waiting room for patients? A collaborative space for employees? A relaxing zen room for breaks? Together, we'll determine customized solutions for your teams and workflow.

## Budget

Of course, we'll discuss how to create your dream workspace within your budget and timeframe. Our specialists are experienced and knowledgeable in building the perfect solution for any scope.

## Size of your Business

Do you need space for a team of 10 or 100? We'll walk through seating options, workstation sizes and storage needs to determine how much space and furniture you'll need.

## Branding

No two companies are the same, and we seek to understand your culture and brand to tailor solutions that align with what makes your company unique.
