**Ref.: Vertedero de Chiquita Canyon - Informe de la Condición No. 69 del CUP**

Estimado Sr. Nguyen:

La Condición 69 del Permiso de Uso Condicional ("CUP") de Chiquita Canyon, LLC ("Chiquita") requiere que al recibir cuatro Aviso de Violación ("NOVs") relacionados con la calidad del aire en un mismo año calendario, Chiquita debe presentar un informe a Obras Públicas ("PW") del Condado de Los Ángeles dentro de los 30 días después del cuarto NOV, explicando el NOV y los pasos tomados para tratarlo. Chiquita además debe proporcionar este informe dentro de los 30 días desde que recibe cualquier NOV adicional relacionado con el aire dentro del mismo año calendario.

En 2025, el Distrito de Gestión de la Calidad del Aire de la Costa Sur (el AQMD de la Costa Sur) le emitió una NOV a Chiquita por violaciones al Código de Salud y Seguridad de California § 42401. Esta NOV se proporciona en el Adjunto A.<sup>1</sup> El AQMD de la Costa Sur además emitió NOVs bajo la Regla 402 del South Coast AQMD y del Código de Salud y Seguridad de California en su § 41700, activando la obligación de Chiquita de proporcionar un informe bajo la Condición 69 del CUP. En 2025 de enero, el AQMD de la Costa Sur emitió a Chiquita once NOVs de la Regla 402 por presuntas violaciones ocurridas en enero y febrero de 2025. Estas NOVs se indican en el Adjunto B.<sup>2</sup>

**NOV P80884 del South Coast AQMD – Explicación y Acción Correctiva**

El 10 de enero de 2025, Chiquita recibió una NOV del AQMD de la Costa Sur denunciando violaciones al Código de Salud y Seguridad de California § 42401 y a las Condiciones 3(a), 8, 8(d) y 68 de la

---

<sup>1</sup> NOV P80884 (10 de enero de 2025).

<sup>2</sup> El número de NOV y la fecha de la presunta violación son los siguientes: NOV P77686 (28 de enero de 2025); NOV P80886 (30 de enero de 2025); NOV P80042 (31 de enero de 2025); NOV P74049 (10 de febrero de 2025); NOV P80043 (11 de febrero de 2025); NOV P81008 (13 de febrero de 2025); NOV P80517 (14 de febrero de 2025); NOV P80044 (17 de febrero de 2025); NOV P80045 (19 de febrero de 2025); NOV P64623 (24 de febrero de 2025); NOV P74490 (28 de febrero de 2025).

Orden de Depuración Estipulada ante el AQMD de la Costa Sur (Caso No. 6177-4) emitida el 6 de septiembre de 2023 y modificada el 17 de enero, el 21 de marzo, el 24 de abril, el 27 de agosto y el 13 de noviembre de 2024 (la "Orden Estipulada"). La NOV alega específicamente: (1) "[n]o mantener los tanques bajo presión negativa como se demuestra en las lecturas de presión diferencial"; (2) "[n]o registrar lecturas de las presiones utilizando dígitos importantes en la centena"; (3) "[n]o registrar las lecturas de todos los medidores de presión diferencial en los informes mensuales de agosto, septiembre y octubre de 2024"; (4) "[n]o presentar a tiempo el informe mensual de septiembre de 2024"; (5) "[n]o monitorear y registrar la temperatura diaria de biogás en la entrada del Sistema de Tratamiento de Biogás para octubre de 2024"; y (6) "[n]o informar las temperaturas de biogás en la entrada del Sistema de Tratamiento de Biogás en el informe mensual de octubre de 2024." La NOV cita al 1 de agosto de 2024 como fecha de las presuntas violaciones.

Como lo entiende Chiquita, los tanques no se mantuvieron consistentemente bajo presión negativa durante los períodos de agosto, septiembre y octubre porque, aunque se instaló el medidor de vacío, Chiquita encontró problemas para proporcionar suficiente vacío a los tanques debido a dificultades con los cabezales y con la capacidad de destrucción.

Por lo que entiende Chiquita actualmente, las violaciones 3, 5 y 6 provienen de incidentes donde faltaron lecturas y, por consiguiente, no pudieron informarse. Chiquita continúa investigando estos eventos. Chiquita también ha implementado otros procedimientos para asegurarse de que se tomen las lecturas y se informen como es debido. Chiquita registrará las lecturas de las presiones utilizando dígitos significativos en las centenas y se asegurará de que los informes mensuales se presenten a tiempo.

#### **NOVs de la Regla 402 del South Coast AQMD – Explicación y Acción Correctiva**

A continuación se proporciona un debate sobre las NOVs de la Regla 402 del South Coast AQMD, además de las acciones correctivas tomadas por Chiquita en respuesta a las NOVs.

##### **Explicación**

Estas NOVs fueron emitidas después de que un inspector del South Coast AQMD verificó los reclamos sobre los presuntos olores que provenían del Vertedero de Canyon de Chiquita (el "Vertedero"). Las NOVs son sustancialmente las mismas que las NOVs previas emitidas por South Coast AQMD que fueron tratadas en los informes previos de la Condición 69 del CUP de Chiquita. El origen de los olores es el mismo que el descrito en esos informes: un aumento en la producción de biogás y líquidos causados por una reacción anormal que estaba ocurriendo dentro de una parte más antigua de la masa de residuos del Vertedero.

##### **Acción Correctiva**

Chiquita proporcionó descripciones detalladas de las acciones correctivas que fueron tomadas para mitigar la reacción y los olores que emanaban del Vertedero en sus informes previos de la Condición 69 del CUP. Mientras que Chiquita no repite en este informe la información proporcionada en los informes previos, continúa tomando todas las acciones indicadas en esos informes. Las acciones correctivas descritas en esta sección incluyen únicamente las nuevas medidas que se están tomando desde la última actualización.

Orden Estipulada del AQMD de la Costa Sur: Bajo la Orden Estipulada, Chiquita ha implementado las siguientes medidas adicionales de mitigación:

- Chiquita continúa mejorando el sistema de pozos de biogás, instalando sondas de temperatura en los pozos. Al 28 de febrero de 2025 Chiquita ha instalado 32 sondas de temperatura desde que comenzó la instalación el 26 de febrero de 2024.
- Al 28 de febrero de 2025, Chiquita tiene un total de 131 bombas que operan en pozos de extracción vertical de biogás.

Chiquita presenta a South Coast AQMD las actualizaciones sobre el estado de su cumplimiento de la Orden Estipulada modificada en sus informes mensuales de la Condición 8. Estos informes están publicados en el sitio web de Chiquita. En el sitio web de Chiquita hay más información detallada sobre la implementación y el cumplimiento de Chiquita con la Orden Estipulada modificada.

Orden de Cumplimiento de la LEA: El 6 de junio de 2024, la LEA le emitió a Chiquita una Orden de Cumplimiento, formalizando las medidas de mitigación recomendadas por CalRecycle que habían sido impuestas previamente por la LEA, como también otros requerimientos adicionales. Chiquita ha implementado el siguiente requerimiento adicional de la Orden de Cumplimiento de la LEA:

- El 18 de febrero de 2025, Chiquita presentó el informe semanal de problemas con las cubiertas. El informe, el resumen y los mapas están publicados en el sitio web de Mitigación de Olores de Chiquita.

En el sitio web de Chiquita hay más información detallada sobre la implementación de Chiquita de la Orden de Cumplimiento.

Mejora del programa de monitoreo del aire comunitario: Como se describió en informes previos, bajo la dirección del DPH, Chiquita ha mejorado su programa de monitoreo del aire actual. Los datos y los informes se encuentran en el sitio web de Chiquita y el informe más reciente se presentó el 21 de febrero de 2025. Chiquita también hizo una Página Web del Programa de Monitoreo del Aire de la Comunidad del Vertedero de Chiquita Canyon. <https://chiquitacanyon.com/reports/community-air-monitoring-program/>. La página contiene los datos promedio de 1 hora más recientes sobre ácido sulfhídrico y metano, como también la velocidad y la dirección del viento promedio para el mismo período de tiempo, de doce estaciones de monitoreo del aire de la comunidad.

Estudio de la Calidad del Aire del Vertedero de Chiquita Canyon: Como se describió en informes previos, un consultor externo condujo un estudio de 28 días sobre la calidad del aire, que proporcionó más datos e información sobre la calidad del aire en las comunidades que se encuentran alrededor del Vertedero. Se pueden encontrar datos de este estudio en la página web del Estudio de la Calidad del Aire de Chiquita (<https://chiquitalandfillairqualitydata.sensible-edp.com/>). Los consultores externos evaluaron estos datos y elaboraron informes sobre potenciales impactos para la salud y de los olores en base los datos tomados y analizados. Estos informes fueron presentados al AQMD de la Costa Sur el 1 de agosto de 2024, como lo requiere la Orden Estipulada, y están publicados en el sitio web de Chiquita. También hay disponible un resumen fácil de leer en el sitio web de Chiquita.

Página 4 de 5

Programa Community Relief de Chiquita: Como se describe en informes previos, Chiquita estableció voluntariamente un Programa Community Relief para ayudar a compensar los costos asociados a la mitigación de los olores y ha contratado a un administrador externo para que administre este programa. A través del programa, los residentes de Val Verde, Live Oak, Hasley Hills, Hillcrest Parkway, Hasley Canyon y Stevenson Ranch pudieron solicitar financiación que podía ser utilizada para ayudar con los gastos reclamados asociados a la mitigación del olor, que incluyen reubicación temporal, dificultades en el hogar y aumento en las facturas de servicios públicos. Éste no fue un programa de reintegros. Sino que los solicitantes que presentan solicitudes válidas, geográficamente elegibles, recibieron un pago por mes que podían utilizar de la forma que lo deseen, de forma similar a un estipendio. Los montos de pago variaron entre los solicitantes en base a una variedad de factores, que incluyen la ubicación geográfica y la evaluación de Chiquita sobre el alcance de los impactos del olor en base a datos objetivos sobre el olor.

Las solicitudes de financiación de cada mes debían ser presentadas antes de que terminara el mes. Los solicitantes debían volver a certificar sus solicitudes para ser elegibles para recibir financiación en los meses posteriores. Chiquita terminó el Programa Community Relief a fines de febrero de 2025. Se enviaron por correo cheques a los solicitantes elegibles geográficamente válidos o corregidos que aplicaban a marzo-enero. Más recientemente, se enviaron cheques por correo durante la semana del 21 de febrero para los solicitantes elegibles que presentaron solicitudes válidas nuevas en el mes de enero, para recertificaciones válidas y para quienes han corregido los materiales de sus solicitudes anteriores. Los solicitantes de financiación del mes de febrero se vencen el 28 de febrero de 2025.

Hay más información disponible sobre este programa, que incluye la solicitud y los formularios de recertificación, en el sitio web del programa (<https://www.chiquitalandfillcommunityrelief.com/>). Los formularios y la información también están disponibles en español.

Por favor, comuníquese conmigo si tiene alguna pregunta sobre este informe.

Atentamente,

Steve Cassulo

## What is a Notice of Violation?

A Notice of Violation is issued by an SCAQMD Air Quality Inspector to inform a business that a failure to comply with one or more applicable federal, state, and/or local (SCAQMD) air pollution rules and regulations or legal requirements is being alleged.

## What happens when I receive a Notice of Violation?

If you are operating in violation of one or more applicable federal, state, and/or local (SCAQMD) air pollution rules and regulations or legal requirements, each day or part of a day that you operate in violation is considered a separate violation even if only one Notice of Violation has been issued. Continuing to operate in violation may subject you to substantial civil or criminal penalties. **It is in your best interest to resolve any compliance problem immediately before you resume operation.**

## What if I need to continue to operate the equipment named in the Notice of Violation?

If continued operation of equipment cited in the Notice of Violation is necessary, you may be able to obtain a variance from SCAQMD's Hearing Board. A **variance** is an administrative order that allows a company to continue operating without penalties while it takes appropriate steps to meet air pollution control requirements. Proof of specific legal circumstances must be provided before a variance can be granted. Timeliness in seeking such relief will be considered by the Hearing Board. Additional information concerning variances can be found in California Health & Safety Code §§ 42350-42359.5 and at <http://www.aqmd.gov/home/about/hearing-board>.

During a hearing for a variance, you may be represented either by yourself or by your attorney or consultant. You will have the opportunity to present evidence and testimony, and to cross-examine any SCAQMD witness.

If you fail to comply with any order of the Hearing Board, you may be subject to additional civil or criminal penalties set forth in California Health & Safety Code §§ 42400 *et seq.* and 42402 *et seq.*

## How are Notices of Violation resolved?

The SCAQMD General Counsel's office reviews each alleged violation and, based on the facts, determines how best to resolve the allegation. Options available to the General Counsel's office include:

- **Minor Source Penalty Assessment Program**

Certain Notices of Violation may be eligible for resolution through SCAQMD's Minor Source Penalty Assessment Program if they are issued to a minor source or for violations other than emitting air toxics or creating a

public nuisance involving injury or property damage.

If your case is handled by this program, you will receive a letter or phone call from an investigator in the SCAQMD General Counsel's office offering to settle your violation. Settlement terms usually call for a penalty payment and written proof of current compliance. The investigator's name and telephone number are included in the initial settlement letter in the event you would like to discuss the case.

Be prepared to describe any facts about the violation that you believe SCAQMD should know in considering your case. Sharing your knowledge of the facts, possible causes for the violation and plans to avoid future violations will help the investigator arrive at an appropriate disposition. **Be sure to respond by the date indicated in the letter to avoid further legal action.**

If the Minor Source Penalty Assessment Program fails to result in a settlement, your Notice of Violation may be referred to an SCAQMD attorney and handled under the procedures for Civil Prosecution or resolved through a Small Claims Court.

- **Civil Prosecution**

If your case is handled as a civil matter, it will be reviewed by an attorney from the SCAQMD General Counsel's office, who will typically make first contact with you through a letter that asks for information about your case. If the allegations in the Notice of Violation cannot be informally resolved, the SCAQMD is authorized to file a civil lawsuit in court to recover civil penalties. In cases involving serious harm or danger, however, SCAQMD may immediately commence a legal action for civil penalties and a court-ordered injunction. A **mandatory injunction** is a court order compelling a person and/or company to take specific action. A **prohibitory injunction** is a court order compelling a person and/or company to refrain from taking a specific action. Injunctions, which may even lead to shutting down a business, may be sought by SCAQMD to prevent continuing or serious violations or damages from occurring.

- **Criminal Prosecution**

If SCAQMD determines that criminal prosecution is appropriate, the case will be referred to the appropriate state or federal law enforcement agency. That agency will determine if criminal prosecution is warranted.

## Civil and Criminal Penalties

Penalties are determined by California Health & Safety Code §§ 42400 *et seq.* and 42402 *et seq.*
