---

Hello all - Chiquita submits this update pursuant to Condition 15(c) of the Stipulated Order. From December 6, 2023 (the start date of the GCCS Master Expansion) through today, Chiquita has installed a total of three hundred fifteen (315) vertical LFG extraction wells.

No vertical extraction wells were installed last week, and none are currently scheduled for drilling next week. Chiquita is continuing to evaluate site needs and will schedule additional drilling as appropriate.

For reference, the attached figure depicts the wells installed to date.
