

WHY STANFORD RESEARCH PARK

Locating an emerging business, or the R&D branch of an established company in Stanford Research Park is a smart move.

TALENT, CULTURE, AND COMMUNITY

Located adjacent to Stanford University, businesses gain access to a pool of respected professors, researchers, and potential employees. In addition, we are centrally located on the San Francisco Peninsula in the heart of Silicon Valley — a location that's appealing to talented, innovative, and motivated professionals from throughout the SF Bay Area.

Companies are able to attract and retain talent by highlighting our amenities including area restaurants and shopping along with over 100 complimentary learning, wellness, community service, social, and cultural opportunities offered each year — exclusive to the community of employees who work within Stanford Research Park.

COMMUTER SERVICES

Our comprehensive commuter transportation program provides free shuttle connections to nearby rail stations, express commuter buses, subsidized vanpools, and Mike's Bikes — a centrally-located full-service bicycle repair shop.

Resources

The Stanford Research Park Transportation Program provides extensive pre and post-move support to tenant companies and their employees including:

- Pre-move analysis of employee residence zip codes to identify best options
- Personalized 1:1 pre and post move consultations with employees
- On-site commuter information and assistance
- Custom commuter info web page and up-to-date informational newsletters
- Stanford Research Park App for transportation and events in the Park
- On-going company and commuter support from dedicated Stanford Research Park Transportation team

SELECT AMENITIES

Community Hub

The Hub at Stanford Research Park is a vibrant and popular destination where people come together for a bite, a chat, a celebration, one of our community, culture, or wellness events, and more.

Enjoy dining, shopping, and recreation opportunities in and near Stanford Research Park. From a variety of cafes within the Research Park to nearby restaurants, retailers, and more, there's much to experience.

Dining Opportunities

In addition to private cafes at some company properties, some locations, such as Coupa Café in The Hub at Stanford Research Park, are open to all employees of companies in the Park.

California Avenue

Adjacent to Stanford Research Park, California Ave. (AKA "Cal Ave") between El Camino Real and Park Blvd. is home to more than 50 stores and restaurants and hosts a music festival the third Thursday of each month.

Highly Regarded Location

Gain the advantages of proximity to a world-class university and venture capital firms along with a prestigious Palo Alto address. Nestled between the Palo Alto Hills and the San Francisco Bay, tenants enjoy an average of 261 days of sunshine annually at verdant properties adjacent to walking and bike paths along tree-lined streets.

Strategic Partner

Stanford University's ownership and management of the 700-acre Research Park enables us to provide strategic support to entrepreneurs and companies through various stages of growth. Leasing opportunities are available from entire buildings to a set of offices and R&D spaces that fit specific needs.
