

## PART 2

# SECOND THRESHOLD: SHARED UNITY

## REFLECTIONS & DEEPENING

In her teaching, Patricia Albere introduced key elements of the Second Threshold of Unity. Waves of creation are giving us the possibility to move from identifying only as a separate self to experiencing a new identity that can only be accessed through shared unity.

Feel into the world Patricia is introducing - a world based in shared unity. What would that world look and feel like?

## REFLECTIONS & DEEPENING

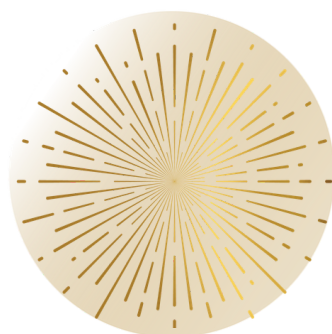

Sense into the emerging possibility of a humanity inside shared unity...

Feel into where your sense of identity would come from and how you would relate to others from inside shared unity.

Why would giving energy to a reality based in shared unity be important?
