

The Sunshine In My Pocket 2 will have a special pattern for video submission of Original Narrative speeches. Students can register for this event by registering in Pattern E. This event will follow the same guidelines as the Original

Narrative speeches presented in person at the tournament. The purpose of allowing video submissions is to give students the opportunity to obtain experience with mediated communication and allow students who cannot attend the tournament a chance to participate. Students may enter a video Original Narrative submission and also enter the in-person event on August 5. Use of the same Original Narrative speech is permitted.

Winners will be announced on August 5 at the awards ceremony for the SIMP 2 at CSU Fullerton.

Videos are due by July 29.

Videos can be uploaded to YouTube or Vimeo but **must** be shared with ACLAForensics@gmail.com on or before July 29.
