

September 14th, 2020

Dear PSCFA Community,

Welcome to the 2020-2021 forensics season! It is time to get the competition year started at the PSCFA Warm-Up, an online synchronous tournament on October 3rd and 4th, 2020. Due to our recent adjustments, the Warm Up will be hosted online, in a video conference style. Despite our new online format, the basics of the traditional Warm Up will stay the same, with a few adjustments.

There are numerous reasons why your team should choose The Warm-Up to start off the competitive year. First, The Warm-Up is a great way to introduce students who are new to competitive collegiate forensics to the activity in a relaxed environment. It also allows returning students to ease into the new year. Second, it is a wonderful way to catch up with all of your forensics colleagues and meet coaches who are new to our region. Finally, it provides the opportunity to try out new topics and approaches to our activity.

KEY POINTS:

- **Registration is due by Tuesday, September 29th at 6:00 PM Pacific time on ForensicsTournament.net**
- To prepare your competitors and judges for this new online format, **visit the PSCFA.org website and under the "Videos" tab, please review the "Online Tournaments" videos.** These will be a huge ease to getting you comfortable competing and judging in this online space.
- Because this is an online tournament, slow internet speeds can cause issues for speakers, judges, and tournament staff. Test your internet speed on SpeakEasy.net. Anything less than 6 mbps upload/download will cause video/audio problems.
- We strongly recommend each school has judges on standby who are familiar with internet tournaments in case there are internet issues for their originally registered judges.
- The tournament will use synchronous video conferencing. Please see the Best Practices section of this invite for tips on how to effectively use the platform.
- We will offer four (4) rounds of Open, Junior, and Novice (divisions might be collapsed due to lack of entries) NFA-LD, NPDA and IPDA debate on Saturday. Sunday will offer the usual two (2) rounds of all PSCFA individual events for Open, Junior, and Novice competitors.
- The awards ceremony will be live-streamed on YouTube.

We look forward to seeing you at The Warm-Up! If you have any questions, please feel free to contact

Thuy Pham, Tournament Director, Mt. San Antonio College

PLEASE BE FAMILIAR WITH THE PSCFA RULE CHANGES FOR ONLINE COMPETITION:

1. Internet Loss/ Connection During Competition:
 - a. IE's Competitors who are giving a speech and lose their internet connection are allowed 3 minutes to reconnect before they forfeit their opportunity to finish the speech. They will then be judged on what was presented before they lost internet.
 - b. Debate Competitors who have their internet disconnect during their speech, the judge will start a running clock until they return to the round then that amount of time over 3 minutes will be deducted from their speech time. If the time for the speech has expired then the debate round will continue with the following speech. Note: In partnered debate, partners cannot finish the speech for the person who dropped.
2. Restrict competitors to the use of a "single camera setup" during the performance.
3. Physical audiences are prohibited from being present for the performance, with the exception of: involuntary audiences (ex: individuals/families who happen to be in the same room), and assistants/aids for individuals with disabilities. Enforcement is up to the discretion of the TD.
4. Prohibit competitors in Duo and RT from competing together in the same physical space in accordance with AFA rules.
5. Prohibit practices that would not be possible in a face-to-face environment (such as motion, video transitions, or audio manipulation) while allowing for the use of screen sharing and virtual visual aids in Individual Events.
6. No persons should participate or contribute to students who are competing during the course of the round.
7. Partners in debate rounds are allowed to communicate with their partner through other lines of communication such as chats, phone calls, other video conferencing platforms, etc.
8. In accordance with NPDA Bylaws; Electronic/laptop flowing by debaters in a round is also acceptable for the coming season. This excludes cutting and pasting previously prepared material as well as flowing done by anyone not in the round on a shared spreadsheet. As with the previous interpretations, this is only for the coming season (2020-2021)

JUDGING

Each school must cover its judging commitment. Please bring your coaches to judge or contact any judges you know & trust who are available for hire. In order for this tournament, to succeed, we need to have plenty of prepared judges. If you are bringing first-time judges, let them know that they must read and sign the PSCFA judge's handbook and complete the F.R.E.D. certification (this may be done online at www.pscfa.org). Also, remind your judges of proper protocol in rounds. It is helpful to instruct them on how to do time signals for limited prep as this is typically an issue at the Warm-Up. Remember, judges may also be returning students who are not competing at the Warm-Up. If you know of any judges available for hire, please send me their contact information.

Debate Commitment: All schools must provide one judge for every two (2) team debate entries or fraction thereof. Penalty fees will be accepted at the discretion of the Tournament Director (If there is sufficient pool of Hired Judges).

Individual Events Commitment: All schools must provide one judge for every five individual event slots per conflict pattern or fraction thereof. Judges for all events must meet qualifications outlined in the PSCFA Handbook and must complete the PSCFA Judge Certification BEFORE being able to judge. **Coaches shall insure the competency of all judges covering your commitment.**

Any school not meeting their judging commitment will be assessed the following fees:

Debate Judges \$75.00 per team (if allowed)

IE Slots Uncovered \$12.00 per slot

Judges must remain available to judge one round beyond the elimination of their last participant. (All judges are committed to judge the first elimination round).

PSCFA Warm-Up 2020 Entry Responsibilities

FEES: In addition to the new fees this year, all teams are still responsible for ANY drop, no-show, or nuisance fees. Uncovered judging fees are available only with the prior approval of the Tournament Director. PSCFA rules state that all schools must cover their debate commitment and 75% of their individual event entries unless the Tournament Director believes there is a sufficient pool of judges to allow a school to pay additional judging penalties.

ENTRY DEADLINE: All entries are due by 6:00 PM on Tuesday, September 29th.

You can register for the PSCFA Warm-Up Tournament using www.forensicstournament.net.

You may make changes to your entry before Wednesday, September 30th at 6:00 PM. Drops are free if reported by the Wednesday deadline. Any and all changes made after Wednesday will be subject to nuisance fees. Any requests for changes made after the website closes should be sent through the “contact tournament director” messaging on the entry site.

time.

- As per changes to the PSCFA bylaws for online competition, competitors in Duo are prohibited from competing together in the same physical space in accordance with AFA rules.

FEES

For '20- '21 competition year, PSCFA will be suspending school & facility/wellness fees, and reducing event fees:

- Individual Events = \$5/entry
- Duo Interpretation = \$10/entry

Competitor Logistics / Best Practices

- All competitors must have a verified text number or email saved on ForensicsTournament.net. **Email is preferred.**
- Coaches can save those (& verify) from the Student Roster page.
- Competitors will receive a text/email with their ePostings information. That message will have a link to view all postings for a particular round.
- The ePostings will have a link to a Live Video Room where they will present. Click that link to go to your round. No logins or passwords are required. Judges will be in the same Live Video Room to listen and rank the round. The tournament will be using the [8x8 video conference room software](#).
- Please do not immediately start to talk when entering a Live Video Room. Another student may be already performing. Please wait to be recognized by the judge.

- Students should remain in the Live Video Room as audience members with both video and audio on to the extent possible. Due to audio feedback loops or bandwidth issues, you may need to mute your audio or video feeds. But ideally, react to the performances like in a face-to-face round.
- Students can, if it fits their particular setup, sit while performing. Judges are instructed *not* to penalize students for sitting while speaking since the particular tech setup may work better while sitting.
- Students are also encouraged to use a mic/headphones since audio quality is much better than with an external mic. Judges are instructed *not* to penalize students for having mics/headphones on.
- We recognize this creates some challenges for certain events. But we trust in the ingenuity of the forensics community to adapt to this new environment. Some students may also have better quality video, lighting, sound, etc. We will all try our best.
- **If a student's internet connection drops or audio quality is poor**, they will be encouraged to call into the video conference room and give their speech with audio only. While not ideal, it will ensure all student's speeches are listened to by a judge. You can get the dial-in information from the info icon in the bottom right of the screen.

Judge Logistics / Best Practices

- All judges must have a verified phone or email saved on ForensicsTournament.net
- Coaches can save those (& verify) from the Judge Roster Page
- Judges will receive a text/email with their eBallot link. Judges should click on that link within 5 minutes of receiving it to indicate that they have "picked up" their ballot.
- On your eBallot you will have all of the competitors in that round along with a link to a live video room. Click that link to go to your video conference room.
- Your eBallot will then have a feedback form where you can type your feedback to the student while they are performing or afterwards. The eBallot also has a timer to make it easy to time each speaker.
- If a judge's keyboard is loud they are encouraged to mute their audio during performances but please leave the video feed on so competitors can receive your visual feedback.
- Judges are instructed *not* to penalize students for sitting while speaking since the student's particular tech setup may work better while sitting.
- Judges are also instructed *not* to penalize students for having mics/headphones on since audio quality is usually much better using a mic/headset.
- Judges are also instructed *not* to penalize students for lighting, video/audio quality, video background to the extent possible.
- **If a judge's internet connection drops or audio quality is poor**, they will be encouraged to call into the video conference room and listen to speeches with audio only. While not ideal, it will ensure all student's

speeches are listened to by a judge. You can get the dial-in information from the info icon in the bottom right of the screen.

- For Impromptu/Extemp, the eBallot will have the quotations/questions listed on it.
