

2026 NOF Async National Championship Extemp Prompts

1. Should Congress ban corporate landlords from purchasing single-family homes as part of its effort to address the U.S. housing affordability crisis?
2. Is the global competition for Greenland's rare earth reserves a strategic race the U.S. can afford to lose to China?
3. Is the rise of AI-powered drug discovery widening the pharmaceutical gap between wealthy nations and the developing world at a moment when global health cooperation is already fraying?
4. Do the Brussels student riots signal a broader European backlash against government spending cuts that could destabilize centrist governments across the continent?
