

## **EVENT SELECTION CRITERIA**

The purpose of our events calendar is to provide visitors with a comprehensive listing of Manitoba activities and events taking place each month.

All approved events must be open to the general public, feature appropriate content, able to accommodate crowds, have the ability to draw visitors from beyond the immediate area and taking place within Manitoba.

Events which we will not include on our website include (but not limited to) local sporting events, camps, socials, opening or closing days, sales (auction, yard/garage, antique, flea markets, rummage) socials, lectures, restaurant openings or promotions, conferences, bingos, poker tournaments, book signings or launches.

All events are approved at the discretion of Travel Manitoba based on the criteria noted above.

Your event will not be added automatically to the calendar when you click "Submit My Event." Submissions will go through a review process to ensure they contain all required information.

After you submit your event, you will be notified via email whether it has been approved or denied for posting on our Events Calendar.

You will typically receive a response within 3-5 business days of submission.

**Travel Manitoba reserves the right to edit all website submissions based on content.**
