

# New Wave Of Glory- Lyrics

## VERSE 1 SOLO

**Alto -** I remember when the glory fell that one camp meeting night  
The preacher was heard preaching how the Christian must live right  
The people started praising God; you could feel the Holy Ghost  
And I just can't describe to you just how the Glory rolled

Keychange Up

**Soprano -** I was sitting in the second row on the fourth seat on the right  
When a holy presence entered that could not be denied  
And before I even knew it I was standing to my feet  
People shouting, people praising you could hear some other weep

Key change Up

**Tenor -** The next thing I remember I was walking down the aisle  
The glory filled the entire room in hallelujah style

## Chorus 2x

We need a new wave of glory let it flood down in our soul  
We need the power of the Spirit to come in and take control  
We need a holy anointing like we've never had before  
(octaves) We need a new wave of glo - ry in our soul

*Musical interlude Keychange down*
