I'm A Pentecostal

Nathaniel Haney

Verse 1:

We've been known to get wild, and let our hair hang down
Drink till we get merry, rolling on the ground
We've cranked up the music and we've danced all around
Shouting hallelujah as His glory came down
It's just our style, the way we do our thing
We're the Pentecostals, baptized in Jesus' name

Chorus:

I'm a Pentecostal, and I am not ashamed
Just read the Book of Acts, we are still the same
We worship only One God, Jesus is His name
We are Apostolic in every way

Verse 2:

Some think we're crazy, others think we're strange
But when I got this Holy Ghost I could not contain
More exciting than a party, higher than a drug
It's the greatest feeling, being washed in His blood
If you're tired of traditions, religion's done you wrong
You're feeling dry and empty, no longer have a song

Verse 3:

The story is not over, things for you can change
You can feel the fire burning, as the Spirit fans the flame
There's millions who have come, and millions on the way
They're leaving their dead churches for this Pentecostal faith
There's a hunger in the world that gets bigger everyday
They're crying out for Pentecost, that is why I say

Chorus:

I am Pentecostal, I am not ashamed
Just read the Book of Acts, we are still the same
We worship only One God, Jesus is His name
We are Apostolic in every way
(repeat)
