

GREAT NEWS!!

As part of the Elk Grove Water Districts' commitment to providing the highest level of customer service and maintaining the affordability of water to customers, we are pleased to announce that there will be **no increases** to your water rates on January 1, 2021. The Elk Grove Water District is proud to be your hometown water supplier and look forward to supplying customers with high quality, safe water along with outstanding customer service for current and future generations!!!

It is important that we have your email address

In the event of a disaster or emergency having your email address on file helps us provide you notifications and alerts. In addition to emergency alerts you will receive water-related information and news.
