

If you don't like meetings, **MAYBE YOU'RE HAVING THEM AT THE WRONG PLACE.**

Connecting with the Visit Mesa representatives was helpful to the success of our Festival. Without their help in connecting me to the businesses and resources in Mesa, Arizona, I would have been completely lost. They are awesome ambassadors of the community and its businesses. Having strong, personal connections with them has been the best part of my work as Chair of the Kennedy Center American College Theater Festival. My experience would not have been half as positive if the Visit Mesa conference team was not so efficient and effective resources for Mesa, Arizona. I am deeply and forever grateful for my work with Visit Mesa, and I recommend this organization for any group wanting to consider Mesa, Arizona as a destination for their conference or travel needs.

I want to share how much we appreciate our partnership. We thought things went very well and this certainly was our best Congress ever by all measures. The comments we received from attendees were overwhelmingly positive and the hotel performed beyond expectations...Our favorite part of the Mesa event was the Visit Mesa Staff. They were outstanding, professional and knowledgeable. They kept in constant communication with us as well.

Working with Visit Mesa was a wonderful experience. They made my job as a PCO a breeze! They went out of their way to show us what about Mesa made it the perfect location for the client's conference, and introduced us to several of their partners that made the event a truly unique experience. Everyone at Visit Mesa was hands-on and organized, and they followed up regularly to make sure that our group was getting the best possible experience. I will definitely be seeking opportunities to work with them again. I am truly grateful for all that they did to make the event a massive success!

“Our organization was seeking a site for our national members conference. The lovely team at Visit Mesa made it an easy choice for our planning committee by offering online orientation materials, an onsite tour and education about conference venues, lodging and the many activities this region has to offer attendees. They paid attention to the type of organization we are and recommended the best in their area to show us that would fit our budget and interests. They were “right on” in their selections and our conference was a huge success. Our attendees loved the area, found it accessible to the airport, appreciated the high quality lodgings, great food and the numerous activities readily available in the area. The staff at Visit Mesa truly went above and beyond to make the planning process personal and professional for our organization. We definitely hope to work with them again.

We sincerely appreciate all the assistance Visit Mesa provided to Next Century Cities as we worked on coordinating the Digital Southwest conference in Mesa. It was a perfect venue, a great collaboration, and certainly ended up being a wonderful conference.

- DEB S., NEXT CENTURY CITIES

“Thank you again for showing us such a wonderful time in Mesa and how successful our conference will be in Mesa! I really enjoyed the hotel site visits and especially seeing your lovely destination. I enjoyed it so much that I am even thinking of bringing my family out the weekend before or after our conference next year. I so appreciate your hospitality and the trip to the Mesa Arts Center was really unique. Looking forward to receiving my package with that lovely glass flower that will always remind me of Mesa, Arizona.”
