

Teaching Life Strategies Through Games

Our mission is to be a positive impact on our community by teaching life strategies through an array of different games. We strive to make learning a fun and exciting experience. Programs are being offered in public, private and charter elementary schools.

Course Titles:

Academic Chess: **K-6th**

We make Chess fun by using story based, exciting lessons! This curriculum is designed to fit the needs of all skill levels. Continuing and new students are welcome. Every chess student will receive an Academic Chess workbook according to their own skill level. The class includes lessons and chess play time each week, a tournament, trophies for the winners, and a magnetic chess set for each student! Chess increases IQ and teaches children to think deeply, gain confidence, solve problems, develop patience, compete well, visualize results and strategize and plan.

Academic Origami: **K-6th**

Introduction to Origami is a fun and exciting class where children will learn the Japanese art of Origami along with a different aspect of Japanese culture each week. Every student will receive an origami instruction sheet on what was covered that day and take home what they make. Students will make an origami box, samurai helmet, ninja star, and several animals such as dogs, cats, cranes and more. They will start with easy creations and get more and more complex. We encourage learning through play and challenges using the origami they make and origami related prizes will be awarded each week. Specific questions should be directed to the Academic Origami at (949) 348-2892.

For more information, check out our website at www.academicchess.com

Masters of the Field:

K-6th

Is an outdoor program where students play fun outdoor games, like capture the flag, while solving academic puzzles. Students bring back pieces of a puzzle and then put it together as a team! There will be math, spelling, science, history, and logic puzzles!! These fun outside games allow children to learn strategy, teamwork, focus, and academic skills while getting a workout! Classes are one hour long and include stretching & warm ups, a wide variety of games paired with new academic curriculum each week. Participants are paired up in teams and compete to solve academic questions while playing activities outdoors! Masters of the Field promotes students to; gain confidence, build teamwork skills, encourages sportsmanship, increases academic knowledge, and learn strategy!

Teaching Life Strategies Through Games

We want to partner with *Y*our school!

These classes will get students engaged and help with the development of their current academic studies. We have enthusiastic and hardworking instructors that use a variety of methods to incorporate current engineering, math, architecture, creative writing, and other related topics and bring them to life. Teaching styles differ from class to class, but stay true to our curated curricula! Children will gain confidence, critical thinking skills, learn organizational and fine motor skills, as well as teamwork and many more life strategies!

Course Titles:

Strategic Magic: The Science of Magic
Grades 1st- 6th

Strategic Magic promotes public speaking through the performance art of magic! Students will learn different magic tricks and will craft some of their own magic gear! Children will learn motor skills, team work, performance skills, and more! Students will present their magic tricks at the end of the session. Each child will receive a magic gift and certification of participation on the last day.

**Engineering w/LEGO® – Crazy Carnival Machines, LEGO® Star Wars®: Tales of the Jedi!,
LEGO® Number Crunchers, and MANY more!!
Grades 1st– 6th**

Strategic Kids will get students working with LEGOs while teaching a wide variety of STEM related topics. Children will learn organizational and fine motor skills, as well as team work and other life strategies! Through this course the students will discover engineering, architecture, storytelling and more! We will be engaging students with fun activities and guided play. Each child will receive a LEGO gift along with a certification of participation on the last day of class.
