Scope of Work:

1. Scope of Work:

In 2026, the OC Fair will celebrate its 136th year and will take place Friday, July 17, through Sunday, August 16. Action Sports Arena is part of the larger OC Fair and comprise an "event within the event" orientation. While entertainment is a highlight of the OC Fair, it is one component of robust programming in agriculture, attractions, amusement, food and beverage, and exhibits which comprise the total OC Fair experience.

The sound system located at Action Sports Arena will require services as outlined in the RFQ. Action Sports Arena is an open-air venue and located outdoor.

The OC Fair & Event Center property enforces a strict noise ordinance in order to mitigate nuisance sound capable of reaching the neighboring communities, the monitoring of which takes place 360 degrees around the property. As such, Contractor shall adhere, with vigilance and without variation, to all detailed sound level information stipulated herein.

Contractor's services shall include providing rental sound equipment, personnel and services for the annual OC Fair, as indicated below.

1. **Minimum Qualification Requirements:**

a. Contractor and/or Contractor Personnel shall have demonstrated understanding of design criteria, technical requirements, and ability to adhere to the overall intent of the specified system design;

b. Contractor and/or Contractor Personnel shall have demonstrated technical ability working with line-array and ground stack type loudspeaker systems as well as the ability to install, operate, and remove multiple sound systems.

c. Contractor and/or Contractor Personnel shall have documented evidence of five (5) years of relevant experience providing similar equipment and services, including installation, monitoring and utilization, for at least four (4) venues equivalent to the OC Fair & Event Center's Action Sports Arena(ASA) meeting the following requirements:

i. A minimum of five (5) or more consecutive days of performances locations in a fixed, non-touring application;

ii. Venues serviced by Bidder had a minimum of 800,000 or more in event-wide attendance;

iii. Bidder was the primary equipment provider; and

iv. Bidder serviced a minimum of two (2) equivalent venues with seating capacity of 4,500+ in 2023 and/or 2024.

d. Contractor shall have knowledge, training, and experience in Event/Equipment Safety Awareness, Audience Safety/Crisis Management, and Electrical Fire Prevention and Abatement.
e. Contractor shall have OSHA 30 and OSHA 10 certification.

A. OVERVIEW OF CURRENT SOUND MITIGATION

A general awareness of all OC Fair sound systems is important to understand the critical task of maintaining specific sound levels for all areas in order to minimize the overall impact of sound from the OC Fair onto surrounding neighborhoods.

1. Four (4) primary sound systems exist within the confines of the OC Fair, three (3) of which are not required as part of the RFQ (a, b and c below), and are discussed in brief so as to understand the impact of OC Fair sound:

a. The Hangar Building Sound System (indoor) is a semi-enclosed venue with a large array system and **NOT** a requirement of this RFQ. It also includes two (2) small sound arrays flown outside to cover a portion of the Main Mall.

b. Action Sports Arena(ASA) Sound System (outdoor) is an open-air venue and **IS** a requirement of the RFQ. The ASA has a semi permanent PA system covering the main grandstand and all other rental bleachers. Additional audio coverage is necessary during the OC Fair to accommodate several types of programming.

c. Plaza Stage (semi outdoor) is located under a large tent that mainly supports community entertainment, Dj's and medium size headline entertainment. Plaza stage is **NOT** a requirement of the RFQ, which also includes (2) medium size ground stack speakers and small stage monitor system.

d. Pacific Amphitheatre (outdoor) is an open-air venue and **NOT** a requirement of the RFQ. However, it is referenced in the RFQ to ensure Contractor is aware of and understands all major sound systems onsite as noise mitigation is of the highest concern to the District in the interest of being a good neighbor to the community as well as to meet legal requirements. The Pacific Amphitheatre consists of a large line array speaker system along with complex stage monitor systems.

2. Although the OC Fair has a noise injunction specifically applied to the Pacific Amphitheatre, property-wide noise mitigation is required. The injunction states that the sound level must not exceed 55 dB at a specific residence near the OC Fair, specifically located at 547 Serra Way. The house is approximately 2,000 feet from the Action Sports Arena. While sound measurements are taken at 547 Serra Way, they are also taken throughout the surrounding neighborhoods to understand noise levels in the community and minimize the impact of OC Fair sound on them. The District requires immediate mitigation of OC Fair noise levels of 55 dB at any residence in the community.

3. All sound systems will continue to have strict sound control measures in place.

B. SOUND MITIGATION AND MONITORING REQUIREMENTS

1. Contractor is an integral part of monitoring Sound Pressure Levels (SPL). Contractor shall have adequate SPL measurement capability at Action Sports Arena, and ensure Contractor Personnel is completely aware of maximum sound levels and capable of complying with all requirements listed herein. Contractor shall control sound levels at the Action Sports Arena by ensuring proper levels are maintained, whether Contractor's staff or visiting engineers are running the equipment.

2. For all venues, maximum, broadband (20 Hz to 15 KHz) noise level, measured at front of house (FOH), shall not exceed an average of 95 dB flat weighted, under any circumstances.

3. For all applicable venues, behind stage measured noise level shall not exceed peaks of 70 dB, flat weighted, under any circumstances. This includes indirect FOH system energy, stage monitors, backline equipment and any reflected energy from the surrounding buildings.

4. The District's objective and ordinance requirements are to keep SPL at or below 55 dB in ALL surrounding neighborhood areas where residences are located.

5. Any combination of factors resulting in noise levels exceeding 55 dB in surrounding neighborhoods must result in a lowering of sound level until the level in the neighborhood is within compliance. In summary:

   a. No more than 55 dB in any neighboring residential area.

   b. No more than 70 dB, flat weighted, behind stages.

   c. No more than 95 dB, flat weighted, at FOH.

   d. If any combination of the above results in greater than 55 dB in any area where housing is located, levels shall be immediately decreased until compliance is met.

6. Contractor shall take measurements during each event day to ensure that the level is at or below 95 dB at FOH, 70 dB at the rear of the stage.

7. In all cases, Contractor shall:
   a. Not interfere with surrounding vendor activities.
   b. Maintain a level consistent with the program material and audience size to be covered.
   c. Ensure sound level 10 feet from speakers will not exceed 90 dB if speakers are in close proximity to audience members.

8. Contractor shall apply all necessary conditions to each sound system based upon the nature of the amplified program, distance from audience, overall sound system size and distance from surrounding areas.

9. Contractor shall bear complete responsibility for ensuring compliance as indicated herein and as determined necessary by District Management at all times.

10. Contractor shall immediately respond to requests from District personnel to reduce sound levels.

C. GENERAL REQUIREMENTS

14. All dimensions, quantities, schedule, and other requirements have been estimated as close to final figures and layout as possible, as currently known for the 2026 OC Fair, but are subject to final requirements and final approval by District Management.

15. All sound equipment and systems must be secured in a safe manner to prevent tipping, lifting or falling due to wind or other influences. Weights, anchors or other items used to secure equipment must be included in the cost. Contractor shall be responsible for determining appropriate method to secure equipment and will be held liable for any issues resulting from unsafe installation.

16. The Equipment Lists have been included in Paragraph F – Venue Descriptions, Equipment Lists and Requirements below for the purposes of illustrating the size and scope of the typical annual OC Fair. It in no way obligates the District to request or secure each or any item in the quantities listed. The District cannot guarantee a minimum and/or maximum amount of equipment used for any performance. The equipment list for the 2026 OC Fair and subsequent annual fairs shall be developed annually and will change from year to year based on performance themes and number of performances. The actual final requirements will be contingent upon final schedule. Contractor shall charge the District for actual equipment utilized and/or as specified on the Financial Proposal Bid Form.

17. The final layout of sound equipment and systems will be identified in conjunction with District Management and/or visiting productions. It is Contractor's responsibility to ensure accurate placement.

18. The annual OC Fair setup is subject to change from year to year.

19. The District may require items not called out in this RFQ. The District is to be billed at a rate no greater than the amount charged for similar items listed in the IFB for the applicable event. Such rates shall be determined and agreed upon by the District prior to the delivery and installation of items.

20. Upon contract award, Contractor shall immediately begin an analysis and development of sound system for the 2026 OC Fair and shall have a finalized plan no later than the end of May 2027 or as otherwise agreed upon by Contractor and the District. At this time, Contractor shall present all applicable permits, licenses, and certifications for equipment and personnel, as applicable, as required in Part VI, Section 9 – Licenses, Permits and Certifications.

21. The speaker type, focus and placement are designed to minimize sound spill into nearby populated areas. Contractor's front-end system and monitors will tie into the District's system. The District system includes all amplifiers, processing and speakers for the four (4) audience grandstands.

e. Contractor shall provide a front of house (FOH) system/cable system capable of tying into the District's established audio system, and shall be augmented by arena monitor speakers supplied by Contractor.
