On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. “Economic Sanctions” refers to sanctions imposed by the U.S. government in response to Russia’s actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

At the direction of the State, Contractor shall discontinue the use of any new or previously undisclosed GenAI technology that materially impacts functionality, risk or contract performance, until use of such GenAI technology has been approved by the State.

Failure to disclose GenAI use to the State and submit the GenAI Reporting and Factsheet (STD 1000) may be considered a breach of the contract by the State at its sole discretion and the State may consider such failure to disclose GenAI and/or failure to submit the GenAI Reporting and Factsheet (STD 1000) as grounds for the immediate termination of the contract. The State is entitled to seek any and all relief it may be entitled to as a result of such non-disclosure.

The State reserves the right to amend the contract, without additional cost, to incorporate GenAI Special Provisions into the contract at its sole discretion and/or terminate any contract that presents an unacceptable level of risk to the State.

1. Scope of Work:

A. OVERVIEW OF CURRENT SOUND MONITORING AND MITIGATION

A general awareness of all District sound systems is important to understand the critical task of maintaining specific sound levels for all areas in order to minimize the overall impact of sound from the property onto surrounding neighborhoods. Four (4) primary sound systems exist within the confines of the district property, all of which are included in the scope of this RFP. In addition to the four (4) systems described below, there maybe be other stages and/or noise generating activities on grounds such as carnival and food stand PA/sound systems, etc. that Contractor may be engaged by the District to address. See Part VIII, Attachments A-G for examples.

1. Pacific Amphitheatre

- a. The Pacific Amphitheatre is an 8,200-seat, open-air outdoor venue which currently consists of a large line array speaker system along with complex stage monitoring systems.
- b. This venue is primarily used during the annual OC Fair as a premier music venue, typically featuring a 23-day headline concert series with acts such as Steve Miller Band, the OffSpring, The B-52s, and Alan Jackson. Most recently, the summer concert series has been expanded to included up to 12 additional shows (pre- and post-Fair).
- c. During the annual OC Fair, the venue generally operates Wednesday through Sunday from 6:00 pm to 10:00 pm.
- d. Year-round events may include Pacific Symphony, Easter Sunday services, commencement ceremonies, music festivals, cultural events and expanded headline concerts throughout the year.
- e. All events with amplified sound taking place at the Pacific Amphitheatre require sound monitoring and mitigation services determined by the District.
- f. A Decibel Level and Sound Covenant for the Pacific Amphitheatre was established as a result of litigation brought against the District regarding noise complaints and must be adhered to at all times. Details of the Covenant are included below in Paragraph 5.A and 5.B
- g. A detailed plan view and photos of the Pacific Amphitheatre is included in Part VIII, Attachment C.

2. The Hangar

- a. The Hangar is a 23,000 square foot semi-enclosed concert and event venue with seating for approximately 1,430 people and additional standing room for 225 individuals.
- b. During the annual OC Fair, various community acts take place on stage throughout the day, followed by a mid-level headliner/tribute band performance.
- c. During the annual OC Fair, the venue typically operates from Wednesday through Friday 12:00 noon to 11:00 p.m. and on Saturday and Sunday from 11:00 a.m. to 12:00 p.m.
- d. The Hangar sound system for the annual OC Fair currently consists of a line-array based stage system and includes two (2) small arrays flown outside to cover a portion of the Main Mall. The current sound system design is intended to focus the sound into the audience area using a high-Q line array approach. This approach currently includes a cardioid sub-woofer array, with the requirement to reduce, as much as possible, rear speaker radiation.
- e. System frequency response is intended to cover the range of 50 Hz to 12 kHz +/- 4 dB in all seating and audience areas in The Hangar (Main Mall system excluded).

- f. Year round, The Hangar is used for a variety of events, including boxing and other fighting events, music festivals, food festivals, corporate events, community performances, etc. Sound monitoring and mitigation services will be required on an event-by-event basis.
- g. A detailed plan view and photos of The Hangar has been included in Part VIII, Attachment D.

The speaker type, focus and placement are designed to minimize sound spill into nearby populated areas. The District system includes all amplifiers, processing and speakers for the four audience grandstands.
- f. A detailed plan view and photos of the Action Sports Arena has been included in Part VIII, Attachment E.

- a. The Country Meadows Stage is a medium sized outdoor stage, operating under a large truss structure surrounded by temporary seating and several food and commercial vendors.
- b. The Country Meadows sound system for the annual OC Fair currently consists of a medium line-array based PA system with limited amount of subs due to proximity to animals and vendors.
- c. During the annual OC Fair, the stage typically operates Wednesday through Friday from 12:00 p.m. to 10:00 p.m. and Saturday and Sunday from 12:00 p.m. to 11:00 p.m.

OCFEC CONTRACT MANAGER'S COMMENTS: Juan and his team at ROS have performed optimally adhering to all contract guidelines. They remain very communicative and provide all documentation (invoices and shipper tickets) on time. When we have had to request an extra dumpster container or adjust timing of pick up, Juan and team have been able to accommodate our requests.
