Event Information

RECYCLING / SB 1383

SB 1383 is a California statute commonly known as the Short-Lived Climate Pollutants: Organic Waste Reductions Law. The statute requires food generator entities including, but not limited to, large venues, large events, county fairgrounds and state agencies to recycle their organic waste including, but not limited to, food and green material waste, paper products, biosolids and digestate and in some cases, to donate edible food. SB 1383 recovery requirements include a 75% reduction in landfilled organic waste and a 20% increase in recovery of currently disposed edible food by 2025. The OC Fair & Event Center is already actively engaged and fully committed to meeting SB 1383 guidelines by way of in-house recycling initiatives and measures, but is also critically dependent upon compliance of all year round show promoters/producers while on property during their event. It is of utmost importance that all operators adhere to direction provided by OCFEC staff.

SOUND ORDINANCE

Per City Ordinance, loud noise is not allowed during move in and move out between the hours of 9:00 PM to 8:00 AM. Please refer to Exhibit E. Sound Monitor/Engineer must be on site for sound check and all music performances. **All outside (on grounds) amplified music/sound must end by 10:00 PM on Friday and Saturday, and by 9:00 PM Sunday through Thursday unless otherwise approved in writing by OCFEC.** Bull horns or similar devices are not allowed. Vendors are prohibited from playing any sound systems (radios, public address systems, portable speakers, etc) that create amplified sound. Any proposed outdoor music/sound producing entertainment (i.e. - DJ, stage performance, etc) must be discussed with and approved by OCFEC Sound Engineer prior to the event. **Installation of suitable barriers is also required by OCFEC as a sound mitigation measure (see above sound mitigation terms).** **Should the Sound Engineer/Sound Monitor or Event Coordinator request that the volume of music, sound or noise be lowered or turned off, SOCA Fights must comply with request.**

STATE FIRE MARSHAL

EXHIBIT E

NOISE ORDINANCE:

A general awareness of all OC Fair & Event Center sound systems is important to understand the critical task of maintaining sound levels within a specific window for all areas in order to minimize the overall impact of sound from the OC Fair on surrounding neighborhoods.

OC Fair sound systems will have strict sound control measures in place.

ALL dB references are measured as FLAT response, NOT 'A' weighted. This applies to all dB levels referenced herein.

The OC Fair has a noise injunction specifically applied to the Pacific Amphitheatre. However, this applies to all events.

The injunction states that at a distant house (547 Serra Way) the level must not exceed 55 dB. The house is approximately 2,000 feet from the Grandstand Arena. The injunction applies to all sound emanating from the OC Fair, DURING Fair time.

For all year round events taking place outside of fair time, there is a 5 dB reduction in maximum levels. In other words, the 55 dB maximum is reduced to a 50 dB maximum.

There is a strict 10:00 p.m. curfew in effect unless an extension of curfew is approved in writing by the CEO or COO of the 32nd District Agricultural Association (District) prior to the event.

GENERAL SOUND LEVEL GUIDELINES, APPLIED TO ALL AREAS:

NOTE: outside of fair, all references to 55 db are lowered to 50 dB.

- 1) Maximum, broadband (20 Hz to 15 KHz) noise level, measured at FOH, will not exceed peaks of 92 dB under any circumstances.
- 2) Behind the stage, measured at noise level will not exceed peaks of 70 dB under any circumstances. This includes direct FOH system energy, stage monitors, backline equipment and any reflected energy from the surrounding buildings.
- 3) Note that the objective is to keep SPL at or below 55 dB in ALL areas where houses are located.
- 4) Any combination of 1 or 2 above resulting in noise levels exceeding 55 dB in surrounding neighborhoods must result in a lowering of level until the level in the neighborhood is within compliance.

IN SUMMARY:

NOTE: outside of fair, all references to 55 db are lowered to 50 dB.

- 1) No more than 55 dB in any area where a home is located.
- 2) No more than 70 dB behind stages.
- 3) No more than 92 dB at FOH.
- 4) If any combination of the above results in greater than 55 dB in any area where housing is located, levels will be immediately decreased until compliance is met.

Measurements will be taken during each event to insure that the level is at or below an average of 92 dB at FOH, 70 dB at the rear of the stage.

Every effort will be taken by the Contractor to insure that the noise ordinance is strictly adhered to.

- 1) In all cases, apply reasonable care to:
 - a) Not interfere with surrounding vendors activities.

Exhibit F - Assembly Bill 1499

If you haven't already heard, the California Legislature enacted Assembly Bill 1499 (AB 1499). The bill became effective July 1, 2018 and requires retailers (commercial exhibitors/vendors, merchants, concessionaires, etc) who make sales of tangible personal property at a California state-designated fairground to separately report the sales amount on their Sales and Use Tax Return. The OC Fair & Event Center (OCFEC) is a California state-designated fairground. When you operate at the OCFEC as well as at other state-designated fairgrounds, on-premises sales that you and/or your vendors generate are to be reported separately for each specific fairground.

Please note that AB 1499 does not impact current state and local sales tax charged in Orange County or in other California locales. It does, however, direct the California Department of Tax and Fee Administration (CDTFA) to reallocate $\frac{3}{4}$ of 1% of the total amount of reported gross receipts and to appropriate these monies to the Fair and Exposition Fund for specified fairground operational and infrastructure needs projects. This funding contributes to upgraded fairground facilities that will help event producers and vendors grow their businesses.

Below are links to helpful information on how this may affect you and your vendors.

Please take the time to read through the information and pass along to all of your vendors who will be on OC Fair and Event Center property for your upcoming event.

If you or your vendors have any questions, please contact the California Department of Tax and Fee Administration's customer service line at 1-800-400-7115. Representatives are available Monday - Friday (except state holidays), from 8:00 a.m. to 5:00 p.m. (Pacific time).

Exhibit S

TRUSSING/TEMPORARY SPECIAL EVENT STRUCTURE CONSTRUCTION & SAFETY CODE

For purpose of public and worker safety, the OC Fair & Event Center (OCFEC) requires that all show producers/promoters, commercial exhibitors/merchants and concessionaires incorporating trussing and other structural components such as signage, banner frames and flag poles into their exhibit/booth design or concession area must adhere to all manufacturer specifications and OSHA guidelines as well as any other applicable state and local regulation when setting up planned exhibitor/merchant or concession space. ***See below California Fire Code (CFC) reference language specific to Temporary Special Event Structures.*** Other related safety practice requirements also apply when personnel climb onto trussing, and/or stand on concession trailer roofs. Safety measures must include, but are not limited to:

- ☐ Required fall arrest system (harness and line use) by personnel exposed to fall hazard during installation, maintenance/wash and teardown periods.
- ☐ Specified installation of base plates and anchoring systems.
- ☐ Specified blocking schemes and pinning devices.

Show producers/promoters, commercial exhibitors/merchants and concessionaires not adhering to above guidelines, or deemed to be operating in an otherwise unsafe manner, may be directed to cease operations. Violations can result in counseling and other corrective measures up to and including notice of contractual default. If condition is not corrected within a reasonable remedy period based upon severity of situation or immediately when absolutely necessary, or if occurrence is a repeat violation, matter can be cause for loss of directly related rental space and/or dismissal from the OC Fair & Event Center as well as loss of consideration for future participation at the OC Fair and other planned events.

Advance request and OCFEC/State Fire Marshal review process: During application and contractual rental agreement development timeline, Renter shall submit a request to respective contracting department for OCFEC review and approval of Renter's intent to install trussing units or other such structures surrounding or adjoining designated concession or commercial exhibitor space. If provided OCFEC approval to proceed to next steps of structure planning, Renter is then required by OCFEC and California State Fire Marshal to provide structure (trussing) installation construction documentation, inclusive of a stamped engineering drawing prepared by a California registered structural engineer in accordance with the California Building Code and a letter of conformance from the party responsible for actual building of the structure. Documentation shall encompass structural integrity, wind loads and flame spread requirements, and must be available to OCFEC and fire code official upon request for review and approval in order to permit installation of planned temporary structure. In and of itself, submission of documents to OCFEC or fire code official does not constitute approval. Basis for addressing all specified construction related requirements is to protect against potential of structural collapse/upending and shock hazards. See below document content and procedural list for additional preparatory reference.

Construction documents: Construction documents shall be prepared by a California registered design professional (structural engineer) in accordance with the California Building Code and ANSI E1 .21 where applicable. Documents shall include:

1. A summary sheet showing the building code used, design criteria, loads and support reactions.
2. Detailed construction and installation drawings.
3. Design calculations.
4. Operating limits of the structure explicitly outlined by the registered design professional including environmental conditions and physical forces.
5. Effects of additive elements such as video walls, supported scenery, audio equipment, vertical and horizontal coverings.
6. Means for adequate stability including specific requirements for guying and cross-bracing, ground anchors or ballast for different ground conditions.

Designation of responsible party: The owner of the temporary special event structure shall designate in writing a person to have responsibility for the temporary special event structure on the site. The designated person shall have sufficient knowledge of the construction documents, manufacturer's recommendations and operations plan to make judgments regarding the structure's safety and to coordinate with the fire code official.

Operations plan: The operations plan shall reflect manufacturer's operational guidelines, procedures for environmental monitoring and actions to be taken under specified conditions consistent with the construction documents.

Means of egress – The means of egress for temporary special event structures shall comply with California Fire Code.

For official code standards, refer to the California Fire Code (CFC) section applicable to Temporary Special Event Structures.

Exhibit T - Generative AI Disclosure Obligations

GENERATIVE AI DISCLOSURE OBLIGATIONS

The following terms are in addition to the defined terms and shall apply to the Contract:

- ☐ "Generative AI (GenAI)" means an artificial intelligence system that can generate derived synthetic content, including text, images, video, and audio that emulates the structure and characteristics of the system's training data. (Gov. Code § 11549.64.)

Contractor shall immediately notify the State in writing if it: (1) intends to provide GenAI as a deliverable to the State; or (2), intends to utilize GenAI, including GenAI from third parties, to complete all or a portion of any deliverable that materially impacts: (i) functionality of a State system, (ii) risk to the State, or (iii) Contract performance. For avoidance of doubt, the term "materially impacts" shall have the meaning set forth in State Administrative Manual (SAM) § 4986.2 Definitions for Gen AI

Notification shall be provided to the State designee identified in this Contract.

At the direction of the State, Contractor shall discontinue the provision to the State of any previously unreported GenAI that results in a material impact to the functionality of the System, risk to the State, or Contract performance, as determined by the State.

If the use of previously undisclosed GenAI is approved by the State, then Contractor will update the Deliverable description, and the Parties will amend the Contract accordingly, which may include incorporating the GenAI Special Provisions into the Contract, at no additional cost to the State.

The State, at its sole discretion, may consider Contractor's failure to disclose or discontinue the provision or use of GenAI as described above, to constitute a material breach of Contract when such failure results in a material impact to the functionality of the System, risk to the State, or Contract performance. The State is entitled to seek any and all remedies available to it under law as a result of such breach, including but not limited to termination of the contract.

State of California Division of Fairs & Exposition SCTC, F-31 (revised 12/19)

EXHIBIT E

NOISE ORDINANCE:

A general awareness of all OC Fair & Event Center sound systems is important to understand the critical task of maintaining sound levels within a specific window for all areas in order to minimize the overall impact of sound from the OC Fair on surrounding neighborhoods.

OC Fair sound systems will have strict sound control measures in place.

ALL dB references are measured as FLAT response, NOT 'A' weighted. This applies to all dB levels referenced herein.

The OC Fair has a noise injunction specifically applied to the Pacific Amphitheatre. However, this applies to all events.

The injunction states that at a distant house (547 Serra Way) the level must not exceed 55 dB. The house is approximately 2,000 feet from the Grandstand Arena. The injunction applies to all sound emanating from the OC Fair, DURING Fair time.

For all year round events taking place outside of fair time, there is a 5 dB reduction in maximum levels. In other words, the 55 dB maximum is reduced to a 50 dB maximum.

There is a strict 10:00 p.m. curfew in effect unless an extension of curfew is approved in writing by the CEO or COO of the 32nd District Agricultural Association (District) prior to the event.

GENERAL SOUND LEVEL GUIDELINES, APPLIED TO ALL AREAS:

NOTE: outside of fair, all references to 55 db are lowered to 50 dB.

- 1) Maximum, broadband (20 Hz to 15 KHz) noise level, measured at FOH, will not exceed peaks of 92 dB under any circumstances.
- 2) Behind the stage, measured at noise level will not exceed peaks of 70 dB under any circumstances. This includes direct FOH system energy, stage monitors, backline equipment and any reflected energy from the surrounding buildings.
- 3) Note that the objective is to keep SPL at or below 55 dB in ALL areas where houses are located.
- 4) Any combination of 1 or 2 above resulting in noise levels exceeding 55 dB in surrounding neighborhoods must result in a lowering of level until the level in the neighborhood is within compliance.

IN SUMMARY:

NOTE: outside of fair, all references to 55 db are lowered to 50 dB.

- 1) No more than 55 dB in any area where a home is located.
- 2) No more than 70 dB behind stages.
- 3) No more than 92 dB at FOH.
- 4) If any combination of the above results in greater than 55 dB in any area where housing is located, levels will be immediately decreased until compliance is met.

Measurements will be taken during each event to insure that the level is at or below an average of 92 dB at FOH, 70 dB at the rear of the stage.

Every effort will be taken by the Contractor to insure that the noise ordinance is strictly adhered to.

- 1) In all cases, apply reasonable care to:
 - a) Not interfere with surrounding vendors activities.
 - b) Maintain a level reasonably consistent with the program material and audience size to be covered.
 - c) At no time will the audio level exceed 90 dB 50 feet from the audio system.
 - d) If speakers are in close proximity to audience members, sound level 10 feet from speakers will not exceed 85 dB.
 - e) The Noise Injunction is to be respected and adhered to at all times.
- 2) Contractor is specifically responsible for insuring compliance as indicated herein.
- 3) Contractor will respond to requests from District personnel to reduce levels as required.

2. ☐ Primary Coverage - The contractor/renter's insurance coverage shall be primary and any separate coverage or protection available to the fair or any other additional insured shall be secondary.
3. ☐ Contractor's Responsibility - Nothing herein shall be construed as limiting in any way the extent to which contractor/renter may be held responsible for damages resulting from contractor/renter's operations, acts, omissions or negligence. Insurance coverage obtained in the minimum amounts specified above shall not relieve contractor/renter of liability in excess of such minimum coverage, nor shall it preclude the fair from taking other actions available to it under contract documents or by law, including, but not limited to, actions pursuant to contractor/renter's indemnity obligations. **The contractor/renter indemnity obligations shall survive the expiration, termination or assignment of this contract.**
4. ☐ Certified Copies of Policies - Upon request by fair, contractor/renter shall immediately furnish a complete copy of any policy required hereunder, with said copy certified by the underwriter to be a true and correct copy of the original policy. Fairtime Carnival Ride contractors must submit copies of actual liability insurance policies, certified by an underwriter, to California Fair Services Authority (CFSA).

III. Participant Waivers

1. ☐ For hazardous participant events (see subsection 4. below), the contractor/renter agrees to obtain a properly executed release and waiver of liability agreement (Form required by contractor/renter's insurance company or CFSA Release and Waiver Form) from each participant prior to his/her participation in the events sponsored by contractor/renter.
2. ☐ Contractor/renter shall ensure that any party renting space from the contractor/renter with, or for, hazardous participant events (see subsection 4. below) obtains a properly executed release and waiver of liability agreement (Form required by contractor/renter's insurance company or CFSA Release and Waiver Form) from each participant prior to his/her participation in the events and provides a copy to the contractor/renter.
3. ☐ The contractor/renter shall provide copies of all executed release and waiver of liability agreements required under subsections 1. and 2. above to the Fair at the end of the rental agreement.
4. ☐ Hazardous participant events include, but are not limited to, any event within the following broad categories: Athletic Team Events; Equestrian-related Events; Extreme Attractions; Freefall Attractions; Mechanical Bulls; Simulators; Motorized Events; Rodeo Events; and Wheeled Events, including bicycle, skates, skateboard, or scooter. Contact California Fair Services Authority, Risk Management Department at (916) 921-2213 for further information and for CFSA Release and Waiver Form.

2. Resolution of Contract Disputes (PCC 10240.5, 10381)

If, during the performance of this agreement, a dispute arises between contractor and Fair Management, which cannot be settled by discussion, the contractor shall submit a written statement regarding the dispute to Fair Management. A decision by Fair Management shall be made to the Contractor in writing, and shall be final and conclusive. Contractor shall continue to perform contract requirements without interruption during the dispute period.

3. Non-Discrimination Clause

During the performance of this Agreement, Contractor and its subcontractors shall not deny the contract's benefits to any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status, nor shall they discriminate unlawfully against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. Contractor shall insure that the evaluation and treatment of employees and applicants for employment are free of such discrimination. Contractor and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12900 et seq.), the regulations promulgated thereunder (Cal. Code Regs., tit. 2, §11000 et seq.), the provisions of Article 9.5, Chapter 1, Part 1, Division 3, Title 2 of the Government Code (Gov. Code §§11135-11139.5), and the regulations or standards adopted by the awarding state agency to implement such article. Contractor shall permit access by representatives of the Department of Fair Employment and Housing and the awarding state agency upon reasonable notice at any time during the normal business hours, but in no case less than 24 hours' notice, to such of its books, records, accounts, and all other sources of information and its facilities as said Department or Agency shall require to ascertain compliance with this clause. Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. (See Cal. Code Regs., tit. 2, §11105.)

Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Agreement.

Contract modification, when allowable, may be made by formal amendment only.

5. Assignment

This Agreement is not assignable by the Contractor, either in whole or in part, without the consent of the State in the form of a formal written amendment.

6. Termination

The State reserves the right to terminate any contract, at any time, upon order of the Board of Directors by giving the contractor notice in writing at least 30 days prior to the date when such termination shall become effective. Such termination shall relieve the contractor of any further payments, obligations, and/or performances required in the terms of the contract.

Contractor may submit a written request to terminate this agreement only if the State should substantially fail to perform its responsibilities as provided herein.

However, the agreement can be immediately terminated for cause. The term "for cause" shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of the contract. In this instance, the contract termination shall be effective as of the date indicated on the State's notification to the Contractor.

This agreement may be suspended or cancelled without notice, at the option of the Contractor, if the Contractor or State's premises or equipment are destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service, or in the event the Contractor is unable to render service as a result of any action by any governmental authority.

SCTC, F-31 (revised 10/01)

7. Governing Law

This contract is governed by and shall be interpreted in accordance with the laws of the State of California.

8. Conflict of Interest (PCC 10410, 10411, 10420)

Current State Employees (PCC 10410):

- 1) No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.
- 2) No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

Former State Employees (PCC 10411):

- 1) For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.
- 2) For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service. If

Contractor violates any provisions of above paragraphs, such action by Contractor shall render this Agreement void. (PCC 10420).

9. Contractor Name Change

An amendment is required to change the Contractor's name as listed on this Agreement. Upon receipt of legal documentation of the name change the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

EXHIBIT E

NOISE ORDINANCE:

A general awareness of all OC Fair & Event Center sound systems is important to understand the critical task of maintaining sound levels within a specific window for all areas in order to minimize the overall impact of sound from the OC Fair on surrounding neighborhoods.

OC Fair sound systems will have strict sound control measures in place.

ALL dB references are measured as FLAT response, NOT 'A' weighted. This applies to all dB levels referenced herein.

The OC Fair has a noise injunction specifically applied to the Pacific Amphitheatre. However, this applies to all events.

The injunction states that at a distant house (547 Serra Way) the level must not exceed 55 dB. The house is approximately 2,000 feet from the Grandstand Arena. The injunction applies to all sound emanating from the OC Fair, DURING Fair time.

For all year round events taking place outside of fair time, there is a 5 dB reduction in maximum levels. In other words, the 55 dB maximum is reduced to a 50 dB maximum.

There is a strict 10:00 p.m. curfew in effect unless an extension of curfew is approved in writing by the CEO or COO of the 32nd District Agricultural Association (District) prior to the event.

GENERAL SOUND LEVEL GUIDELINES, APPLIED TO ALL AREAS:

NOTE: outside of fair, all references to 55 db are lowered to 50 dB.

- 1) Maximum, broadband (20 Hz to 15 KHz) noise level, measured at FOH, will not exceed peaks of 92 dB under any circumstances.
- 2) Behind the stage, measured at noise level will not exceed peaks of 70 dB under any circumstances. This includes direct FOH system energy, stage monitors, backline equipment and any reflected energy from the surrounding buildings.
- 3) Note that the objective is to keep SPL at or below 55 dB in ALL areas where houses are located.
- 4) Any combination of 1 or 2 above resulting in noise levels exceeding 55 dB in surrounding neighborhoods must result in a lowering of level until the level in the neighborhood is within compliance.

IN SUMMARY:

NOTE: outside of fair, all references to 55 db are lowered to 50 dB.

- 1) No more than 55 dB in any area where a home is located.
- 2) No more than 70 dB behind stages.
- 3) No more than 92 dB at FOH.
- 4) If any combination of the above results in greater than 55 dB in any area where housing is located, levels will be immediately decreased until compliance is met.

Measurements will be taken during each event to insure that the level is at or below an average of 92 dB at FOH, 70 dB at the rear of the stage.

Every effort will be taken by the Contractor to insure that the noise ordinance is strictly adhered to.

- 1) In all cases, apply reasonable care to:
 - a) Not interfere with surrounding vendors activities.
 - b) Maintain a level reasonably consistent with the program material and audience size to be covered.
 - c) At no time will the audio level exceed 90 dB 50 feet from the audio system.
 - d) If speakers are in close proximity to audience members, sound level 10 feet from speakers will not exceed 85 dB.
 - e) The Noise Injunction is to be respected and adhered to at all times.
- 2) Contractor is specifically responsible for insuring compliance as indicated herein.
- 3) Contractor will respond to requests from District personnel to reduce levels as required.

RECYCLING / SB 1383

SB 1383 is a California statute commonly known as the Short-Lived Climate Pollutants: Organic Waste Reductions Law. The statute requires food generator entities including, but not limited to, large venues, large events, county fairgrounds and state agencies to recycle their organic waste including, but not limited to, food and green material waste, paper products, biosolids and digestate and in some cases, to donate edible food. SB 1383 recovery requirements include a 75% reduction in landfilled organic waste and a 20% increase in recovery of currently disposed edible food by 2025. The OC Fair & Event Center is already actively engaged and fully committed to meeting SB 1383 guidelines by way of in-house recycling initiatives and measures, but is also critically dependent upon compliance of all year round show promoters/producers while on property during their event. It is of utmost importance that all operators adhere to direction provided by OCFEC staff.

Any proposed outdoor music/sound producing entertainment (i.e. - DJ, stage performance, etc) must be discussed with and approved by OCFEC Sound Engineer prior to the event. **Installation of suitable barriers is also required by OCFEC as a sound mitigation measure (see above sound mitigation terms).** Should the Sound Engineer/Sound Monitor or Event Coordinator request that the volume of music, sound or noise be lowered or turned off, FoodieLand LLC must comply with request.
