

Child Find Public Notice

From the West San Gabriel Valley Special Education Local Plan Area (SELPA) educational services are available for individuals with disabilities birth through 22 years of age

Does your child need extra support?

The West San Gabriel Valley Special Education Local Plan Area (WSGV SELPA) is a group of 14 public school districts servicing students with disabilities across the region. We work together to provide programs that support a variety of learning and developmental needs such as deaf and hard of hearing, orthopedic impairment, Autism, Early Start/preschool programs amongst many others.

How Does it Work

1. **Referral:** If you think your child may need support, contact your local school or districts special education department.
2. **Assessment:** With your consent, your child may be evaluated to determine their needs based off of suspected disability.
3. **IEP Meeting:** A team- including parent/guardian- will meet to decide eligibility and services based on the students assessment results.

Local Education Agencies (LEAs) within the WSGV SELPA offer programs for individuals between the ages of birth and 22 years of age, who have:

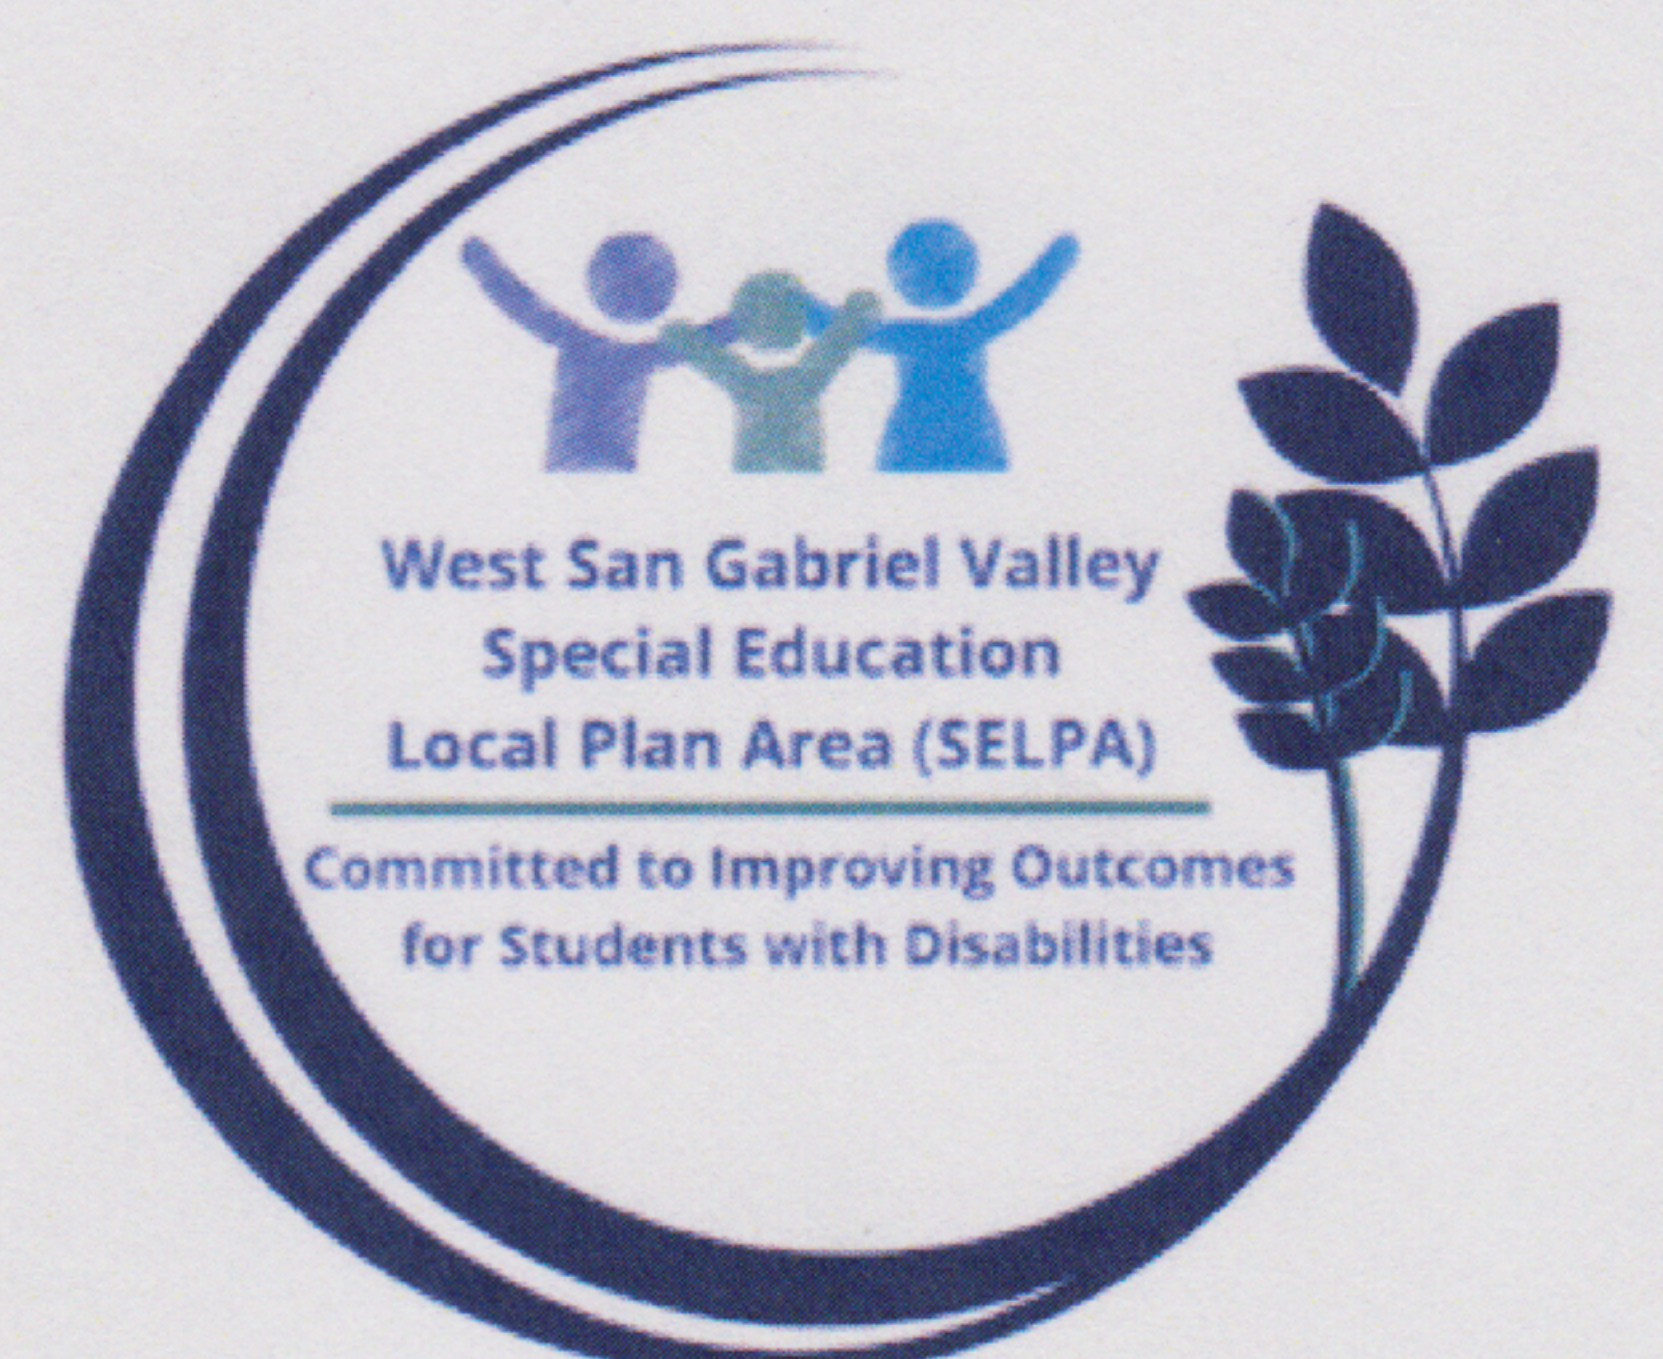

- Speech and Language Delays
- Autism
- Learning Difficulties
- Visual and/or Hearing Impairments
- Intellectual Disabilities
- Developmental Delays and more...

Private School Families

If your child attends a private school within the WSGV SELPA boundaries and you suspect a disability, you are encouraged to call the special education department in the school district where the private school is located (District of Service) or your local school district (District of Residence).

For information about Early Start, ages 0-36 months, please call WSGV SELPA at (626) 412-1438
