

SpringWater Weekly

Sept. 27th, 2019

Every week at Springwater, I get a better understanding of the history of the school and what makes this place special. This week, we had a flooring installer here this week and he echoed the perception of so many people coming to do work out here, "This is a really cool school, the kids get to spend so much time outside, I wish my kid could go to a school like this."

Springwater is a great place to be and, as with all schools, there is still work to be done. This week we are going to focus on Caring for Others. We watched this fun music [video](#) at Morning Meeting this week related to caring for others. We then talked about the fact that while it doesn't require much effort to care for friends, it can be much more challenging to show care for people we may not get along with. Being in a school with the same people for several years can lead to both friendships and frustrations. When we are frustrated with, or tired of another person how do we dig deep and still see them as a person and treat them with care? It would be great if you could spend time as a family sharing your values with your kids related to this important idea.

We had our first enrichment classes this week following Friday Field study. Check in with your child to learn more about what they did. Finally, if your child will not be able to participate in Friday Field Study, please keep them home for the morning, with everyone in the field, we do not have additional staff available to supervise students in the building.

Do the math - -I have a math puzzle for you this week:

Our school address is 16491 S. Springwater Road.

Use addition and the numbers of our address. (You can use as many or as few numbers as you like but you can only use the numbers once, you can use "1" twice because there are two of them.)

How many prime numbers can you make? How many non prime numbers can you make?

Last week's solution
Flipped out

Eat yogurt at Menchies and support Springwater--Oct. 2nd 5-8 pm

Springwater gets 20% of the sales when we mention Springwater during purchase.
