

Dear Parents:

We made it through our first month of school! We are off to a great start to the year. Thank you all so much for following our Covid procedures. Our numbers for quarantines are extremely low and this is due to the vigilance of our staff and families. Please continue to self-monitor and err on the side of caution when it comes to decisions about whether or not to send your child to school or not if they are experiencing any symptoms.

We have had so many positive things occur during this first month. We just distributed 100 new Chromebooks, our new server has been installed, the students are using the new portable desks, and our students are utilizing so much of our recently purchased technology. Our cross country teams are in full swing and performing extremely well. Our 5K race was amazing and a lot of fun. We have had two great events with our St. Mary's families as we prepare for the joining of our two schools next year. The pool party was excellent and last night we held an open house for the St. Mary's families. The future is truly bright for St. Lawrence School!

God Bless!

Mr. Detzel
