## ***Letter from Rev. Kathianne Lewis, D.D.***

Dear Potential New Member,

Thank you for considering membership at the Center for Spiritual Living. This consideration is beneficial to both the Center and to you, because it allows you to know if this is your spiritual home. What it's really about is a match – a connection. It's about finding a place that allows your heart to soar and at the same time gives you the opportunity to create even more meaning and purpose in your life.

As with every relationship, whether it be with an individual, your family or an organization you belong to, you can only get out of a relationship as much as you put in. I invite you to jump in and become active in ways that work with your interest and schedule. Bring your love, bring your prayers, bring your talents, and bring your treasure. It's all needed. There is no larger parent organization "out there" somehow supporting the Center for Spiritual Living. We support ourselves and all who come to our programs and services. And we do that because we're supported by our members.

Thank you so much for considering membership; and whether you join this church or not, its ministers, staff, Board of Trustees, and all of its volunteer leaders are here to support you, to love you, and to create a place where you can spiritually flourish. If you want to join us, now is a good time.

Much love to you,

Rev. Kathianne Lewis, D.D.

## ***What We Believe***

We believe in God, the Living Spirit Almighty; one indestructible, absolute and self-existent Cause. This One manifests Itself in and through all creation. The manifest universe is the body of God; it is the logical and necessary outcome of the infinite self-knowingness of God.

We believe in the incarnation of the Spirit in us and that every person is an incarnation of the One Spirit.

We believe in the eternality, the immortality and the continuity of the individual Soul, forever and ever expanding.

We believe that the Kingdom of Heaven is within and that we experience this Kingdom in the degree that we become conscious of it.

We believe the ultimate goal of life is to experience complete emancipation from all discord of every nature, and that this goal is sure to be attained by all.

We believe in the Unity of all Life, and that the Highest God and the Innermost God is one God.

We believe that God is personal to all who feel this Indwelling Presence.

We believe in the direct revelation of Truth through the intuitive and spiritual nature of humanity, and that anyone may become a revealer of Truth and live in close contact with the Indwelling God.

We believe that the Universal Spirit, which is God, operates through a Universal Mind, which is the Law of God; and that we are surrounded by the Creative Mind, which receives the direct impress of our thought and acts upon it.

We believe in healing through the power of this Mind. We believe in the control of conditions through the power of this Mind.

We believe in the eternal Goodness, the Eternal Loving-Kindness and the Eternal Givingness of Life to all.

- Ernest Holmes

## **Questions & Answers about Making an Intentional Gift**

### **Why do we include intentional giving as an expectation of membership?**

The Center for Spiritual Living is a dynamic, powerful living community. Part of this happens by providing giving opportunities for our members. Planned giving follows Science of Mind principles; such giving offers each of us a way to invest in making positive changes in ourselves and our world. Giving back to the source of our spiritual nourishment is part of spiritual practice.

As a practical matter, the center is an organization with staff, physical facilities, and other expenses. Your pledge not only keeps our doors open, but also allows us to plan for the future: to see when and where we can add staff and programs to serve you and the greater community more fully. Knowing what dollars we can **count on** assists us in being mindful of our resources, ensuring a healthy organization. You may not know that the operational costs to provide our current level of service, with some margin of growth, is approximately \$60 per seat for each of our three services on Sundays. Our members contribute the majority of financial resources to meet those needs. We are so grateful for that kind of support and value the role each member plays in our overall well-being by their giving.

### **How does it work?**

Once a year, the Center for Spiritual Living asks you to prayerfully and thoughtfully make a specific dollar intentional gift to be given during the upcoming or remaining year. You may give your tithe, offerings, or gifts on a weekly, monthly, quarterly, or annual basis.

### **Does the money given by members pay for all expenses in our budget?**

The answer is no. However, the intent is to cover most of the expected expenses. Generally speaking, the goal is to raise approximately 70% of the annual organization budget through intentional giving by members and through the annual giving campaign. The balance of the money needed to operate comes from classes, seminars, workshops, and other gifts. Again, our efforts allow the leadership of the center to accurately forecast income, which enables us to make better financial decisions. Therefore, more time can be spent to meet your needs and the needs of the church.

### **If my circumstances change during the year, can I change my intended gift?**

Yes. Once a quarter, you will receive a statement via email of your giving. You may increase or decrease your intended gift at any time. This program is not designed to be a bill you owe, but rather a gift you give that transforms your life and supports the spiritual growth of this community.

## ***Questions & Answers about Making an Intentional Gift***

### **What if I don't think I can give financially right now?**

Declaring your Intentional Giving is part of your commitment of membership. Members are committed to support the community and collectively the members are owners of the community. When you own, you declare financial responsibility and accountability. We know our spiritual community as a vehicle for accomplishing the work of Spirit and our financial commitment is an investment in that work. Each year when you renew your financial commitment to give to the community, you renew your membership to the Center for Spiritual Living.

Ernest Holmes, Founder of Science of Mind, reminds us that what we can see in our mind becomes our reality. Think about committing yourself to a goal and trusting the law of prosperity. The world is full of individual who have trusted God to provide, based on their willingness to give. Do you have anything to lose?

### **I hear people talk of tithing. What is it?**

Tithing is a practice of giving grounded in the sacred teachings of many philosophies. It was a spiritual practice in which individuals were expected to give one-tenth of their harvest back to God. Tithing is a principle where we give back to our Spiritual Source. Individuals who tithe give 10% of their income to their spiritual source. When you ask someone why they tithe, you will always hear about the abundance giving with a tithing consciousness creates in their lives. They have abundance in love, friends, careers, peace, and financial resources. Tithing is about faith--the knowingness that God will meet your every expectation and the Law of Circulation is working in your life.
