

## FAQ's for Serving in Little Village

### **When will Little Village officially reopen?**

Our ability to regather children is dependent on several factors, including having enough members to serve. Our hope is to offer the first phase of Little Village - classrooms for 1's 2's and 3's - beginning in early to mid-January.

### **What ages will be offered when Little Village reopens?**

Our hope is to offer Little Village initially for 1's, 2's and 3's with the goal of expanding to all preschoolers as we move through the spring. We will open additional age groups as soon as we have enough members serving to fill those rooms.

### **Do I have to serve every Sunday?**

No, but you certainly may! Most roles in Little Village are best served by those who can commit to either a **weekly** or **bi-weekly** schedule. But if you're able to serve with a different frequency - **once a month** or as a **sub** - please apply! We will gladly work to add you to the schedule based on your availability. We will ask for an initial commitment to serve from January - May.

### **If I serve on a Sunday, will I also be able to attend service?**

Yes. Our priority for you as a member is to attend worship in person if that is what you feel comfortable doing. We will work with you to make sure you are registered for service on the Sundays you also serve in Little Village.

### **If I have previously served with children or students, will I also need to renew my background check or Ministry Safe training?**

While you will be required to walk through the revised application, interview, and policy and procedures training, we will only renew background checks and Ministry Safe Trainings that have expired. A member of the NextGen Team is available to walk through the Ministry Safe Training with you if needed.
