Re: Receipt of Claim – L2230022

Dear Mr. and Mrs. Leung:

We received your claim regarding property damage/loss resulting from an oak tree that fell on your property on January 5, 2023.

We are currently investigating the claim and will notify you of our findings.

If you have any questions, please don't hesitate to contact me at (408) 630-2213 or at [dcahen@valleywater.org](mailto:dcahen@valleywater.org)

Sincerely,

**WARNING: IT IS A CRIMINAL OFFENSE TO FILE A FALSE OR FRAUDULENT CLAIM (Penal Code Section 72 and 550)**

I have read the matters and statements made in the above claim and I know the same to be true of my own knowledge, except to those matters stated upon information and belief and as to such matters I believe the same to be true. I certify under penalty of perjury that the foregoing is TRUE and CORRECT.

Signed this 22 day of MARCH, 20 23

Claimant's signature

*Charneise Leung*

Government Code Section 945.6 provides that, with limited exceptions, any suit brought against a public entity must be commenced:

- (1) If written notice is given of a denial of claim in accordance with **Section 913**, not later than six months after the date such notice is personally delivered or deposited in the mail.
- (2) If written notice is not given of a denial of claim in accordance with **Section 913**, within two years from the accrual of the cause of action.

Describe how the incident or loss happened <sup>page 1/3</sup>  
and the reason you believe the ~~Santa Clara~~  
Santa Clara Valley Water District is responsible  
for your damages:

On 4/5/2023, the main trunk of a ~~large~~<sup>huge</sup> oak tree  
that belongs to Valley Water District fell into  
our backyard and damaged our property,  
including the chain link fence that was installed  
two years ago and also our wooden deck with  
a lattice pergola. We reported the incident to  
Valley Water right the way and talked to  
Mrs. Lillian Dennis who sent us the claim form  
for these damages claims.

This is page 2 of the damage claim:

Cent'd: We have no electricity for over 3 days, we can not cook, and the food in the ~~refrigerator~~ fridge were spoiled.

The lattice Pergola is now dangerously offset from the vertical support and could fall down and cause serious injury to anyone nearby.

The deck contractor <sup>deck</sup> does not want to just only repair the <sup>that was</sup> ~~portions~~ destroyed and the "offset" pergola, but rebuild the whole deck with a new pergola for  $\approx \$25,000.00$

We are claiming only a portion of the deck <sup>and pergola</sup> damage  $\$7,900.00$

(See attached photos and quotes from contractors.)

## Damages Claims And Items

Tree torn down the main PG&E power line,  
causing a total power outage for 3 and  $\frac{1}{2}$  days on  
1/5, 1/6 and 1/7/2023

	<input type="checkbox"/> Hand Delivered:	<input checked="" type="checkbox"/> District Counsel
<input checked="" type="checkbox"/> E-mail: COB	<input checked="" type="checkbox"/> Risk Management	
<input type="checkbox"/> Other: _____	<input checked="" type="checkbox"/> COB	
	<input checked="" type="checkbox"/> BOD (District #): 7	

**With certain exceptions, claims for personal injury or property damage MUST be filed within six months of the incident giving rise to the claim. Claimant must complete each section. If information is unknown, write "unknown" in the appropriate box. Please use additional pages if necessary. Please attach itemized receipts, witness statements, photos and all other documentation that you believe will be helpful to process your claim. Claimant MUST sign and date the form; see last page.**

Name of Claimant: Chester Hayes				
Address of Claimant: 18686 Rosalind Lane		City: San Jose	State: CA	Zip: 95120
Mailing Address to Which Notices Should be Sent if Different From Above:		City:	State:	Zip:
Home Phone Number: 408-997-1224		Cell Phone Number: 408-781-3632		Work Phone Number:
Is this claim being filed on behalf of a minor? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		If so, please indicate minor's date of birth: _____ Relationship to the minor: _____		
Date and time of incident or loss: 3/14/2023 afternoon	Location of incident or loss (address): 18686 Rosalind Lane, San Jose, CA 95120		Is there a police report? <input type="checkbox"/> Yes If Yes, Police Report #: <input checked="" type="checkbox"/> No	

Describe how the incident or loss happened, and the reason you believe the Santa Clara Valley Water District is responsible for your damages (*Please attach additional sheets if necessary*):

A large branch from a pine tree planted by the Water District on the Water District's Santa Teresa Water Treatment Plant property was dislodged and came crashing down onto my property and destroyed a portion of my property line fence as well as destroying three Italian Cypress trees that were about six feet tall. The tree branch showed signs of decay.

If the Water District had utilized the services of an Arborist to inspect and take care of the Water District's trees to remove high risk or decayed tree branches, there would not have been a broken branch coming down destroying part of my property. Allowing the lateral branches of the trees to grow to the point where they cannot be reasonably supported increases the risk of further incidences of heavy branches breaking away from the trunk possibly causing more damage. In addition, since the planting of the trees by the Water District, it appears that none of the trees on the District's property near my property line have ever been trimmed or inspected by an Arborist.

Perhaps the Water District should consider hiring a professional Arborist to inspect and make sure the trees are sufficiently trimmed and decayed limbs removed to prevent harm to individuals and/or property.

# CLAIM AGAINST THE SANTA CLARA VALLEY WATER DISTRICT

## California Government Code Sections 900 and following

Page 2 of 2

In detail, describe the damage or injury (*Please attach additional sheets if necessary*):

The property line fence has to be repaired where damaged. A description of the fence damage is as follows: There are two 4"x4" redwood fence posts that are broken at their base and need replacement. Also, there were two 4"x4" redwood fence posts that needed straightening and reinforcement. In addition, there are two 8 foot sections of fence between three posts that need replacement. Each section consists of three 2"x4" redwood boards covered with a heavy duty 12.5 gage 2" x 4" wire screen grill. In addition, there are three Italian Cypress trees about 6 feet tall that were crushed from the impact of the falling branch and needed to be replaced.

List Name(s) and contact information of any witness(es) or District employee involved (if any):

## MEMORANDUM

FC 14 (02-08-19)

**TO:** Board of Directors

**FROM:** Darin Taylor,  
Chief Financial Officer

**SUBJECT:** Monthly and Quarterly Report of Investments  
as of March 31, 2023

**DATE:** April 18, 2023

### SUMMARY:

In accordance with Santa Clara Valley Water District ("Valley Water") Investment Policy and California Government Code sections 53607 and 53646, the Treasurer's Monthly and Quarterly Report of Investments as of March 31, 2023 is attached. This report complies with Executive Limitation-4 Financial Management.

### RATIONALE:

California Government Code section 53607 requires the Treasurer of the local agency who has been delegated with the authority to invest funds to provide a monthly report of the investment transactions to the legislative body. Furthermore, Government Code Section 53646 recommends that the Treasurer submit a quarterly report to the legislative body of the local agency to assist with its fiscal oversight role. The quarterly report shall include the types of investment, issuer, date of maturity, par, market value and dollar amount for all securities, investments and moneys held by the local agency. The report shall also confirm compliance of the portfolio with the investment policy as well as a statement denoting the agency's ability to meet its expenditure requirements for the next six months. This report is provided to the Board in compliance with Board Investment Policy and Government Code sections 53607 and 53646.

### STAFF ANALYSIS:

#### Interest Rates

The yield-to-maturity of the investment portfolio as of March 31, 2023, was 1.76%. This represents an increase of 0.48% compared to the yield of 1.28% for December 31, 2022.

Table 1 below summarizes the historical yield-to-maturity of the investment portfolio.

Table 1 - Portfolio Yield-to-Maturity (365 days equivalent)				
Fiscal Year	September Q1	December Q2	March Q3	June Q4
2022	1.06%	1.07%	1.03%	1.02%
2023	1.21%	1.28%	1.76%	

## Investment Strategy

In accordance with the strategy recommended by the Investment Committee and approved by the Board, staff continues to ladder the portfolio. When funds mature, if the money is not needed for current expenditures, they are reinvested in securities that have maturities of up to five years.

The average life of the portfolio on March 31, 2023 was 468 days (1.3 years), well within the 2.5-year average life threshold permitted by the Investment Policy. During the quarter, the Treasury Officer purchased 8 securities totaling \$33.5M with average yield-to-maturity 4.9%.

Valley Water's portfolio is invested with a primary goal of safety. To accomplish this goal, staff only invests in securities that are permitted by California Government Code and the Valley Water Investment Policy. These securities have high credit ratings and maturities of no more than 5 years. As of March 31, 2023, approximately 68% of the portfolio was held in US Government Treasury/Agency Notes and Municipal Bonds, 30% was held in liquid funds (Local Area Investment Fund/money market mutual fund, CD's) and 2% in supranational/corporate medium-term notes.

The current short-term interest rate environment correlates to the Federal Funds target rate. At the March 21-22, 2023 meeting, the Federal Open Market Committee (FOMC) stated: "The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. In support of these goals, the Committee decided to raise the target range for the federal funds rate to 4-3/4 to 5 percent and anticipates that some additional policy firming may be appropriate in order to attain a stance of monetary policy that is sufficiently restrictive to return inflation to 2 percent over time."<sup>1</sup>

Staff recommends continuing the strategy of investing in short-term, liquid instruments such as money market mutual funds, Local Area Investment Fund (LAIF), high grade corporate medium-term notes and short-term U.S. government treasury and agency securities to maintain the goals of safety and liquidity of the investment portfolio. Staff will look for value within the five-year horizon and will match maturities with cash flow requirements as opportunities arise.

<sup>1</sup> <http://www.federalreserve.gov/monetarypolicy/fomccalendars.htm>

## Interest Income

For the quarter ended March 31, 2023, Valley Water received total interest earnings of \$2.9 million. Table 2 below illustrates the historical interest earnings of the investment portfolio.

<b>Table 2 – Portfolio Quarterly Interest Earnings</b>		
<b>Fiscal Year</b>	<b>Quarter Ending:</b>	<b>Earnings*</b>
2022	September	\$1,741,431
	December	\$1,693,398
	March	\$1,739,714
	June	\$1,828,672
	<b>Total</b>	<b>\$7,003,215</b>
2023	September	\$2,309,729
	December	\$2,505,486
	March	\$2,876,849
	June	
	<b>Total</b>	<b>\$7,692,064</b>

*\* Earnings include interest earned plus accrued interest and adjustments for premiums/discounts for the period.*

## Performance Measurement

Valley Water benchmarks its portfolio performance against the 24-month floating average of the 2-year Treasury note. This benchmark approximates relatively closely to the holdings of Valley Water. However, there is no benchmark that will exactly mimic the Valley Water's mix of investments.

For the quarter ended March 31, 2023, the investment portfolio yield-to-maturity was 1.76% while the benchmark yield was 2.15% for a negative difference of 0.39%. Yields on the 2-year Treasury note reflect the gradually increasing interest rate in the short end of the yield curve. Valley Water's portfolio yields are modestly lower because of the staggered maturity investment strategy described above which incorporates holding to maturity certain securities purchased in times of lower rates.

As a result of the current market environment, the redemption of lower-yielding callable securities and the increase in cash outflows due to the planned capital improvement expenditures, the yield on the investment portfolio is expected to remain modest over the next few quarters but may gradually increase over time. The portfolio will continue to be invested according to the tenets of safety, liquidity and yield in conformance with the California Government Code and Valley Water Investment Policy.

Subject: Monthly and Quarterly Report of Investments as of March 31, 2023

### Summary of Cumulative Changes in the Investment Portfolio

The book value of the portfolio was approximately \$670 million on March 31, 2023 compared to \$655 million on December 31, 2022, an increase of \$15 million or 2.3%. The increase reflects the normal fluctuations of the Valley Water's investment portfolio due to receipt of expected revenues (e.g. property taxes, water utility revenues, etc.) which are offset by various planned expenditures, such as, Watersheds/SCW debt service, and other quarterly expenditures. The historical quarterly changes in book value are summarized in Table 3 below.

Table 3 – Portfolio Book Value				
Fiscal Year	Quarter Ending:	Book Value	\$ Change	% Change
2022	September	\$665,132,641	(\$101,230,859)	-13.2%
	December	\$630,102,645	(\$35,029,996)	-5.3%
	March	\$691,619,673	\$61,517,028	9.8%
	June	\$846,631,604	\$155,011,931	22.4%
2023	September	\$730,294,325	(\$116,337,279)	-13.7%
	December	\$655,139,839	(\$75,154,486)	-10.3%
	March	\$670,073,201	\$14,933,362	2.3%
	June			

### Portfolio Market Valuation

In accordance with California Government Code, all public agencies must report unrealized gains and losses in their investment portfolios on a quarterly basis. Table 4 below shows the market value of Valley Water's investments as reported by ICE Data Pricing & Reference Data, LLC on March 31, 2023 compared to the amortized book value.

Table 4 – Portfolio Market Value	
Market Value	\$647,330,912
Amortized Book Value	\$670,073,201
Unrealized Gain (Loss)	(\$22,742,290)

If the entire portfolio had been liquidated on March 31, 2023, Valley Water would have received \$22.7 million less than the total amortized cost of the portfolio. This is the result of a direct relationship between changes in market interest rates and the value of investment securities. As general market interest rates increase, the value of investments purchased at lower yields decrease, and as general market interest rates decrease, the value of investments purchased at higher yields increase.

Valley Water's Investment Policy dictates a buy-and-hold strategy in which the Valley Water holds all securities to their maturity under normal operating conditions. When an investment matures, Valley Water is paid the full-face value of that security and therefore incurs no loss or gain. Since the portfolio was not liquidated, the "loss" was unrealized and had no impact on the portfolio size or yield.

## Collateralization of Outstanding Repurchase Agreements

As of March 31, 2023, Valley Water had no outstanding repurchase agreements.

## Debt Information

The Investment Policy and governmental regulations require that Valley Water report on the investment of bond proceeds. Investment of bond proceeds is governed by the legal bond documents and applicable governmental regulations. In particular, these funds can be invested for longer periods to match the terms of the outstanding bonds.

## Investment of Debt Proceeds

Table 5 below summarizes the debt proceeds investment information as of March 31, 2023. The investments of the debt proceeds are in accordance with the provisions for Permitted Investments as specified in each corresponding Indenture/Trust Agreement.

<b>Table 5 – Debt Proceeds Market Value</b>			
<b>Description</b>	<b>Market Value 03/31/2023</b>	<b>Yield at market</b>	<b>Maturity Date</b>
WS 2012A Reserve Fund	\$5,349,504	4.37%	9/30/2023

WU 2023D Capitalized Interest Fund	\$6,875,964	3.71-4.63%	5/31/2026

\*MM=Money Market

## Compliance with State Law and Valley Water Policy

For the quarter ended March 31, 2023, all investments were in compliance with the Investment Policy and Board Executive Limitation 7.6.

Valley Water holds several Certificates of Deposit (“CD”) issued by various banks and credit unions. The CD account balances are generally maintained at or below the Federal Deposit Insurance Corporation (FDIC) insurance maximum of \$250,000 per CD, with the exception of the following CDs which are separately insured by Letters of Credit from the Federal Home Loan Bank of San Francisco with a minimum of 105% insurance value for account balances in excess of the \$250,000 federal insurance limit: Community Bank of the Bay, Meriwest Bank and Technology Credit Union. The Excite CD matured on 01/18/23 and Valley Water didn't renew it as the renewal rates were not favorable as compared to U.S. Treasury notes.

On October 13, 2020, the Board authorized placing a deposit of up to \$14 million in a Certificate of Deposit Account Registry Service (CDARS) account with the Bank of San Francisco as part of the transaction related to the establishment of a \$170 million syndicated bank line of credit. On April 28, 2022, an additional deposit of \$4 million was placed in the CDAR with the Bank of San Francisco. The total Bank of San Francisco CDAR account balance of \$18 million is insured by the FDIC as each individual CD held within the CDAR account is maintained at less than the \$250,000 maximum FDIC insurance limit.

The investment portfolio has been structured to ensure that sufficient monies will be available to cover anticipated expenditures in the coming six months.

### **Socially Responsible Investments**

In a unanimous vote on December 12, 2017, the board voted to amend the investment policy to promote socially responsible investment (SRI) practices, and adopted a set of moral, ethical, environmental, social and governance guiding principles (ESG) to lead investment decisions. The board approved prioritizing local investment possibilities with California based banks and banks with less than \$10 billion in assets, to keep funds in the local economy and promote local job growth. On August 11, 2020, the board enhanced the ESG policy to keep a minimum of 4% of liquid cash in banks with up to \$10 billion in assets and 1% in banks with up to \$2 billion in assets to promote Valley Water's investments in local community banks.

Total CDs and deposits placed with local banks and credit union is \$45.2 million for the period ended March 31, 2023. This represents approximately 6.8% of the overall Valley Water portfolio's book value. The book value decreased by 78K due to maturing of Excite CD. The change in Valley Water's investment in CDs and collateralized deposits is summarized in Table 6 below.

<b>Table 6 – Certificate of Deposit (CDs) &amp; Money Market Deposit Summary</b>				
<b>Description</b>	<b>Book Value 12/31/2022</b>	<b>Book Value 03/31/2023</b>	<b>Increase/ (Decrease)</b>	<b>% Change</b>
CDs/Collateralized Deposit Accounts	\$45,277,965	\$45,199,581	(\$78,384)	(0.17%)

### **Community Bank Investments**

Valley Water Board has implemented an innovative financing approach which promotes small, local banks participation in Valley Water's financing business. The Board Executive Limitation (EL) 4.7.7 requires that Valley Water only engage with banks that have an Environmental, Social, and Governance (ESG) rating from at least one professional ESG research company of at least average/medium (or its equivalent). Banks located within the nine Bay Area counties with total assets below \$10 billion are exempt from this limitation. As a result of this policy, the following banking arrangements have been established with institutions meeting these criteria:

- \$20 million in Revolving Lines of Credit from three small local California banks (Bank of San Francisco, Community Bank of the Bay and First Foundation Bank).
- \$45 million in investments in various small, local banks' various deposits that are secured by either the Federal Depository Insurance Corporation or collateralized by Letters of Credit from the Federal Home Loan Bank of San Francisco.
- Three separate letters of credit issued by Technology Credit Union, based in San Jose, totaling \$841,000 to Valley Water to meet the U.S. Army Corp's financial assurance requirements for the operations of Upper Penitencia, Coyote Ridge, and Rancho Cañada de Pala Preserve watershed projects.
- Valley Water underwriting pool is limited to US investment banks with ESG ratings of medium or better with preference for small, local California banks.

Dear SCV Board Members,

Please read this comment into the public record.

My name is Charming Evelyn and I am writing in from Southern CA. I am deeply concerned about the dismissiveness of the impact reporting on the Delta Tunnel EIR/EIS.

To say that the impact to Delta Smelt is less than significant when Delta Smelt have not made an appearance in the Delta since 2018, is really misguided. If it wasn't for the hatcheries that release salmonids and Delta smelt, there would be zero Delta Smelt. This year Salmon fishing was called off, how can you say less than significant impact with a straight face?

Of course maybe what was meant, was that there is no impact because there is no smelt to be found!

No significant impact to water quality - really? How about the impact right now occurring, so much so, that there is a new desalter facility, Antioch for the Bay area because of sea water intrusion into a once pristine water source caused by fresh water diversions. Let us not ignore the impacts that are all ready in effect because of excess flow diversions.

Last but not least - Tribal Cultural impacts - it is a poor excuse to say there are no benchmarks to correctly assess impacts. It's very simple - meet with every Tribal community and ask, actually have a dialog, do not just check off a box with one or two meetings and say you met the criteria for Tribal engagement.

Regards,

Charming Evelyn
