3. APPROVAL OF MINUTES

3.1 APPROVAL OF MINUTES

It was moved by Committee Director Jim Beall, seconded by Director Richard P. Santos and unanimously carried, to approve the June 23, 2023, Environmental Creek Cleanup Committee meeting minutes as presented.

4. REGULAR AGENDA ITEMS

4.1 UPDATE ON VALLEY WATER'S ENCAMPMENT CLEANUP OPERATIONS

Jennifer Codianne reviewed the materials as outlined in the agenda item and answered questions as needed. Special Guests of San Jose Police Department, Street Crimes Unit, Sgt. Scott Williams and Sgt. Pierre Nguyen reported on the services, training, and support they provide for the encampments.

The Environmental Creek Cleanup Committee discussed the following: Valley Water creek cleanups, police patrols in unhoused camps, was a question on the service providers, the use of social workers onsite, and the degree of training San Jose police officers receive relating to mental health issues. Director Eisenberg requested that the unhoused be included in any policy conversations relating to collaborative efforts to address mental health among the unhoused.

Public Comments:

- Gail A. Osmer stated her appreciation for this project and thanked Hon. Pam Foley (City of San Jose' Councilmember) for her support.
- Eric Ha noted his concerned about the unhoused encroaching along his back fence and has safety concerns and asked for police patrol.
- Ryan Golz (Brookdale) was wondering if it was possible to relocate the porta potties at Guadalupe River near Blossom River Dr.

The Environmental Creek Cleanup Committee took no action.

4.2 FOLLOW-UP PRESENTATION BY DESTINATION: HOME

Chad Bojorquez of Destination: Home reviewed the materials as outlined in the agenda item and answered questions as needed.

The Environmental Creek Cleanup Committee discussed the following: potential increase in funding and/or resources being distributed differently, mental health concerns, and Valley Water to help promote the production of homes (tiny) to address the homelessness issue, and infrastructure.

 - Second Installment - \$1.9M (October 30, 2023)
 - City to provide quarterly reports
 - Presentation by City at upcoming November 17, Joint Board Meeting

Land Use Consultant

- Staff is in discussions with a land use consultant for a potential engagement to assist Valley Water in assessing its land holdings and identifying the sites that are most viable for potential housing.
- County of Santa Clara Office of Supportive Housing has also offered its own assistance in evaluation of Valley Water sites.
- When the site evaluation process is complete, staff will present the viable options to the Committee.

The Coalition on Homelessness v. CCSF

- A recent order by a 3 judge panel of the US Court of Appeals, 9th Circuit, Northern District, memorialized an agreement between the parties (Coalition on Homelessness and the City of San Francisco) that a person is not involuntarily homeless “...if they have declined a specific offer of available shelter or otherwise have access to such shelter or mean to obtain it”.
- This definition of “involuntarily homeless” is consistent with Valley Water’s program for responding to encampments and continues to align with *Martin v. Boise* and subsequent cases.

DATE: Sept. 26, 2023

On Sept. 26, 2023, at approximately 10:30 a.m., two males, one brandishing a knife, confronted and threatened Valley Water staff working along Calabazas Creek downstream of Mission College Blvd. in Sunnyvale. Police were called and responded, and the knife-wielding aggressor was located and arrested. The second male was not located. Staff should be vigilant and use caution while working in the area.

General Precautionary procedures

Valley Water workers should exercise caution when entering any area.

- Be aware of your surroundings. Pay special attention to the presence of individuals.
- Be mindful of your location. Know egress and ingress routes and maintain a sense of how you might exit the area quickly.
- If individuals are observed or encountered with weapons, do not confront them.
 - If undetected and far from the threat, keep your distance and attempt to get farther away from the threat unnoticed. Leave the area immediately. CALL 9-1-1.
- If in immediate proximity to a person with a weapon, do not confront them. Casually attempt to place distance between you and the threat, using as much cover as possible (trees, fences, etc.) CALL 9-1-1 as soon and safe as possible.
- When providing the location and subject descriptions, recall as much specific information about the person and any objects they may have been carrying.
- Safely remain in an area, if possible, until police arrive.
- Report the incident to your supervisor and Valley Water Security when safe to do so, and only after you have CALLED 9-1-1.

Please contact Loyd Kinsworthy at ext. 2499 or 408-489-2701 with any questions or concerns related to this incident.

Firearms Arrest along Guadalupe River

Street Crimes Officers contacted three individuals along the Guadalupe River upstream Branham Lane on August 10.

- One individual was arrested for possession of tear gas and metal knuckles.
- Another individual was arrested for five (5) outstanding felony warrants and possession of narcotics.
- The third individual was arrested for being a felon in possession of a sawed-off shotgun, a felony warrant for robbery, and narcotics possession.

Clean Camps, Clean Creeks Program

Clean Camps, Clean Creeks Program is under development now to encourage good neighbor behaviors by keeping camps tidy along Valley Water maintained waterways to reduce encampment generated trash, debris and hazardous pollutants. Unsheltered community members will have the option to enroll in our program in order to receive an incentive for keeping their camp clean.

Clean Camps Requirements:

- Organized belongings
- Trash organized and ready for pickup

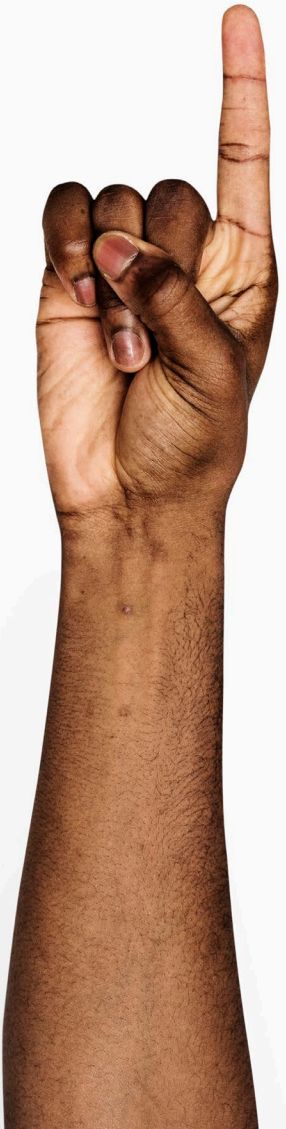

Portable Toilets:

- Portable Toilets distribution, 18 installed thus far.
- Location and total distribution are determined by amount of encampments in the area.
- Portable toilets will be serviced and inspected daily.

AB 1469 (Kalra) Valley Water Assisting Unsheltered People

- Amends District Act to authorize Valley Water to assist unsheltered people in consultation with a city or County, to provide solutions or improve outcomes.
- Will allow Valley Water flexibility to use district land and a part of an existing ad valorem property tax for lasting encampment solutions.
- Intent is to work with local cities or County to construct low barrier navigation centers, supportive housing, transitional housing, affordable housing, or other facilities to assist unsheltered people.
- Helps Valley Water comply with federal case law that requires a legitimate offer of shelter before relocating an unsheltered person from public land.

SUBJECT:

Update on Santa Clara Valley Water District's Naloxone Availability and Bystander Use Program.

RECOMMENDATION:

Receive update regarding Santa Clara Valley Water District's Naloxone Availability and Bystander Use program.

SUMMARY:

Santa Clara Valley Water District's (Valley Water) Naloxone Availability and Bystander Use (NABU) program is meant to equip Valley Water Field Operations employees with the ability to render bystander care to individuals experiencing a possible opioid (prescription & illicit) overdose. Through this program, employees will be able to carry naloxone, administer it to someone experiencing an overdose, and potentially save a life. The availability of naloxone provides an extra layer of protection for those at a higher risk for overdose.

What is NABU Program?

- ❖ Purpose is to equip Valley Water field employees with the ability to render bystander care to individuals experiencing a possible opioid overdose.
- ❖ Administering Naloxone can reverse an opioid overdose.

CA Department of Public Health – Standing Order

- ❖ The California Department of Public Health (CDPH) issued a standing order in 2017 by the state Public Health Officer (authorized by California Civil Code Section 1714.22) to allow community organizations and other entities in California to distribute naloxone to a person at risk of an opioid-related overdose or to a family member, friend, or other person in a position to assist.

Program Approval & Development

- ❖ The Environmental Creek Cleanup Committee identified need to protect staff from potential exposure to Fentanyl.
- ❖ The Executive Management Team approved development of program.
- ❖ EH&S leads NABU program to address field staff needs.
- ❖ Reviewed current programs under health departments and law enforcement as reference.
- ❖ Participated in bystander use training programs offered by San Francisco Public Health and the Health & Safety Institute (HSI).

1. PURPOSE				
The purpose of the Naloxone Availability and Bystander Use (NABU) program is to equip Valley Water employees with the ability to render bystander care to individuals experiencing a possible opioid (prescription and illicit) overdose. Carrying naloxone provides an extra layer of protection for those at a higher risk for overdose. Anyone can carry naloxone, give it to someone having an overdose, and potentially save a life. Bystanders can reverse an opioid overdose with naloxone.				
2. SCOPE				
This work instruction pertains to all Valley Water field employees who have the potential to encounter the unhoused population, persons, and belongings while conducting Valley Water business.				
3. AUTHORITY				
3.1. It is the policy of Valley Water to provide a safe and healthy work environment for all employees in compliance with the Federal Occupational Safety and Health Act (OSHA) of 1970, the California Occupational Safety and Health Act (Cal/OSHA) of 1973, and the California Labor Code.				
3.2. Board Policy EL-3 states, "With respect to the treatment of staff and persons doing work for or on behalf of the District, the CEO may not cause or allow conditions which are unfair, undignified, disorganized, or unclear." Board Policy EL-3, Section 3.7, further states that he/she "shall not operate without written employee health and safety policies which (a) ensure that standards, programs, and procedures meet or exceed acceptable industry standards as written in state and federal regulations, and (b) ensure a healthful and safe work environment for all District employees."				
4. DEFINITIONS				
4.1. Authorized Employee: A Valley Water employee who has been identified by both their immediate Manager/Supervisor and EH&S as having potential casual contact with opioids during the cleanup of unhoused encampments or when conducting field work.				
4.2. Bystander: A Valley Water employee who witnesses an incident but is not part of the incident and has the training and equipment necessary to render aid.				
4.3. California Good Samaritan Law: Protects those giving emergency medical care at the scene of a medical emergency, including giving naloxone. A person cannot be liable for any civil damages that result from his or her providing of emergency care, if: a. The person acted in good faith, and not for <u>compensation</u> ; b. The person provided either emergency medical care or nonmedical care; and c. The care was provided at the scene of an emergency.				
4.4. Drug Overdose Treatment Liability Law: Eliminates civil and criminal liability for: a. Licensed health care providers that prescribe naloxone and issue standing orders for the distribution of naloxone; and b. Individuals that administer naloxone to someone suspected of experiencing an overdose after receiving it along with required training.				
4.5. Illicit Drugs: The nonmedical use of a variety of drugs that are prohibited by law. These drugs can include: amphetamine- type stimulants, marijuana/cannabis, cocaine, heroin, other opioids, and synthetic drugs, such as illicitly manufactured fentanyl (IMF) and ecstasy (MDMA).

Parking lot image shows traditional pavement on the left, and permeable surface on the right.

- Permeable pavement does not have longevity.
- Permeable pavement has a rough texture which could lead to severe injuries for trail users.
- Requires specialized maintenance to remain permeable
- To meet vehicle loads (maintenance and emergency) the foundation layer would not be permeable
- San Jose soils frequently contain impermeable clay

SUBJECT:

Review the Environmental Creek Cleanup Committee (ECCC) Work Plan, the Outcomes of Board Action of Committee Requests; and the Committee's Next Meeting Agenda.

RECOMMENDATION:

Review the Committee work plan to guide the committee's discussions regarding policy alternatives and implications for Board deliberation.

SUMMARY:

The attached Work Plan outlines the approved topics for discussion to be able to prepare policy alternatives and implications for Board deliberation. The work plan is agendized at each meeting as accomplishments are updated and to review additional work plan assignments by the Board.

BACKGROUND:

Governance Process Policy-8:

The District Act provides for the creation of advisory boards, committees, or commissions by resolution to serve at the pleasure of the Board.

Accordingly, the Board has established Advisory Committees, which bring respective expertise and community interest, to advise the Board, when requested, in a capacity as defined: prepare Board policy alternatives and provide comment on activities in the implementation of the District's mission for Board consideration. In keeping with the Board's broader focus, Advisory Committees will not direct the implementation of District programs and projects, other than to receive information and provide comment.

Further, in accordance with Governance Process Policy-3, when requested by the Board, the Advisory Committees may help the Board produce the link between the District and the public through information sharing to the communities they represent.
