Santa Clara Valley Water District
Board Audit Committee Meeting

Headquarters Building Boardroom
5700 Almaden Expressway

SPECIAL MEETING
AGENDA

Thursday, September 29, 2022
2:00 PM

District Mission: Provide Silicon Valley safe, clean water for a healthy life, environment and economy.

Note: The finalized Board Agenda, exception items and supplemental items will be posted prior to the meeting in accordance with the Brown Act.
Santa Clara Valley Water District  
Board Audit Committee  

SPECIAL MEETING  
AGENDA  

Thursday, September 29, 2022  
2:00 PM  
Headquarters Building Boardroom  
5700 Almaden Expressway  
San Jose, California  

***IMPORTANT NOTICES AND PARTICIPATION INSTRUCTIONS***

Santa Clara Valley Water District (Valley Water) Board of Directors/Board Committee meetings are held as a “hybrid” meetings, conducted in-person as well as by telecommunication, and is compliant with the provisions of the Ralph M. Brown Act.

To maximize public safety while still maintaining transparency and public access, members of the public have an option to participate by teleconference/video conference or attend in-person. To observe and participate in the meeting by teleconference/video conference, please see the meeting link located at the top of the agenda. If attending in-person, you are required to comply with Ordinance 22-03 - AN ORDINANCE OF THE SANTA CLARA VALLEY WATER DISTRICT SPECIFYING RULES OF DECORUM FOR PARTICIPATION IN BOARD AND COMMITTEE MEETINGS located at https://s3.us-west-2.amazonaws.com/valleywater.org.if-us-west-2/f2-live/s3fs-public/Ord.pdf

In accordance with the requirements of Gov. Code Section 54954.3(a), members of the public wishing to address the Board/Committee at a video conferenced meeting, during public comment or on any item listed on the agenda, should use the “Raise Hand” tool located in the Zoom meeting link listed on the agenda, at the time the item is called. Speakers will be acknowledged by the Board Chair in the order requests are received and granted speaking access to address the Board.

Valley Water, in complying with the Americans with Disabilities Act (ADA), requests individuals who require special accommodations to access and/or participate in Valley Water Board of Directors/Board Committee meetings to please contact the Clerk of the Board’s office at (408) 630-2711, at least 3 business days before the scheduled meeting to ensure that Valley Water may assist you.

This agenda has been prepared as required by the applicable laws of the State of California, including but not limited to, Government Code Sections 54950 et. seq. and has not been prepared with a view to informing an investment decision in any of Valley Water’s bonds, notes or other obligations. Any projections, plans or other forward-looking statements included in the information in this agenda are subject to a variety of uncertainties that could cause any actual plans or results to differ materially from any such statement. The information herein is not intended to be used by investors or potential investors in considering the purchase or sale of Valley Water’s bonds, notes or other
obligations and investors and potential investors should rely only on information filed by Valley Water on the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access System for municipal securities disclosures and Valley Water’s Investor Relations website, maintained on the World Wide Web at https://emma.msrb.org/ and https://www.valleywater.org/how-we-operate/financebudget/investor-relations, respectively.

Under the Brown Act, members of the public are not required to provide identifying information in order to attend public meetings. Through the link below, the Zoom webinar program requests entry of a name and email address, and Valley Water is unable to modify this requirement. Members of the public not wishing to provide such identifying information are encouraged to enter “Anonymous” or some other reference under name and to enter a fictional email address (e.g., attendee@valleywater.org) in lieu of their actual address. Inputting such values will not impact your ability to access the meeting through Zoom.

**Join Zoom Meeting:**

1. **CALL TO ORDER:**
   1.1. Roll Call.

2. **TIME OPEN FOR PUBLIC COMMENT ON ANY ITEM NOT ON THE AGENDA.**
   Notice to the Public: Members of the public who wish to address the Committee on any item not listed on the agenda should access the "Raise Hand" tool located in Zoom meeting link listed on the agenda. Speakers will be acknowledged by the Committee Chair in order requests are received and granted speaking access to address the Committee. Speakers comments should be limited to three minutes or as set by the Chair. The law does not permit Committee action on, or extended discussion of, any item not on the agenda except under special circumstances. If Committee action is requested, the matter may be placed on a future agenda. All comments that require a response will be referred to staff for a reply in writing. The Committee may take action on any item of business appearing on the posted agenda.

3. **APPROVAL OF MINUTES:**
   3.1. Approval of Minutes.  
   **Recommendation:** Approve the minutes.  
   **Manager:** Michele King, 408-630-2711  
   **Attachments:** Attachment 1: 083022 Special BAC Minutes

4. **REGULAR AGENDA:**
4.1. Receive and Discuss a Status Update on Implementation of Recommendations from the Contract Change Order Audit Conducted by TAP International, Inc.
Recommendation: Receive and Discuss a Status Update on Implementation of Recommendations from the Contract Change Order Audit Conducted by TAP International, Inc.
Manager: Christopher Hakes, 408-630-3796
Emmanuel Aryee, 408-630-3074
Bhavani Yerrapotu, 408-630-2735
Tony Ndah, 408-630-2208
Attachments: Attachment 1: PowerPoint

*4.2. Receive an Overview of the Capital Project Management and Project Controls Program.
Recommendation: Receive an Overview of the Capital Project Management and Project Controls Program.
Manager: Melanie Richardson, 408-630-2035
Attachments: Attachment 1: Integrations Chart
Attachment 2: PowerPoint
*Handout 4.2-A: Projectmates Purpose-Built for Owners

4.3. Receive and Discuss a Status Update on Implementation of Recommendations from the Lower Silver Creek Flood Protection Performance Audit.
Recommendation: Receive and Discuss a Status Update on Implementation of Recommendations from the Lower Silver Creek Flood Protection Performance Audit.
Manager: Christopher Hakes, 408-630-3796
Emmanuel Aryee, 408-630-3074
Bhavani Yerrapotu, 408-630-2735
Tony Ndah, 408-630-2208
Attachments: Attachment 1: PowerPoint

4.4. Discuss the 2022-2024 Annual Audit Work Plan.
Recommendation: Discuss the 2022-2024 Annual Audit Work Plan.
Manager: Darin Taylor, 408-630-3068
Attachments: Attachment 1: 2022-2024 Annual Audit Work Plan
4.5. Review and Discuss the 2022 Board Audit Committee Work Plan.  

Recommendation: Review and Discuss topics of interest raised at prior Board Audit Committee (BAC) Meetings and make any necessary adjustments to the BAC Work Plan.

Manager: Darin Taylor, 408-630-3068

Attachments: Attachment 1: 2022 BAC Work Plan

5. CLERK REVIEW AND CLARIFICATION OF COMMITTEE REQUESTS.

This is an opportunity for the Clerk to review and obtain clarification on any formally moved, seconded, and approved requests and recommendations made by the Committee during the meeting.

6. ADJOURN:

6.1. Adjourn to Regular Meeting at 2:00 p.m., on October 19, 2022.
COMMITTEE AGENDA MEMORANDUM
Board Audit Committee

SUBJECT:
Approval of Minutes.

RECOMMENDATION:
Approve the minutes.

SUMMARY:
In accordance with the Ralph M. Brown Act, a summary of Committee discussions, and details of all actions taken by the Board Audit Committee, during all open and public Committee meetings, is transcribed and submitted to the Committee for review and approval.

Upon Committee approval, minutes transcripts are finalized and entered into the Committee's historical records archives and serve as historical records of the Committee's meetings.

ATTACHMENTS:
Attachment 1: 083022 Special BAC Minutes

UNCLASSIFIED MANAGER:
Michele King, 408-630-2711
1. CALL TO ORDER:

A Special meeting of the Santa Clara Valley Water District (Valley Water) Board Audit Committee (Committee) was called to order in the Valley Water Headquarters Building Boardroom at 5700 Almaden Expressway, San Jose, California, and by Zoom teleconference, at 10:00 a.m.

1.1 Roll Call.

Committee members in attendance were District 3 Director Richard P. Santos, and District 2 Director Barbara Keegan, Chairperson presiding, constituting a quorum of the Committee.

District 7 Director Gary Kremen was excused from attending.

Staff members in attendance were B. Hopper, D. Taylor, and T. Yoke.

Also, in attendance was Roger A. Martinez, Vasquez and Company, LLP.

2. TIME OPEN FOR PUBLIC COMMENT ON ANY ITEM NOT ON THE AGENDA:

Chairperson Keegan declared time open for public comment on any item not on the agenda. There was no one who wished to speak.

3. APPROVAL OF MINUTES:

3.1 Approval of Minutes.

Recommendation: Approve the minutes.

The Committee considered the attached minutes of the July 6, 2022, Committee meeting. It was moved by Director Santos, seconded by Chairperson Keegan, and unanimously carried that the minutes be approved.
4. REGULAR AGENDA:

Committee Chairperson Keegan moved the agenda to Item 4.7.

Darin Taylor, Chief Financial Officer, reviewed the information on this item, per the Committee Agenda Memo.

The Committee discussed the information, without formal action, and noted the following:

- The Committee requested that the Financial Auditor comment on the treated water allocation between North and South Counties; and
- The Committee requested that the Financial Auditor establish the estimated cost to have treated water in the South County and how beneficial it could be as opposed to water recycling.

Committee Chairperson Keegan returned the agenda to Item 4.1.

4.1 Receive Information Regarding the Quality Environmental Management System Internal Audit Program.

Recommendation: Receive information regarding the Quality and Environmental Management System (QEMS) Internal Audit Program

Anthony Mendiola, Program Administrator, reviewed the information on this item, per the Committee Agenda Memo, and per the information contained in Attachment 1.

The Committee noted the information, without formal action.

4.2 Receive Information on the Quality and Environmental management System Improvement Implementation Project.

Recommendation: Receive information on the Quality and Environmental Management System (QEMS) Improvement Implementation Project.

Anthony Mendiola reviewed the information on this item, per the attached Committee Agenda Memo.

The Committee noted the information, without formal action.
4.3 Discuss the Fiscal year 2021-22 Financial Audit.

Recommendation: Receive and discuss the information regarding the upcoming Fiscal Year 2021-22 financial audit, presented by Vasquez and Company LLP.

Roger A. Martinez, Vasquez and Company LLP, reviewed the information on this item, per the attached Committee Agenda Memo, and per the information contained in Attachment 1.

The Committee noted the information, without formal action, and noted the following:

- The Committee requested that staff distribute the letter, Attachment 1, to the full Board via the Non-Agenda process.

4.4 Discuss the 2022-2024 Annual Audit Work Plan.

Recommendation: Discuss the 2022-2024 Annual Audit Work Plan.

Darin Taylor reviewed the information on this item, per the attached Committee Agenda Memo.

The Committee noted the information, without formal action.

4.5 Review and Discuss the 2022 Board Audit Committee Work Plan.

Recommendation: Review and Discuss topics of interest raised at prior Board Audit Committee (BAC) meetings and make any necessary adjustments to the BAC Work Plan.

Darin Taylor reviewed the information on this item, per the attached Committee Agenda Memo, and per the information contained in Attachment 1.

The Committee noted the information, without formal action.

4.6 Receive and Discuss Information Regarding Audit Follow-up Best Practices.

Recommendation: Receive and discuss information regarding audit follow-up best practices.

Darin Taylor reviewed the information on this item, per the attached Committee Agenda Memo.

The Committee reviewed the information, without formal action, and noted the following:

- The Committee requested that staff implement the Chief Audit Executive’s recommendation to standardize the Audit Follow-Up Best Practices.
5. **CLERK REVIEW AND CLARIFICATION OF COMMITTEE REQUESTS:**
   This is an opportunity for the Clerk to review and obtain clarification on any formally moved, seconded, and approved requests and recommendations made by the Committee during the meeting.

   Max Overland, Acting Deputy Clerk of the Board, confirmed that there were no new Committee Member Requests.

6. **ADJOURN:**

   6.1 Adjourn to Regular Meeting at 2:00 p.m., on September 21, 2022.

   Committee Chairperson Keegan adjourned the meeting at 10:37 a.m., to the next, to-be-determined, Committee meeting date.

   Max Overland
   Acting Deputy Clerk of the Board

Date Approved:
SUBJECT:
Receive and Discuss a Status Update on Implementation of Recommendations from the Contract Change Order Audit Conducted by TAP International, Inc.

RECOMMENDATION:
Receive and Discuss a Status Update on Implementation of Recommendations from the Contract Change Order Audit Conducted by TAP International, Inc.

SUMMARY:
The Board Audit Committee (BAC) was established to assist the Board of Directors (Board), consistent with direction from the full Board, to identify potential areas for audit and audit priorities, and to review, update, plan, and coordinate execution of Board audits. On May 23, 2017, the Board, approved an on-call consultant agreement with TAP International, Inc. (TAP) for Board independent auditing services.

On February 26, 2019, the Board approved the Board Audit Committee’s recommendation for TAP to conduct three performance audits recommended by the Board Audit Committee. One of the three performance audits was of the contract change order management processes (Contract Change Order Audit).

TAP subsequently initiated the Contract Change Order Audit. The final report on the Change Order Audit was accepted by the BAC at its February 19, 2020, meeting and presented to the full Board of Directors on May 12, 2020.

The BAC requested staff to provide a periodic update on the status of implementation of the recommendations from the Contract Change Order Audit. This update is set forth in the Contract Change Order Audit Progress Report PowerPoint - Attachment 1.

UNCLASSIFIED MANAGER:
Christopher Hakes, 408-630-3796
Capital Construction Contract Change Order Management and Administration: Audit Implementation Update

Board Audit Committee
September 29, 2022
Agenda

1. Timeline

2. Summary of Audit Recommendations

3. Audit Implementation Status

4. Key Next Steps
Timeline

November 18, 2019
• Draft Audit Report and Management Response presented to BAC

November 18, 2020
• Final Audit Report with status of recommendations presented to BAC

August 18, 2021
• Status update on Implementation of Audit Recommendations presented to BAC

September 29, 2022
• Follow-up Presentation on Implementation of Audit Recommendations
Summary of the Recommendations

Audit findings included seven (7) recommendations, summarized as follows:

1. Update capital construction change order (CCO) policies and procedures applicable to large-scale projects to include:
   • Independent Cost Estimates (ICE);
   • Advisory Body (e.g. Change Control Board); and
   • Prohibit Work Until CCO Execution

2. Enhance constructability reviews during the Design Phase

3. Enhance review of change orders; a) Capital Project Steering Committee

4. Create Resources Services Office (RSO); (Mgmt. Response agreed to Project Controls Office (PCO))
Summary of the Recommendations (cont.)

Audit findings included seven (7) recommendations, summarized as follows:

5. Centralize procurement activities

6. Promote the uniform implementation of change order management and administration for all capital projects by:
   • Establishing uniform change order criteria
   • Updating QEMS processes; and
   • Enhancing project management training

7. Develop, track & report project performance metrics
### Summary of Audit Implementation Progress

Audit Response Development

Focus

a. Independent Cost Estimates
b. Define High Risk Projects
c. Change Control Board
d. Project Steering Committee
Independent Cost Estimates (ICE)

Internal ICE
• Performed for all change orders

External ICE
• Independent external cost estimates required for change orders if:
  • Changes exceed signing authority of UM or AOO (whichever is greater); or
  • If the analysis falls outside of staff’s expertise
What is "High-Risk"?

Definition of “High-Risk” Projects for Change Control Approach

• Construction contracts of $100 million or greater; or
• Determined to be high risk
  • According to Valley Water’s standard risk analysis; or
  • Determined by the Chiefs during established checkpoints
    • Upon inclusion in the CIP
    • During permitting phase
    • During 90% design phase
Change Control Board (CCB)

**CCB Parameters**

- Implemented for construction projects with construction costs of $100 million or greater or deemed high risk.
- Members:
  - Project Manager or Construction Manager
  - Capital Deputy (Project Owner)
  - Owner Deputy (Asset Owner)
  - Procurement Deputy (Contracts)
  - CPMPC Representative (Project Mgmt./Controls)
- Threshold for triggering CCB review of change order
  - To be set on a project-by-project basis
  - Set maximum amounts per level of staff: UM, AOO, DOO, COO, ACEO, CEO
Project Steering Committee (PSC)

PSC Parameters

• Implemented for construction projects with construction costs of $100 million or greater.

• The Committee may include*:
  • Valley Water management
  • Project Manager
  • Construction Manager
  • External subject matter experts
  • Construction Contracts Support Unit representative

* Executive management will define the make-up and role of the Project Steering Committee on a project basis. Legal construction contract counsel (possibly outsourced), to advise committee as needed.
Recent Case Study

Upper Llagas Creek Flood Protection Project – Phase 1 Construction

- For the Union Pacific Railroad Right of Way and related work at Nature Quality Site a $4.5M Change order was negotiated over a period of several months to complete channel widening, rock slope protection, mitigation planting, fencing and security improvements.

- For US 101 area related work a $2.7M change order was negotiated and executed over a period of several months to complete channel widening, rock slope protection, outfall modifications, native revegetation, etc.

The Project was under construction pre-implementation of the CCO audit recommendations. Had recommendations been in place, then:

- Steering Committee would have been aware of issues
- Change Control Board (CCB) would have been triggered
Key Next Steps

1. Ongoing implementation of processes for:
   - Independent Cost Estimates, Constructability Review, and Project Manager Training
   - Risk Assessment
   - Change Control Board
   - Project Steering Committee
   - Capital Project Management and Project Controls Program

2. Provide Quarterly Contract Change Order Updates to CIP Committee
Questions?
COMMITTEE AGENDA MEMORANDUM
Board Audit Committee

SUBJECT:
Receive an Overview of the Capital Project Management and Project Controls Program.

RECOMMENDATION:
Receive an Overview of the Capital Project Management and Project Controls Program.

SUMMARY:
The Capital Project Management and Project Controls (CPMPC) Program was established in October 2021 to provide consistent and continual support for projects in the Capital Improvement Program (CIP) and in response to the Contract Change Order Audit recommendation to create a Resource Services Office, which Valley Water management called a Project Controls Office.

Valley Water’s CIP prepares a 5-Year Plan annually on a rolling basis, which is a financial plan for implementation of capital projects that deliver Valley Water’s mission to the community. The CIP’s Five-Year Plan documents the scope, schedule and cost of our capital projects and the public outreach for the Plan serves to integrate the agency’s work with the larger community by aligning Valley Water planning with other local agency planning efforts. The current Fiscal Year 2023-27 CIP 5-Year Plan includes 64 projects totaling $8.26 billion.

The four main ways that the CPMPC Program supports the CIP is through:

1. Implementation and maintenance of capital project management information system (PMIS);
2. CIP Committee support;
3. Capital quality environmental management system (QEMS) document control and training; and
4. Identifying and assisting with the implementation of management-established process improvements.

PMIS Implementation and Maintenance

CPMPC Program staff is currently overseeing the implementation of a PMIS for capital projects. After a 12-month request for proposal (RFP) procurement process and a thorough evaluation of 10 vendor proposals, the Selection Committee, comprised of staff from the Construction Services Unit, Dam...
Safety & Capital Project Delivery, Water Utility Treatment Plants Project Delivery, Information Technology, Capital Improvement Program, and the Office of Integrated Water Management Business Analysis and Support, selected Systemates, Inc. Valley Water’s Board of Directors enacted the Software-as-a-Service and Implementation Services Agreement A4556A on October 26, 2021 to Systemates, Inc. for the implementation of their system, Projectmates.

The successful implementation of Projectmates, Valley Water's first capital PMIS for capital projects, is intended to streamline processes, consolidate project documentation, act as a construction management system and as an interface between Valley Water consultants and contractors. Furthermore, it will assist project managers with budgeting and reporting tools. CPMPC staff has worked with more than 60 subject matter experts across 24 Valley Water business areas in order to ensure that the data integration, workflows, and configurations incorporate essential information and processes as completely and seamlessly as possible.

Implementation is taking place over a 12-month timeframe, with go-live scheduled for the fall of 2022. Integrations with Okta Single Sign-On are complete; integrations with ArcGIS and Vena are 90% complete; and integrations with Valley Water’s Enterprise Resource Planning system, Infor, are midway through. See Attachment 1 for further details.

CIP Committee Support

The CIP Committee meets monthly to review agenda items related to capital project monitoring and CIP implementation and development, as scheduled per the CIP Committee Workplan. The CPMPC Program team coordinates with the Clerk of the Board Office, capital project staff, and Deputies to collect and compile agenda items for each meeting. These agenda items include: project status updates by phase, amendments to capital consultant agreements, CIP planning process and review, updates to the CIP Workplan, any relevant capital project or program reports, and change order status reports for Anderson Dam Tunnel Project and other large-scale/high-risk projects.

Capital QEMS Document Control and Training

The Capital Project Management and Project Controls Program ensures capital QEMS documents are kept up-to-date and relevant and also ensures that changes are communicated to staff and that regular training is provided. As part of this objective, CPMPC staff has received auditor training based on current ISO 9001 and other industry standards.

CPMPC Program staff provides the following support for the maintenance of capital QEMS documents: identifying areas for improvement and coordinating with internal stakeholders to improve processes between the business areas of Capital, Operations and Maintenance, Environmental and Asset Management; making suggestions to improve language, orthography, punctuation, consistency of Capital QEMS documents; coordinating with capital process owners and the Continual Improvement Program to publish updated Capital QEMS documents; and organizing biennial Capital QEMS training for capital staff.

Identifying and Implementing Process Improvements
The CPMPC Program was created as a result of management’s response to two audit reports from 2019 focusing on areas of improvement in Valley Water's Capital Improvement Program. Program staff has been coordinating with internal stakeholders to compile management responses to the two 2019 audits for presentation to the Board CIP and Audit Committees set for September 2022. Implementation of the audit recommendations are the foundation for the CPMPC Program’s project controls component, which is under development and will be implemented by CPMPC Program staff in coordination with other responsible business areas.

Capital Project Management and Project Controls Program Overview

Board Audit Committee
September 29, 2022
Capital Project Management and Project Controls Program

Presentation Outline

1. CPMPC Program Overview
   a. Introduction
   b. Goals
   c. Approach
   d. Tools

2. Implementation of Audit Recommendations
   a. Audit Response Working Group
   b. Recommendation Overview
   c. CPMPC Implementation

3. Next Steps
CPMPC stands for Capital Project Management and Project Controls Program

- Program was established in October 2021 with the purpose of supporting delivery of capital projects that deliver safe clean water, flood protection, and environmental stewardship throughout the county by providing streamlined project management solutions for the oversight and management of capital projects.
CPMPC Program Goals

1. Implement and manage Valley Water’s first project management information system (PMIS)

2. Provide monthly capital project updates and reports to the Board Capital Improvement Program (CIP) Committee

3. Document control and training for capital quality management system (QEMS) documents

4. Identify, discuss, and coordinate process improvements

5. Provide quarterly updates on capital deadlines, document updates, and process improvements
CPMPC’s Multi-Faceted Approach

Project Support, Accountability, and Consistency:

• Project Support – CPMPC staff work closely with CIP staff to support project administration

• Accountability – staff is accountable to Valley Water’s mission, board policies, each other, and the processes/tools being implemented

• Consistency – people must apply the processes/tools consistent with the standards established in order to achieve Valley Water’s mission
Tools

Projectmates PMIS:

• Cloud-based
• Seamless Transition
• Integration w/ Other Systems
• 360° Project Management
• Audit Trail
Projectmates SMEs

- Safe, Clean Water
- Capital Improvement Program Planning Team
- Asset Management
- CADD
- Water Utility Water Treatment
- Water Utility Pipelines
- Dam Safety & Capital Project Delivery
- Watersheds Design & Construction
- Environmental Planning
- Construction Services Unit
- Recycled & Purified Water
- WU Facilities
- WU Electrical Control Systems
- Small Caps
- Operations
- Construction Contracts
- Procurement
- Accounting/Accounts Payable
- Budget & Financial Analysis
- Financial Planning & Revenue
- Debt Services
- Records
- IT
- ArcGIS
Tools: Projectmates

- **Document Management**: integrate, track, and archive project documents across phases
- **Cost Management**: track consultant and contractor pay estimates, invoices, and change orders
- **Workflow Management**: automate standard document workflows and monitor completion status
- **Schedule Management**: Track schedules and compare with performance metrics
- **Capital Project Planning**: Prioritize, strategize, allocate, and track projects
- **Analytics & Reporting**: Generate reports and audit content using data from other modules
Lower Silver Creek and Contract Change Order Audits

**Background**

- Project Controls Office Recommendation
  - Capital Project Management and Project Controls Program

**Role of CPMPC Program**

a. Audit Response Working Group
b. Implementation of Audit Recommendations
Audit Response Working Group

Role of Working Group

- Review recommendations and management responses for the Lower Silver Creek and Contract Change Order audits and lead implementation efforts
- Serve as key stakeholders in capital project management system (PMIS) development and implementation

Working Group Members

Office of Integrated Water Management
- Capital Deputies
- Construction Services Unit
- Business Planning and Analysis Unit

Office of Administration
- Chief Operating Officer
- Construction Contracts and Support Unit
- Purchasing and Consultant Contracts Services Unit
Audit Response Working Group

COMMITTEE AGENDA MEMORANDUM
Board Audit Committee

SUBJECT:
Receive and Discuss a Status Update on Implementation of Recommendations from the Lower Silver Creek Flood Protection Performance Audit.

RECOMMENDATION:
Receive and Discuss a Status Update on Implementation of Recommendations from the Lower Silver Creek Flood Protection Performance Audit.

SUMMARY:
At the October 27, 2015, Board meeting, the Board took action to refer to its Board Audit Committee an audit of the Lower Silver Creek Flood Protection Project Consultant Agreement with RMC, consideration of whether additional audits should be considered by the Board, and an audit of District processes relating to Conflict of Interest between contractors and staff; and bring discussion back to the Board.

On January 18, 2017, a notice to proceed was issued to PMA Consultants to conduct the Lower Silver Creek Flood Protection Performance Audit.

At the February 27, 2018, Board meeting, the Board approved the Board Audit Committee’s recommendation to expand the scope of the Lower Silver Creek Flood Protection Performance Audit to include:

- A financial review to ensure that there was no double billing and no billing for work that was not done, including additional analysis on the October 27, 2015, verbal report to the Board that considers whether the invoices followed appropriate financial review and approval processes and followed appropriate preparation and submittal processes; and

- A review of media allegations in newspaper reports and video and ensure that they have been

On February 26, 2019, PMA Consultants presented the final audit report and final management response for the Lower Silver Creek Flood Protection Performance Audit to the full Board.
At this meeting, the Committee is to receive a progress report on the implementation of audit recommendations (Attachment 1) from staff.

Lower Silver Creek Audit Progress Report

Presentation Outline

1. Audit Overview
   a. Background
   b. Findings
      i. Performance Review
   c. Opportunities/Recommendations

2. Implementation of Audit Recommendations
   a. Audit Status
      i. Audit Response Development Focus
      ii. Implementation Progress

3. Next Steps
What triggered the audit?

- During 2009-2010, the Board approved a sole source agreement with RMC Water and Environment to perform professional services on Reach 6B of the Lower Silver Creek project in order to leverage federal funds and maintain engineering consistency to reduce liability.

- In January 2017, the Board contracted with PMA Consultants to perform an audit to review conflict of interest allegations and to make recommendations for Valley Water performance improvements.
Findings

Conflict of Interest
No violation of Valley Water’s conflict of interest (COI) or firewall policies.

Financial Review & Fund Reallocation
Invoice discrepancies were minor and immaterial in nature; fund transfers between projects and in-project tasks were not performed consistently.

Sole Sourcing
Decision to sole-source agreement was justified.

Investigations
Santa Clara County District Attorney Investigation resulted in decision not to pursue the case and no Grand Jury report filed.
Performance Review

Change Management
Practices and amendments were not followed or well documented.

Project Management and Execution
Project work plan practices were not followed appropriately.

Project Risk/Scheduling/Cost Control
Project scheduling updates were discontinued by PM.
Opportunities & Recommendations

Audit findings included business process improvement opportunities, which led to twenty-seven (27) recommendations:

• Defining and maintaining Conflict of Interest (COI) and firewall policies, procedures, recurring training and documentation to allow for effective implementation (R1-9)
• Developing general guidelines for consistent invoice review, approval control, and task level billings (R10-19)
• Formalizing project management transition plan and enhance project management training (R20, 23)
• Implementing uniform project document control practices (R21-22)
• Assessing contractor performance annually or at project milestones (R24)
• Clarifying project progress measurement against key performance measures, project work plans, or schedules (R25-27)
Focus

a. Capital Project Management and Controls

b. Capital Processes, Procedures and Manuals

c. Procurement Processes
Capital Project Management and Project Controls

Capital Project Management and Project Controls Program

- Capital Project Management Information System (PMIS) Implementation/Ongoing System Support
- Training
- Risk Management Support

Capital Project Management Information System

- Document Control
- Invoicing
- Planning and Scheduling
- Project Management
- Status Reporting
Capital Processes, Procedures and Manuals

**Capital Quality Environmental Management System (QEMS)**

- Review and update Capital QEMS documents

**Invoice Review Procedure**

- Develop Invoice Review Procedure

**Training**

- Provide biennial training on Capital QEMS Procedures
Procurement Processes

Procurement Manual

• Delegation of Authority Guidelines included
• Contract Administration Guidelines and Links to Project Manager’s Procedures document

Vendor Performance Evaluations

• Vendor Performance Evaluations performed at project milestones

Contract Templates

• Contract provisions on standardization of master contract services labor rates/employee titles, contractor substitutions, escalation clauses, and inclusion of dates of rendered services

- Ongoing Capital QEMS Document Control and Training
Questions?
COMMITTEE AGENDA MEMORANDUM
Board Audit Committee

SUBJECT:
Discuss the 2022-2024 Annual Audit Work Plan.

RECOMMENDATION:
Discuss the 2022-2024 Annual Audit Work Plan.

SUMMARY:
On January 11, 2022, the proposed 2022-2024 Annual Audit Work Plan (Attachment 1) was approved by the Board. At its January 19th meeting the Board Audit Committee (BAC) identified the top 3 areas of interest to be audited in 2022: 1) ID #1, CIP Process; 2) ID #3, Emergency Response; and 3) ID #6, Data Management.

At its April 20th meeting, the BAC authorized staff to seek approval from the full Board to initiate the CIP Process Audit as the first audit for 2022, and to authorize Sjoberg Evashenk Consulting, Inc. to conduct the audit.

At its May 24th, 2022, meeting, Valley Water’s Board of Directors authorized staff to proceed with the CIP Process Audit, and authorized Sjoberg Evashenk Consulting, Inc. to conduct the audit. No additional changes have been requested since May 2022.

For this item, the BAC is requested to identify any potential changes to the Annual Audit Work Plan to recommend to the Board for approval.

ATTACHMENTS:

Darin Taylor, 408-630-3068
FY 2022-2024
Annual Audit Work Plan

November 10, 2021

Final
ANNUAL AUDIT WORK PLAN

The Audit Work Plan serves as a tool for communicating audit priorities as determined by the Santa Clara Valley Water District’s Board Audit Committee (BAC) and Board of Directors. The selection of audits for formal review and approval by the Board of Directors is an important responsibility of the Audit Committee.

Audits are an important oversight tool because they provide independent and fact-based information to management and elected officials. Those charged with governance and oversight can use the information to improve program performance and operations, reduce costs, facilitate decision making.

Audits can:

- Verify that programs, services, and operations are working based on your understanding.
- Assess efficiency and effectiveness.
- Identify the root cause or problems.
- Assess the progress of prior audit recommendations.
- Identify the impact of changes
- Identify leading practices.
- Assess regulatory compliance.
- Develop policy options.
- Assess the accuracy of financial information reported.

The types of audits that can be conducted include:

- Internal audits: Internal audits review the environment, information, and activities that are designed to provide proper accountability over District operations.
- Compliance audits: Compliance audits review adherence to policies and procedures, state regulatory requirements, and/or federal regulatory requirements.
- Performance audits (impact or prospective audits): Performance audits review the economy, efficiency, and effectiveness of Valley Water programs, services, and operations.
- Desk reviews: Small and quick audits.
- Follow up audits: Follow up audits assess the implementation status of recommendations included in prior audit reports.
- Best practices reviews: Compares current operations to best practices.
This proposed audit work plan is divided into sections. Section A describes anticipated ongoing support services to be provided by the independent auditor as well as other quality assurance activities planned by Valley Water’s executive management. Section B describes the audits planned for implementation by the Independent Auditor.

**SECTION A**

**ONGOING SUPPORT SERVICES AND SPECIAL PROJECTS**

The following table lists non-audit services and special projects for the FY 2022 to 2024 audit work plan:

SUBJECT:
Review and Discuss the 2022 Board Audit Committee Work Plan.

RECOMMENDATION:
Review and Discuss topics of interest raised at prior Board Audit Committee (BAC) Meetings and make any necessary adjustments to the BAC Work Plan.

SUMMARY:
Per the BAC’s Charter, Article III, Paragraph 6.2, The Committee shall, in coordination with Valley Water’s Clerk of the Board, develop a proposed Annual Work Plan. Items shall be included in the Annual Work Plan based upon a majority vote of the Committee.

Under direction of the Clerk, Work Plans are used by all Board Committees to increase Committee efficiency, provide increased public notice of intended Committee discussions, and enable improved follow-up by staff. Work Plans are dynamic documents managed by Committee Chairs and are subject to change. Committee Work Plans also serve as Annual Committee Accomplishments Reports.

Looking forward, the topics of discussion identified for the October BAC Meeting can be summarized as follows:
1. 2022 BAC Work Plan
2. 2022-2024 Annual Audit Work Plan
3. Risk Management Organizational Structure
4. 2015 Consultant Contract Management Audit Status Update
5. Financial Status - Quarterly Updates (FY 2021-22 Unaudited Close)

Attachment 1 is the updated 2022 BAC Work Plan. Upon review, the BAC may make changes to be incorporated into the next revision.

Note: For informational purposes only. This value excludes Item 12 because that item is prepared by the Committee Clerk, not the CI Team, and is for the Full Board, not just the BAC.

**Board Audit Committee Management**

1. **Election of 2022 BAC Chair and Vice Chair**
   - Recommendation: Nominate and elect the 2022 Board Audit Committee Chair and Vice Chair.

2. **Board Audit Committee Audit Charter**
   - Recommendation: Propose modifications to the Board Audit Committee Audit Charter to be presented to the full Board.

3. **Review and Update 2022 BAC Work Plan**
   - Recommendation: A. Review and discuss topics of interest raised at prior Board Audit Committee Meetings and make any necessary adjustments to the Board Audit Committee Work Plan; and B. Approve the updated 2022 Board Audit Committee Work Plan.

4. **Discuss Scope of Annual Audit Training from Board Independent Auditor**
   - Recommendation: Discuss scope of Annual Audit Training from Board Independent Auditor.

5. **Receive Annual Audit Training from Board Independent Auditor**
   - Recommendation: Receive Annual Audit Training from Board Independent Auditor.
   - Notes: Actual Training will be scheduled by Board Scheduler and provided to CI Team (will not be conducted during regular mtg.)

6. **Conduct Annual Self-Evaluation**
   - Recommendation: A. Conduct Annual Self-Evaluation; and B. Discuss the Results of the Annual Self-Evaluation; and C. Prepare Formal Report to provide to the full Board.
   - Note: Jan = Discuss the Eval and provide forms; Feb = Discuss the results of the Eval; Mar = Provide a Summary Report of Evals; Apr = Present Eval Results to Full Board (Note that in 2022 efforts for March & April were delayed by a month)

7. **Discuss Chief Audit Executive (CAE) Final Contract Close-out Report from TAP International, Inc. (Jan 2022)**
   - Recommendation for 2023: Receive and discuss CAE Activity Report from Sjoberg Evashenk to evaluate CAE Performance.
