Landscape Rebate Program

For water-wise gardens, efficient irrigation, and rainwater capture projects.

Receive up to \$3,000 for residential sites and **\$50,000** for commercial, institutional, and multi-family sites.

Maximum rebates may be bigger in some cost-sharing areas.

Valley Water provides Silicon Valley with safe, clean water for a healthy life, environment and economy.

Landscape Conversion Rebate

- A minimum of 75 square feet of qualifying landscape must be converted to participate.
- The rebate offers \$2 per square foot converted and may be higher in some cost-sharing areas where cities or water retailers have partnered with Valley Water to add funds for their customers.
- The converted area must incorporate 50% plant coverage with qualifying low water using plants and mulch or permeable hardscape.
- Pop-up sprinklers must be removed from the converted landscape area.
- If used, irrigation systems must be low-volume drip, micro-spray, or bubbler.

Irrigation Hardware Rebates

- Convert an existing timer to a qualifying smart irrigation controller.
- Convert existing pop-up sprinklers to in-line drip irrigation.
- Irrigation rebates are also available for high efficiency sprinkler nozzles, rotor sprinklers or spray bodies with pressure regulation and or check valves, dedicated landscape meters, flow sensors, hydrometers, and rain sensors.
- Rebate rates will vary by equipment type.

Rainwater Capture Rebates

- Install a qualifying rain barrel to collect rainwater from existing downspouts for a rebate up to \$35 per barrel.
- Receive a rebate of \$0.50 per gallon for diverting existing downspouts to qualifying cisterns.
- Install a rain garden to collect roof water runoff for a rebate of \$1 per sq. ft. of roof area diverted, up to \$300.
- Rebates are increased in some cost-sharing areas.

Note: All programs are subject to funding availability and program restrictions.
