Check for ticks every day, after outdoor work & play. Take ticks off—don't delay, to keep tick illness away.

If you get sick after a tick bite, tell your doctor.
Look for flu-like symptoms (fever, headache, muscle pain) or rash within 30 days of being bitten by a tick.

Busque garrapatas cada día, después de jugar o trabajar afuera.

Para no enfermarse, quítese las garrapatas inmediatamente.

Si se siente enfermo después de que le pique una garrapata, llame a su doctor.

Llame si tiene síntomas de fiebre, dolor de cabeza o dolores musculares o si tiene sarpullido en los siguientes 30 días de ser picado por una garrapata.
