Environmental Services Mission Statement

The Wake County Environmental Services Department improves the environmental quality of life for the stakeholders of Wake County through the following initiatives: Administration, Animal Services, Environmental Health & Safety, Solid Waste and Water Quality.

Administration:

The Administration Division leads sustainable and nationally recognized service deliveries for all segments of Environmental Services.

Animal Services:

The Animal Services Division is determined to make a difference for the animals and citizens of Wake County through education, adoption, enforcement and community partnership.

Environmental Health and Safety:

The Environmental Health and Safety Division improves public health through education, plan review, and inspection.

Solid Waste:

The Solid Waste Division protects the public health and safety of Wake County citizens by providing quality solid waste and recycling services that are efficient, cost effective and environmentally responsible.

Water Quality:

The Water Quality Division promotes leadership in water management, sustainability, and health by protecting high quality water throughout Wake County.
