

# Wake County Human Services Case Count Update Report FY 2013-FY 2018 and CY 2012-CY 2017

A Report on End of Year Case Counts for Programs and Services Included in the HS Board Quarterly Report and Selected Indicators of Interest

Report to Wake County Human Services Board and Human Services Director,
Regina Petteway

Compiled by: Caroline Harper, Data Analyst, Wake County Human Services Office of Community Engagement and Organizational Excellence, Business Analytics Team

October 25, 2018

#### **Case Count Updates**

#### Introduction

This report is the annual update of case counts for programs and services tracked in a quarterly report to the Wake County Human Services Board. The report highlights case counts for programs and services in Wake County Human Services (WCHS) divisions of: Economic Services, Child Welfare, Public Health and Clinics. It compares case count data at the end of the year for two periods. For programs and services using a fiscal year (FY) this report compares data for FY17 vs. FY18 and FY13 vs. FY18. For cases tracked using a calendar year (CY) it compares CY16 vs. CY17 and CY12 vs. CY17.

Wake County's general population is estimated at 1,072,203 residents as of July 1, 2017 according to Wake's By the Numbers Website. From 2012-2017 the population is estimated to have grown by 12.6%. Human Services tracks caseload trends to determine if programs and services are growing hand in hand with the general population of the county. This report shows patterns caseload growth and the number of individuals served by these programs and services. The report focuses on service consumption counts, provides an annual point-in-time view and is not intended to be an outcomes report.

This report's summary table features percent (%) change calculations indicating change in caseload sizes. More growth (increase) is shown as a positive number (+) in the % change column, less growth (decrease) is shown as a negative (-) number in the % change column.

| PROGRAM or SERVICE                                      | Indicator                                  | FY 2013 | FY 2014 | FY 2015 | FY 2016   | FY 2017            | FY 2018             | % Change From FY17 vs. FY18 | % Change From<br>FY13 vs. FY18 |
