A. PROPOSAL CONTENT

The Wake County Juvenile Crime Prevention Council (JCPC) seeks proposals for community-based programs targeting youth 6-20 years old who are referred from juvenile court services and/or youth ages 6-17 who are at-risk for delinquency and referred by other referral sources in Wake County. The JCPC anticipates an allocation of \$1,849,659.00 for fiscal year 2022-2023 to fund the program types identified below. Applicants must provide a **30% local match** (cash or in-kind) to be considered for funding.

Contingent on funding availability and in consideration of the reviewed Department of Public Safety (DPS) data and other data provided by community leaders, the JCPC will consider proposals from non-profit and governmental agencies providing the following program types and services:

Risk Factors

- Substance use/abuse
- Moderate to serious school behavior problems
- Association with delinquent/gang involved peers
- Ineffective parental supervision/skills

Needs Factors

- Positive Peer associations

- School/educational connectedness

Programs must comply with guidelines in the DPS JCPC Policy Manual which is available at the following website: <https://www.ncdps.gov/juvenile-justice/community-programs/juvenile-crime-prevention-councils/jcpc-policies-forms>

B. PRIORITY CONSIDERATION

Programs that address the above referenced risk and needs factors will receive priority consideration.

North Carolina General Statute 143B-851(b) states "Each County Council shall ensure that appropriate intermediate dispositional options are available and shall prioritize funding for dispositions of intermediate and community-level sanctions for court-adjudicated juveniles under minimum standards adopted by the Section." Proposals that ensure appropriate community-based intermediate dispositions, per legislative mandate, will receive priority.

The Wake County JCPC recognizes that the rate of referrals to juvenile court and suspensions from school have declined over the past three (3) years, however the disparity between minority and non-minority referrals and suspensions have remained unchanged, evidencing multi-systemic problems with disproportionate minority contacts, juvenile court referrals and school suspensions. To that end, the JCPC is particularly interested in programs that seek to work with the population of youth who are disproportionately impacted and are able to not only provide direct services to youth but also engage with the adults having authority over them in the home, school and community environments.
