CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

Our progress toward the five-year goals identified in the 2020-2025 Consolidated Plan and the Annual goals identified in the 2021 Action Plan are summarized in attachment #2. This is the second year of the Consolidated Plan.

All our goals benefit low-income individuals and families of Wake County. Wake County's Housing Affordability and Community Revitalization Department's (Housing's) objective is to strategically address the housing needs of our priority populations, as well as the community. We prioritize initiatives for households with 50% Area Median Income (AMI) or less, or those experiencing or at-risk of homelessness. Housing also added the following accomplishments:

- Continued the implementation of House Wake!, to minimize the effects of COVID-19 on homeless and precariously housed residents. House Wake! includes several streams of financial assistance, legal assistance, and emergency housing services.
- Launched the Bridge 2 Home program to resource emergency housing services and shelters with a comprehensive service array including case management, flexible financial assistance, access to benefits, transportation, healthcare connections, housing navigation, and home furnishings.
- Created the Landlord Engagement Unit and Lease 2 Home program to bridge the gap between property owners with rental homes and residents who are seeking permanent housing. Incentives are used to encourage property owners to rent affordably to various populations including those receiving financial assistance.
- Selected a non-profit partner to administer the Affordable Housing Preservation Fund, which leverages public and private investment to acquire and preserve existing affordable housing units.
- South Wilmington Street Center continues to adapt protocol to safely serve residents experiencing homelessness.
- The Affordable Housing Development Program provided funding commitments for 673 new homes with \$12.1 million in gap financing.
- The Affordable Homeownership Program provided home purchase assistance to four home buyers and foreclosure prevention assistance to two homeowners.
- The Elderly and Disabled and Emergency Grant Programs served 47 households.

We anticipated we are on track to meet our five-year consolidated plan goals for the envisioned activities while also adding critical programs to assist with the effects of the COVID-19 pandemic.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Wake County Housing's 2021-2022 Action Plan addresses the needs of our priority populations identified in the updated 2020-2025 Consolidated Plan. The Priority populations were determined in through our extensive Citizen Participation process and review of program data.

They were also confirmed at public hearings and community meetings. They are:

- **Priority One**: Households earning 50% or less of the area median income; or Vulnerable populations experiencing homelessness or at-risk of homelessness
- **Priority Two**: Households earning 51-60% of the area median income; or Vulnerable populations not experiencing homelessness
- **Priority Three**: Households earning 61-80% of the area median income

Our Consolidated and Action Plan goals were also determined in a similar manner, as they are to:

- Increase and preserve affordable housing;
- Reduce barriers to affordable housing;
- Support vulnerable populations and communities.

The affordable housing and community development grants from the U.S. Department of Housing and Urban Development (HUD) that allow us to help these populations are the HOME Investment Partnerships grant (HOME), the Community Development Block Grant (CDBG), the Housing Opportunities for Persons with AIDS grant (HOPWA), and the Emergency Solutions Grant (ESG). In addition, the department receives HUD Office of Special Needs Assistance Programs (SNAPs) funding through the NC-507 Continuum of Care and has received significant financial resources through coronavirus relief efforts. The Housing Department also receives Capital Improvement Program (CIP) funds from Wake County tax dollars. These funds are spent on housing activities to supplement our HUD grants and to bolster support for our priority populations.

Some of the activities in this Action Plan are longstanding activities for Wake County Housing such as rehabilitation, development, rental assistance, and public facilities. However, in the fall of 2017, the Wake County Board of Commissioners approved a visionary, twenty-year Wake County Affordable Housing Plan resulting in new goals and strategies for addressing affordable housing shortages and homelessness in Wake County. Another strategic plan, House Wake!, was approved this past year and focuses on efforts specifically supporting those most vulnerable during the pandemic. This Action Plan included newer activities from the twenty-year plan including CDBG funding for the Street Outreach, ESG-CV funding for expanded legal services and landlord incentives, and the use of HOME funds for the continuation of the Affordable Housing Development Program which leverages County funds and LIHTC to produce a record number of multifamily and single-family homes.

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

As of the 2020 census, there were 1,129,410 people who is a 25.4% increase from 2010. Wake is the most populous County in North Carolina. There are 410,552 households residing in the county. There were 476,870 housing units. The racial makeup of the county was 58.8% White, 21% Black or African American, 10.5% Hispanic or Latin of any race, 8.3% Asian, 2.7% from other races, 2.8% from two or more races, 0.8% Native American, and 0.1% Pacific Islander. The County data supports findings that people of color are disproportionately affected by housing insecurities and homelessness. For this reason, Housing focuses on continuously evaluating programs to provide equitable services. Additional detail by program is included in the attached Demographic by Program Report.

Other - County	public - local	17,587,000	4,524,366

Table 3 - Resources Made Available

Narrative

The County contributes a significant amount of funding to support affordable housing and homeless service efforts across its jurisdiction. This is largely supported through the historic \$15 million annual investment from 2019. This funding is used in coordination with Federal entitlement and Continuum of Care funding to increase and preserve affordable housing, as well as prevent and end homelessness in Wake County.

However, the minimal increases to Federal entitlement funding does not mitigate the significant cost increases resulting from the pandemic and subsequent inflation. Many development projects have stalled or have required additional gap financing to continue with construction. We have experienced an increase in households experiencing homelessness or those who need additional resources to maintain their housing situation. The County has been identified as a highly impacted community for HOPWA funding and is continuing strategies to expand services or use the increased resources to effectively serve this population.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Countywide Target	100	100	Entitlement Jurisdiction

Table 4 – Identify the geographic distribution and location of investments

Narrative

Investments are distributed throughout Wake County according to need, jurisdiction and eligibility. Community development and rehabilitation activities are designated for all the Wake County municipalities and unincorporated areas except for the Town of Cary and City of Raleigh as they receive their own CDBG funding. Consultations are held with the Planning Directors of all other municipalities to determine local community development needs. HOME and ESG funds are invested in programs that serve the countywide jurisdiction and focus on a majority of low-income families at or below 50% of the Area Median Income. HOPWA funding serves Wake, Johnston, and Franklin counties. Staff continue efforts to identify partner agencies in Johnston and Franklin counties.

Leveraging

Explain how federal funds leveraged additional resources (private, state, and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

HOME matching requirements were satisfied through the County's continued use of local tax revenue to fund development of affordable housing. The current excess match to be carried forward to the next Federal fiscal year totals \$8,657,889 (Attachment #3). For CDBG, HOME and County funds leveraged, see Leveraging Chart in the Financial Reports (Attachment #3). ESG matching requirements were satisfied through the appropriation of local tax revenue for the South Wilmington Street Center's emergency shelter operations.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

We exceeded our new unit production goal of 51 units by producing a total of 219 units of new affordable housing, consisting of Pennington Grove II, a 69-unit senior development, Crenshaw Trace, a 68-unit senior development, and Abbingdon Square, an 82-unit senior development. An additional 480 units are currently under construction and 673 units were awarded for funding. We also served many more houses than anticipated with the help of ESG-CV.

With the continued prevalence of COVID-19, our emergency shelter for men remains at limited capacity decreasing the number of unduplicated men served.

Discuss how these outcomes will impact future annual action plans.

Our outcomes support our focus areas and affordable housing initiatives. Data shows a significant need for additional affordable housing, as well as funding to prevent individuals and families from

experiencing homelessness. Wake County will look to continue to leverage CDBG and HOME for affordable housing initiatives and utilize ESG and HOPWA for increased prevention efforts.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Narrative Information

Wake County provided rental assistance and supportive services for 10 qualified youth aging out of foster care and 54 eligible households living with HIV/AIDS. Wake County partners with The Pullen Hope Center to qualify youth applicants for the rental assistance program and provide case management services. The Under One Roof program in the Health and Human Services Department provides case management support for HOPWA rental assistance.

Many of the guests at South Wilmington Street Center have employment income, but they do not make enough money to live independently. Further implementation of the Homeless Employment Initiative where clients receive specialized job training for skills-based employment. This year the SWSC worked with a partner to provides Forklift training and trades education for four clients.

During the pandemic and eviction moratorium, the Housing Resource Team shifted its efforts to focus more on relocation and diversion and expanded staffing capacity to respond to an unprecedented need. The Team uses nationally researched best practices and targets the highest needs households. This year they served 553 persons (214 families) and stabilized 109 households in housing.

Pennington Grove II, a 69-unit affordable senior rental development, was funded with HOME. This development includes 18 units for households earning 30% of AMI and below, all of which are considered HOME-assisted.

The County’s Emergency Rehabilitation Grant Program and Elderly & Disabled Rehabilitation Grant Program responds to immediate health and safety risks of low-income citizens in Wake County (those earning at or below 50% of Area Median Income). These programs help homeowners, who otherwise could not afford repairs for urgent needs and allows them to retain housing. This year the program supported 47 households.

The newly launched Affordable Homeownership Program provides deferred loans of up to \$20,000 for first-time home ownership or foreclosure prevention for residents earning at or below 80% Area Median

Income. Due to a tumultuous housing market, only five households were supported. Three were assisted to purchase a home and two with foreclosure prevention assistance.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County has made substantial progress in its effort to end homelessness by implementing best practices and providing leadership in the implementation of community innovations that have improved the services of our citizens who are experiencing homelessness, particularly those who were living unsheltered.

The Housing Department completed a buildout of additional space adjacent to Oak City Cares as a home-base for our expanded Housing Resource Team and other Wake County homeless services programs that are providing outreach services and housing to persons experiencing homelessness. Oak City Cares is an innovative facility where residents experiencing homelessness can easily access all the services they need to get on the path to a stable future. This collaborative facility aims to quickly and effectively connect people at-risk of- or currently experiencing homelessness with services that will help them secure housing, find employment, obtain substance use treatment, and improve their health through partnerships with more than 20 community providers. Oak City Center offers laundry facilities, showers, computers, and phones to help guests achieve the daily tasks needed to work towards a stable housing situation.

The NC-507 Continuum of Care is working to target high needs clients and are continuing to refine processes to improve the delivery of housing and crisis response services. This process, the Coordinated Entry System, institutes consistent and uniform access, assessment, prioritization, and referral processes to determine the most appropriate response to each person's immediate housing needs. We continue to partner with NC-507 to fund the House Wake! Access Hub. The Coordinated Entry call center provides responsive, informative, and intentional services to callers who are in crisis, and assists callers experiencing homelessness in learning exactly where to go to get help. Callers are assessed in a standard and consistent way and are matched with the housing/services that best meet their needs, as available.

The County continues to fund street outreach services to further engage with people who are living in places not meant for human habitation. Outreach specialists provide street-based assessment, case management, referral services and emergency survival supplies. Street outreach services work collaboratively with representatives from other agencies. This year Triangle Family Services and Haven House helped over 180 people during street outreach encounters.

The Permanent Housing and Supportive Services Division continues to provide quality housing options and supportive services to the most vulnerable citizens of Wake County. Using a Housing First Model,

staff provide comprehensive wrap-around services to transition unsheltered citizens immediately into permanent supportive housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

Wake County operates South Wilmington Street Center (SWSC), a men's shelter, which continues to experience sustained demand for individualized services and critical time interventions. SWSC refocused efforts away from classroom instruction to more enhanced individualized services in a low-barrier environment to shorten the length of homeless episodes. This year Wake County implemented additional resources for diversion, emergency rental assistance and health care staff. COVID-19 pandemic protocols remained in place to allow both staff to work and guests to live in a safe environment. SWSC offered COVID vaccines onsite which led to more than 80% of our guests' receiving vaccinations. Though it continues to be a challenging time, staff served 705 de-duplicated guests, provided 75,551 meals, and assisted over 165 guests in moving into permanent housing.

Wake County partners with Urban Ministries (Single Women Emergency Shelter) and Salvation Army (Family Emergency Shelter Provider) to provide operational support. Together Urban Ministries and Salvation Army served 304 people. In addition, there are six other agencies that provided shelter, four agencies that provided transitional housing and seven agencies that offer rapid re-housing assistance. Furthermore, Dorcas Ministries also provides hotel vouchers as transitional housing.

The COVID-19 pandemic made it abundantly clear that the county needs more resources for our most vulnerable residents. To address this head on, Bridge to Home was launched. This program, funded through American Rescue Plan Act, will move people to permanent housing by providing funding for agencies to offer an enhanced service array directly or through partnership. Enhanced services consist of Comprehensive case management, Flexible financial assistance, Access to benefits, Transportation, Healthcare connection, Housing navigation, and Permanent housing home furnishings. Contracts with funded providers were signed in March 2022 and already 84 households have been served with 121 services.

The City of Raleigh and Wake County continue to partner to issue combined RFPs for Emergency Solutions Grant funding for emergency shelter, rapid re-housing, street outreach, and the Homeless Management Information System. Five agencies were awarded second year renewal funds by the County for a total of \$825,000 and three agencies (one in common with the County awards) were awarded funding by the City for a total of \$272,266. This combined process simplifies the application, streamlines the contracting and reimbursement process, and enables agencies to provide consistent services to consumers. A new RFP will be issued in FY2023.

Wake County launched the Landlord Engagement Unit (LEU) focused on maintaining positive relationships with existing landlords and expanding the availability of rental units for persons at-risk of homelessness or exiting out of homelessness. Since inception, 214 referrals seeking rental housing have been processed and 253 units have been enrolled. Wake County has provided incentive payments for 35 units where availability was created with a newly signed lease.

Wake County is currently developing a transitional housing program for those with the highest needs and utilization of emergency interventions. The program will utilize 20 county owned efficiency units, and a person-centered strength-based approach coupled with an array of high-quality, trauma informed services, and clinical and peer support in collaboration with mainstream medical and mental health providers. Wake County is excited to be partnering with the Wake County Clinical Scholars Fellows on what we expect to be a replicable housing and services model for the most vulnerable in our community.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Housing Resource Team has used additional HOPWA resources to expand its services to person living with HIV/AIDS by administering the Short-Term Rent, Mortgage and Utility Assistance Program. This team is tasked with helping clients identify immediate housing arrangements and connecting them to services and financial assistance. The Wake Prevent! program providing short-and/or medium-term rental assistance as necessary to prevent the household from moving to an emergency shelter or a place not meant for human habitation. This team also provided housing identification/navigation services that quickly find and identify housing for citizens who are experiencing a housing crisis. These services have helped ensure fewer citizens become homeless.

Prevention rental assistance and case management is targeted for residents who are at or below 50% AMI and are less than 30 days to literal homelessness. The team uses nationally researched best practices and targets the highest needs households. This year they served 553 persons (214 families) and stabilized to date 109 households in housing. Average direct financial assistance was \$3,694 plus additional donations of furniture through a partnership with the Green Chair.

Wake County worked continues to provide educational opportunities for those experiencing homelessness and provides Housing Information Sessions. Four clients participated in employment training this year through the CDBG HEI program. The County maintains partnerships with community agencies that provide case management, budget counseling, employment training, and financial assistance to help households who are at risk of homelessness to avoid becoming homeless. Due to the pandemic, many services were reformatted and abbreviated to be completed via telephone consultation and in some cases with persons who were quarantined together.

To help people avoid becoming homeless after being discharged from a publicly funded institution or system of care, Wake County partnered with Alliance Healthcare to assure services to persons discharged from mental health care facilities, and many of the vouchers provided by Wake County's Rental Assistance Housing Program are for people with behavioral health disabilities. Wake County partnered with Passage Home in their effort to find housing for ex-offenders. In addition, and in

partnership with DHIC, a non-profit affordable and supportive housing developer, Wake County provided two on-site housing social workers who support the project's tenants including Second Chance program participants.

Wake County used HOME and COC funds to prevent youth and young adults being discharged from foster care from experiencing homelessness. Tenancy support/care coordination is provided by The Hope Center at Pullen, a nonprofit agency that promotes independence among youth aging out of foster care by connecting them to the resources they need in housing, education, employment, and other areas. Wake County served 10 youth households this year.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The County provides housing options and wrap-around services necessary to assist the most vulnerable citizens using the Housing First Model which is cost effective in reducing expensive emergency interventions. To address the subpopulations, Wake County uses various funding sources including: the Continuum of Care grant, Housing Opportunities for Persons with AIDS (HOPWA) grant, and County funds. Coordinated Entry efforts have prioritized citizens who have disabling conditions, are unsheltered or have longer lengths of homelessness; therefore, more citizens experiencing chronic homelessness are gaining access to permanent supportive housing and rapid rehousing opportunities.

To reduce veteran homelessness, the City of Raleigh, Wake County, and the CoC joined the Mayor's Challenge effort to end veteran homelessness. The Housing Department has reissued a challenge to end veteran's homelessness in Wake County by end of calendar year 2022. When we began our efforts to end Veteran Homelessness in 2012 there were 399 veterans experiencing homelessness. Today there are just 33 veterans awaiting housing services. Wake County continues to fund 10 supportive housing vouchers for veterans and employees a veteran services program specialist to focus on veterans experiencing homelessness. The Department is working with leadership to evaluate Veteran Taskforce recommendations, local need, and identify service gaps for consideration in the FY24 budget.

Wake County is working to create and preserve affordable housing through housing construction and tenant based rental assistance. Both programs have provided greater access to housing for persons who are homeless or in rental assistance programs. All Requests for Proposals for tax-credit developments require 10% of units be set aside for clients with a supportive housing voucher through Wake County.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Housing Authority of the County of Wake (HACW) currently manages 345 conventional public housing units and more than 600 Housing Choice Vouchers. The six communities which offer conventional public housing are: Apex, Garner, Fuquay Varina, Wake Forest, Wendell, and Zebulon. The HACW also manages ten (10) 1-bedroom units for its instrumentality, Wake Initiatives Supporting Housing, LLC (WISH). These units were developed with funding support provided by North Carolina Housing Finance Agency (NCHFA) and the Federal Home Loan Bank of Atlanta (FHLB). The units will serve adults or children with special needs (disabilities which are expected to be permanent; recent release from an institutional setting; in substance abuse treatment; in hospice care; children in foster care or other licensed facilities; young adults aging out of foster care or other licensed facilities; and survivors of domestic violence; or homeless persons as defined by the HEARTH Act), with a preference for residents at or below 30% of the Raleigh MSA Area Median Income.

HACW also operates the following special purpose voucher programs:

- Non-Elderly Disabled (NED) program enables non-elderly persons or families with disabilities to access affordable housing in the private rental market; and
- Family Unification Program (FUP) to provide housing assistance to families for whom the lack of adequate housing is a primary factor in the separation, or the threat of imminent separation of children from their families; and
- Mainstream vouchers serve households that include a non-elderly person(s) with disabilities, defined as any family that includes a person with disabilities who is at least 18 years old and not yet 62 years old; and
- Veteran Affairs Supportive Housing (VASH) program which combines HUD HCV rental assistance for homeless veterans with case management and clinical services provided by Veterans Affairs at its medical centers and in the community; and
- Foster Youth to Independence Initiative makes Housing Choice Voucher assistance available to HACW in partnership with the Wake County Public Child Welfare Agency to provide assistance on behalf of youth at least 18 years and not more than 24 years of age who left foster care, or will leave foster care within 90 days, in accordance with a transition plan.

HACW receives a separate formula grant under the Capital Fund program to make capital improvements to existing public housing properties. These funds are used primarily for large-scale repairs and upgrades to existing units and sites.

HACW is undertaking a Strategic Planning process to discuss and define its strategy and goals for the next three (3) to five (5) years. This planning process will focus on how HACW can partner with Wake County Housing Department and other development entities to redevelop the current HACW public housing stock and expand affordable housing opportunities in Wake County. The plan will guide the HACW Board of Commissioners and Staff in making decisions for allocating resources to achieve these goals. In addition, the 2017 Affordable Housing Plan recommended redeveloping public housing with a

goal of creating mixed-income communities. The Wake County Housing Department plans to work with HACW toward this goal.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

HACW administers a Family Self-Sufficiency (FSS) program for both public housing and housing choice voucher participants. This program enables assisted families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies. HACW works in collaboration with a Program Coordinating Committee (PCC) to secure commitments of public and private resources for the operation of the FSS program, to develop the HACW FSS Action Plan and to implement the program. Participants enter a 5-year individual training and services plan (ITSP) to set intermediate and long-term goals with the steps the family needs to take and the services and resources they may need to achieve those goals.

The HACW continues to seek grants to provide the residents of HACW with the tools necessary to improve their quality of life. The HACW continues to provide home ownership opportunities through the Housing Choice Voucher Program. Additionally, we provide referrals to agencies that provide home ownership opportunities or prepare residents for purchasing a home.

Actions taken to provide assistance to troubled PHAs

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

In relation to creating opportunities for higher housing density within the municipalities of the County, Housing has met with 12 of 12 municipalities to discuss various projects and initiatives related to affordable housing and neighborhood revitalization. The initial conversations have provided a basis for further collaboration on municipal policy review and changes to promote affordable housing within municipal jurisdictions.

Housing staff have been actively engaged with multiple land disposition opportunities and have provided technical assistance to organizations seeking to provide affordable housing units on their properties. The County has continued the facilitation of a rezoning and disposition process of a 19+ acre county-owned property for affordable housing and mixed-use development. Housing staff completed a Request for Proposals process to select a developer of a property acquired for transaction cost from Wake Tech Community College and is entering into a Memorandum of Agreement to move forward with a high-density, transit-oriented, mixed-used development on the site. A percentage of units developed will serve low-income students and Wake Tech will have a 1,000 squarefoot learning space incorporated into the building.

County Staff have also played an advisory role to towns seeking to develop plans to address local affordable housing challenges. County staff were involved in steering committees and stakeholder groups for affordable housing studies and plans in Apex, Cary, Wake Forest, and Holly Springs and advised on policy formation, consultant selection, and plan content. Apex adopted their plan in February 2021 and since have formed a new department for housing affordability. Cary adopted an updated Housing Plan in November of 2021. Wake Forest released a draft housing plan in August 2022 for comment. Holly Springs is anticipating an adopted plan to be completed in the Fall of 2022. Other municipalities have expressed interest in creating plans to address housing affordability.

County staff completed an RFP process to select an Affordable Housing Preservation Fund administrator. The selected administrator, a Community Development Finance Institution, will administer the Fund loan products for the acquisition and preservation of existing legally-binding and naturally occurring affordable housing.

The Wake County homeownership market experienced extreme pressure, limiting the ability of first-time and low-income buyers to achieve homeownership. County staff worked with their non-profit administrator partner to implement administrative changes to the Affordable Homeownership Program to responsibly provide greater access to the market for qualified low and moderate-income first-time homebuyers. County staff continue to work with the Raleigh Area Land Trust to implement a community land trust in Wake County.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Wake County's Emergency Rehabilitation Grant Program and Elderly & Disabled Housing Rehabilitation Program responds to immediate health and safety risks of low and very low-income citizens under 50% MFI through a maximum \$20,000 grant with an additional \$10,000 for lead testing and clearance. A total of 40 Elderly & Disabled grants were completed in 2021 totaling \$611,235 (average grant amount was \$15,280). The Emergency Grant is a one time, \$5,000 grant to repair critical health and safety needs. A total of 7 emergency grants were completed in 2021 totaling \$42,172 (average grant amount was \$6,025).

The Affordable Housing Development Program leverages County and Federal funding, along with LIHTC, to finance the acquisition, construction, and preservation of affordable housing. In 2021, \$12.1 million in funding was committed for 673 multifamily homes. Of those, 171 units are set asides for highly vulnerable populations in need of Permanent Supportive Housing.

Additional effort was made to create a location targeting strategy for locating affordable housing in Communities of Opportunity which offer better access to education, employment, transit, and quality of life. Wake County is nearing the launch of the Affordable Housing Preservation Fund, which will prioritize the preservation of existing affordable housing in Communities of Opportunity as well as near existing and planned transit.

The County has partnered with mainstream services providers to expand the outreach efforts that secure services for citizens who are experiencing homelessness.

In response to COVID-19, Wake County adopted House Wake! a strategic plan to help minimize the effects of COVID-19 on homeless and precariously housed Wake County residents. Rolled out in multiple phases, this plan has resulted in:

- The establishment of the House Wake! Access Hub, a one-number homeless services hotline created;
- The creation of the Landlord Engagement Unit, hired to recruit landlords to provide affordable housing and match properties and households through an informational landlord database;
- Increased Support Services and Access to Permanent Housing, through the Bridge 2 Home program which requires all participating emergency services (shelter/street outreach) to be low barrier in exchange for financial assistance to support enhanced case management, flexible financial assistance, transportation, furniture, health care, access to benefits, and housing navigation; and
- Continued the \$90+ million emergency rental assistance program.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Wake County adheres to HUD guidelines regulating the presence of lead paint in federally funded rehabilitation projects. All single-family dwellings built prior to 1978 have lead paint risk assessments and clearance testing performed by a certified private firm (if LBP hazards are present). All contractors

bidding on rehabilitation work must possess Lead Safe Work Practices Training. Projects that require interim control activities are bid out only to certified contractors. Certification involves a more intensive and comprehensive training for the removal or encapsulation of lead hazards.

Wake County's Elderly & Disabled rehabilitation program makes up to \$10,000 available for any lead paint abatement or remediation that is necessary to declare the dwelling safe for occupancy. Wake County spent \$79,010 in CDBG funds for lead-based paint risk assessments, interim control, and clearance testing on 25 homes in 2021.

In addition, TBRA programs provide lead hazard information to clients at program orientation and conduct visual assessments during the unit inspection process. Wake County also finances the construction of new affordable housings as an important action for increasing access to housing without lead based paint hazards.

A list of the expenses relating to lead-based paint hazards is attached.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The County has significantly increased resources for the development and preservation of affordable housing with a focus on neighborhoods of opportunity for residents to achieve economic mobility out of poverty. At least ten percent of units in County-funded developments must contain permanent supportive housing resources serving some of the most vulnerable in our community.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Increased staff and services to provide comprehensive services to support a trauma competent, person-centered, strengths-based approach to program delivery. Expanded services include SOAR Benefits assistance, Vocational Counseling, and peer support.

In addition, in collaboration the Wake County Familiar Faces Health Collaborative and Robert Wood Johnson Clinical Scholars Fellowes, developing a system for identifying and prioritizing the most vulnerable citizens experiencing chronically homelessness and moving them quickly into a new transitional housing program and then into permanent supportive housing. Renovations are underway at the Wake County Cornerstone campus that will provide 20 units of transitional housing as well as a multipurpose space for meetings, training, and groups, two exam rooms, and administrative offices for the Cornerstone Services Team.

The Wake County Clinical Scholars team seeks to engage vulnerable community members and front-line service providers to understand barriers and challenges associated with service delivery and support systems for this population. Utilizing existing data sources within our community, our team seeks to understand what it takes to partner, integrate, and deliver a holistic care model to familiar faces, vulnerable individuals who have frequent interactions with crisis safety-net systems. This information will provide valuable insight to improve upon existing strategies to develop an empathetic human-centered design that addresses systemic problems to improve services and health outcomes. Our efforts will include utilization continuous quality improvement practices to allow for ongoing improvement efforts and broad community adoption.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The Affordable Housing Development Program prioritizes the inclusion of enhanced services plans leveraging social service agencies in development proposals for traditional affordable housing, as well as Permanent Supportive Housing (PSH).

The County has also partnered with Veteran’s Administration and other community partners in the Mayor’s Challenge effort to end veteran homelessness. The Mayors' Challenge task force aligns with a national movement to reach a point where there are no veterans sleeping on our streets and every veteran has access to permanent housing. Should veterans become homeless or be at risk of becoming homeless, our community will have the capacity to quickly connect them to the help they need to achieve housing stability. Wake County intends to end veterans’ homelessness by the end of 2022.

In addition, Housing partners with Capital Area Work Force Development on innovative ways to train, retrain and bolster economic development and employment opportunities. This partnership is working to identify and respond to the specific needs of citizens returning from correctional facilities.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

A comprehensive Analysis of Impediments to Fair Housing Choice for Wake County was completed in 2020. The report identified three primary impediments for Wake County with recommendations to overcome these issues.

- Lack of Affordable Housing in high opportunity areas.
 - Wake County refined our location policy to encourage affordable and mixed income housing in neighborhoods of opportunity. Staff also work with local municipalities to better understand areas in Towns where affordability is most needed. Through GIS and data, we have mapped the county’s healthiest and wealthiest areas to identify areas that are over and underserved by affordable housing. From this data we have incorporated criteria into all our development programs to prioritize investment in areas with highest economic opportunity.
- Zoning ordinances in the municipalities within the Urban County have become more restrictive of fair housing choice.
 - The County began tracking zoning ordinances and housing development priorities of local governments in the County to evaluate their response to Fair Housing goals. This tracking will help housing staff further engage municipal staff on policy such a land use and zoning.
 - The County provided technical assistance for developers interested in utilizing federal and County funds through the Affordable Housing Development Program for affordable housing development.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

All recipients of funding are held to Federal, State and County regulations as described in each agreement, contract, or program policy. County staff is responsible for directly ensuring or monitoring compliance of funding recipients. Annual monitoring includes review of files, documents, and programmatic operations, as well as physical inspections. When concerns are identified, we provide technical assistance and follow up on all findings and necessary mitigation actions. This year staff undertook an entire portfolio monitoring for all affordable multifamily development and rehabilitation projects currently in service.

Wake County's rehabilitation consultant monitors and reports on Minority/Women Business Enterprises (M/WBE) required by HUD. Staff monitors homes that were rehabilitated. Each year, letters and client profile forms are mailed to homeowner and investor clients. In addition to rental certification and income eligibility verification, general information is gathered to keep the client files current and up to date. Investment properties are monitored as well by ensuring Landlord compliance and tenant income eligibility.

For the HOPWA grant, our project sponsor is monitored at least annually to ensure compliance with HOPWA regulations, the Memorandum of Understanding (MOU), and internal policies and procedures. Invoices and documentation are reviewed quarterly. This year the reporting requirements and MOU were updated to ensure compliance and clarify expectations.

The ESG grant is operated in accordance with written standards that provide specific guidelines for programs entering data into the Homeless Management Information System and across the housing continuum. Programs conduct, at a minimum, an annual evaluation of their goals, objectives, and activities, adjusting the program as needed to meet the needs of the community. Programs regularly review project performance data in HMIS to ensure reliability of data.

To monitor public facility and infrastructure projects, Wake County HACR staff engage in income verification, environmental review, Davis Bacon procedures, sub-recipient consultations, physical monitoring visits, and desk reviews of project data based on CDBG and HOME program guidelines.

Rental projects developed with Wake County Affordable Housing Development Program (AHDP) funding are monitored from construction through operation. Wake County HACR staff conduct periodic monitoring visits to construction sites to confirm construction progress and ensure compliance with Davis Bacon regulations, as applicable. Further, staff monitor AHDP projects through on-site physical inspections or by desk review annually during their operating period, in addition to reviewing monthly rent rolls. Annual and monthly monitoring ensures adherence to rent and income guidelines, as well as management practices. Finally, AHDP recipients must submit requests for rent increases to Wake

County, which are reviewed by staff before approval or denial. Wake County provides technical assistance and support as needed.

Public/Community Services are monitored throughout the program year. Wake County HACR staff reviews submitted reports for grant compliance with federal regulations and for performance outcomes. Staff typically monitors recipients annually in the spring of the program year for operations and management practices, through desk review and on-site visits.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Efforts to provide reasonable notice include advertising availability in three local newspapers to target diverse demographics. *The News & Observer* is a widely distributed general publication, *Que Pasa* serves the Spanish-speaking Latino population, and *The Carolinian* is a local newspaper directed towards the African American community. Additionally, a notice of availability of the draft CAPER and HOPWA CAPER is posted on the Wake County website.

For 15 days residents have the opportunity to review and provide feedback on the performance reports on the Wake County website, at Wake County offices, Human Service centers, homeless shelters, and Oak City Cares multi-services center. Comments are submitted to Wake County Housing to be included in the reports.

The 2021 CAPER was made available for review and comment from September 5, 2022 – September 19, 2022. A draft of the document was posted on the Wake County website, a notice was advertised in *The News and Observer*, *The Carolinian*, and *Que Pasa* publications. The CAPER was also shared with Wake County staff, service providers, and municipal partners.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

Wake County consistently gathers and analyzes community data, seeks public input, and works with partners to identify gaps and needs that may be filled through CDBG resources. In addition, we review and measure the performance of existing programs to identify barriers, create efficiencies and ensure effectiveness.

Wake County Housing staff undertook a restructuring of the CDBG program for town projects to meet Municipal, County, and Federal needs. With increased housing challenges for low- and moderate-income residents, County staff updated this program to leverage CDBG funds to impact housing and support service needs. Changes included requirements to shorten the timeframe to spend encumbered funds and an incentivization of housing and other prioritized needs in the evaluation of projects. The program also expanded eligibility to non-profit service providers to support both direct housing projects and the acquisition, rehabilitation, or expansion of public facilities to serve presumed clientele. Wake County Housing staff conducted outreach to municipalities and non-profit service providers, soliciting feedback to be incorporated into the program's restructuring.

In 2020 we awarded a contract to a community organization to administer the Affordable Homeownership Program. After program roll-out, pressures on the housing market for first-time homebuyers, including limited affordable supply and competition from cash-rich buyers including investors, limited the ability of the program to make home purchase assistance loans. As a result, program administrative guidelines were updated to remove the purchase price limit and to consolidate debt-to-income ratios to grant prospective buyers access to a broader section of the market. Wake County Staff and its non-profit administrative partner continue to evaluate additional program updates, including offering point buy-downs and offering additional funding per home buyer.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Attachment #1 contains a comprehensive list of projects monitored during the 2021 program year.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

The objective of the Wake County Affirmative Marketing Policy is to ensure that utilizing HOME funds for housing development reflects and encourages the diversity of our community. Wake County continues to enforce its Affirmative Marketing Plan (Attached) by requiring developers to:

- Incorporate the Equal Housing Opportunity logo into all advertising and marketing materials.
- Display HUD fair housing poster where sales or rental activity takes place.
- Advertise projects in newspapers that target minority populations.
- Actively advertise to those populations least likely to apply for housing.

Upon site visit and/or desk monitoring developers are required to provide a copy of their affirmative marketing plan for review to ensure compliance.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Program income is used to support additional development of affordable housing throughout Wake County. This past year, the Primavera Apartments development was supported with \$791,290.79 in program income. Primavera will serve seniors through 164 units located in Raleigh. There are units serving those at 70%, 60%, 50% and 40% or below the Median Income. The Youth Aging out of Foster Care TBRA program was also supported through program income.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

Wake County contributes a significant amount of County funding to leverage Federal HOME funding to create and preserve affordable housing. Through the County's increased contribution of approximately \$4.75 million annually, a higher number of LIHTC and other publicly or privately funded developments can be created or preserved. We increased multifamily production and preservation from two or three developments totaling approximately 250 units annually to more than 2,500 units since 2019. The

increased County funding has allowed us to support additional developments through utilizing 4% LIHTCs.

Wake County has also designed a Preservation Fund, Land Disposition Policy, and Preservation Warning System to bolster affordable housing efforts aimed to increase and preserve housing affordable which is geographically diverse and serves residents at income ranges the market will not naturally support. Wake County selected an administrative partner to fully capitalize and administer the fund, which is anticipated to launch in the third quarter of calendar 2022. Work is continuing to complete our first land disposition under the Land Disposition Policy. In addition, Wake County completed a Request for Proposals for land donated by Wake Tech Community College and will be working towards a long-term land lease with the selected developer to create long-term affordable housing, retail, and educational space on the site. Staff are consulting community partners and evaluating additional sites for rental and ownership development, including tiny homes and cottage courts.

In addition to increasing affordable housing to citizens of Wake County, the Housing Department can address many different needs, works with a variety of community partners, and offers case management services to vulnerable populations and homeless persons through our TBRA programs. HOME funds were used to provide housing support for 10 low-income youth who have aged out of foster care. The clients receive case management support from a non-profit organization and receive guidance from housing counselors.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance payments	50	59
Tenant-based rental assistance	55	54
Units provided in transitional housing facilities developed, leased, or operated with HOPWA funds	0	0
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	0
Total	105	113

Table 14 – HOPWA Number of Households Served

Narrative

We addressed needs throughout our HOPWA grant service area consistent with our approved 2021 Action Plan by continuing to serve clients from three counties: Wake, Johnston, and Franklin. Categories of housing include rental apartments, rented units in single family homes, and owned homes. We offered a variety of types of housing assistance, including long term vouchers, short term emergency assistance, and security deposit payments. All our financial assistance to residents is bolstered through case management and other eligible supported services.

This year, a total of 113 households were served with Tenant Based Rental Assistance (TBRA) or Short Term Rental, Mortgage, and Utility (STRMU) assistance, and Supportive Services. This includes four HIV positive individuals who were served with HOPWA funded case management, though they were receiving non-HOPWA rental subsidies. This exceeds our 2021 Action Plan while also ensuring we are serving the highest need clients whose situations were exacerbated by COVID-19.

Narrative

Effective November 30, 2020, HUD implemented the Final Rule for Section 3, updating the 1994 Interim Rule. The Final Rule eliminates the “new hire” compliance standard in favor of an “hours worked” standard. For the 2021 program year, Wake County had no completed projects to report under the Final Rule and two completed projects, Pennington Grove II (new construction) and Avery Square (rehabilitation), for reporting under the previous interim rule. Wake County will document new hires for both projects but will not electronically report results since the SPEARS portal for reporting was abolished. Wake County will keep files for Section 3 results.

For next year’s CAPER report, Wake County will report on the total number of hours worked and qualitative efforts for completed projects under the Final Rule for Section 3.

Every HOME or CDBG recipient, sub-recipient, or CHDO shall maintain a file of all advertisements and solicitations required under this section and shall provide to Wake County, at contract close or at the annual contract anniversary date, a copy of all advertisements and solicitations.

Every HOME or CDBG recipient, sub-recipient, or CHDO shall provide to Wake County, at contract close or at the annual contract anniversary date, the following data on the results of solicitations for goods or services for any program or development which utilized HOME or CDBG funds:

- Number of responses to solicitations.
- Number of responses that were qualified minority or women owned firms.

- Number of awards to qualified minority or women owned firms.

This Affirmative Marketing Policy shall be included by reference in the following documents:

- All Solicitations to Bid, Request for Proposals, or Requests for Qualifications involving HOME or CDBG program dollars
- All program manuals for programs that utilize HOME or CDBG dollars
- All applications to receive funds that include HOME or CDBG dollars as a funding or financing source.

III. Definitions:

- CHDO: Community Housing Development Organization
- CDBG: Community Development Block Grant
- HCR: Housing & Community Revitalization

IV. Applicability: The Affirmative Marketing Policy applies to all programs which utilize HOME or CDBG funds in Wake County where at least five (5) units are contained within the same contract, except: The affirmative marketing policy does not apply to Section 8 tenant-based rental housing assistance or to families with tenant-based rental assistance provided with HOME or CDBG funds.

V. Policy Responsibility and Management:

- HCR Responsible for policy development & revision;
- Schedule of policy review: annual (at a minimum to ensure adherence with HUD policies) or when new directives/guidelines are released from HUD.
- New Employees will be directed to the HCR policy manual during onboarding

ANALYSIS OF PROGRESS TOWARDS FIVE-YEAR GOALS

The following chart measures our progress toward the five-year goals identified in the 2020-2024 Consolidated Plan. This is the 2nd year for the plan. We have exceeded the goals for producing affordable housing units, single family homes for 1st time homebuyers and for employment training for homeless men. All our goals benefit low income individuals and families of Wake County. We are on track to meet the goals for Housing Rehabilitation, TBRA and Rental Assistance. There have been some delays in some of our Public Facility Projects which we are hoping to resolve this upcoming year.

**NOTICE OF AVAILABILITY
WAKE COUNTY'S
2021 CONSOLIDATED ANNUAL
PERFORMANCE AND
EVALUATION REPORT (CAPER)
and
2021 HOUSING
OPPORTUNITIES for PERSONS
WITH AIDS (HOPWA) CAPER**

Notice is hereby given that Wake County is preparing the 2021 Consolidated Annual Performance and Evaluation Report (CAPER) and Housing Opportunities for Persons with AIDS (HOPWA) CAPER. These documents report on the progress of the second year of the 5-year Consolidated Plan mandated by the National Housing Act of 1990 and are required in order for Wake County to receive federal entitlement funds from the U.S. Department of Housing and Urban Development (HUD). The 2021 CAPER describes the housing and community development activities that were carried out during program year 2021 (July 1, 2021 - June 30, 2022) within Wake County. The HOPWA CAPER describes activities carried out with HOPWA funds to assist households living with HIV/AIDS in Wake, Johnston, and Franklin Counties.

Drafts of the 2021 CAPER and HOPWA CAPER are available for a 15-day comment period from September 5, 2022–September 19, 2022. They can be found online at <https://www.wakegov.com/departments-government/housing-affordability-community-re->

Housing and Community Revitalization/plans-and-public-notice and copies are accessible at the following locations: Wake County Housing (336 Fayetteville Street, Suite 440, Raleigh, NC 27602), Municipal Town Halls, Wake County Regional Centers, Homeless Service Centers, and other Wake County Housing or Human Services locations.

At the end of the comment period Wake County will compile and address all public comments received. For more information or to submit a comment, please contact Housing Staff at (919) 856-5689 or via email housing.info@wakegov.com by September 15, 2021. Speech or hearing-impaired persons may contact 1-800-735-2962 (TT) or 1-800-735-8262 (voice).

**AVISO DE DISPONIBILIDAD
CONDADO DE WAKE**

**INFORME DE EVALUACIÓN Y RENDIMIENTO ANUAL CONSOLIDADO 2021 (CAPER) y
OPORTUNIDADES DE VIVIENDA PARA PERSONAS CON SIDA (HOPWA) 2021 CAPER**

Por la presente se da aviso de que el condado de Wake está preparando el Informe de Evaluación y Desempeño Anual Consolidado (CAPER) de 2021 y el CAPER de Oportunidades de Vivienda para Personas con SIDA (HOPWA). Estos documentos informan sobre el progreso del segundo año del Plan Consolidado de 5 años exigido por la Ley Nacional de Vivienda de 1990 y son necesarios para que el condado de Wake reciba fondos federales de derecho del Departamento de Vivienda y Desarrollo Urbano (HUD) de EE. UU. . El CAPER de 2021 describe las actividades de vivienda y desarrollo comunitario que se llevaron a cabo durante el año del programa 2021 (1 de julio de 2021 - 30 de junio de 2022) dentro del condado de Wake. HOPWA CAPER describe actividades realizadas con fondos de HOPWA para ayudar a los hogares que viven con VIH/SIDA en los condados de Wake, Johnston y Franklin.

Los borradores de 2021 CAPER y HOPWA CAPER están disponibles para un período de comentarios de 15 días desde el 5 de septiembre de 2022 hasta el 19 de septiembre de 2022. Se pueden encontrar en línea en <https://www.wakegov.com/departments-government/housing-asequibilidad-revitalización-de-la-comunidad/planes-y-avisos-públicos> y copias están disponibles en los siguientes lugares: Wake County Housing (336 Fayetteville Street, Suite 440, Raleigh, NC 27602), Alcaldías Municipales, Centros Regionales del Condado de Wake, Centros de Servicio para Personas sin Hogar y otras ubicaciones de Servicios Humanos o de Vivienda del condado de Wake.

Al final del período de comentarios, Wake County recopilará y abordará todos los comentarios públicos recibidos. Para obtener más información o enviar un comentario, comuníquese con el personal de vivienda al (919) 856-5689 o por correo electrónico a housing.info@wakegov.com antes del 15 de septiembre de 2021. Las personas con problemas de audición o del habla pueden comunicarse al 1-800-735-2962 (TT) o 1-800-735-8262 (voz).

Thank you for the opportunity to provide feedback on the Wake County Annual Action Plan. I have reviewed the document, and I have to admit that I do not have enough understanding of the measurement methods or context for the metrics to be able to provide informed feedback. I would welcome an opportunity to learn more about the projects described and the priorities of the County moving forward into the next year. There were clear projects that succeeded beyond what was expected, and some that fell short. Knowing more about how you anticipate moving forward, and how Dorcas can fit into that, would be helpful.

Thanks for the opportunity to review this,

This report is to be completed by grantees, developers, sponsors, builders, agencies, and/or project owners for reporting contract and subcontract activities of \$10,000 or more under the following programs: Community Development Block Grants (entitlement and small cities); Urban Development Action Grants; Housing Development Grants; Multifamily Insured and Noninsured; Public and Indian Housing Authorities; and contracts entered into by recipients of CDBG rehabilitation assistance.

Contracts/subcontracts of less than \$10,000 need be reported only if such contracts represent a significant portion of your total contracting activity. Include only contracts executed during this reporting period.

This form has been modified to capture Section 3 contract data in columns 7g and 7i. Section 3 requires that the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs shall, to the greatest extent feasible, be directed toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. Recipients using this form to report Section 3 contract data must also use Part I of form HUD-60002 to report employment and training opportunities data. Form HUD-2516 is to be

Community Development Programs

1. Grantee: Enter the name of the unit of government submitting this report.

3. Contact Person: Enter name and phone of person responsible for maintaining and submitting contract/subcontract data.

7a. Grant Number: Enter the HUD Community Development Block Grant Identification Number (with dashes). For example: B-32-MC-25-0034. For Entitlement Programs and Small City multi-year comprehensive programs, enter the latest approved grant number.

7b. Amount of Contract/Subcontract: Enter the dollar amount rounded to the nearest dollar. If subcontractor ID number is provided in 7f, the dollar figure would be for the subcontract only and not for the prime contract.

7c. Type of Trade: Enter the numeric codes which best indicates the contractor's/subcontractor's service. If subcontractor ID number is provided in 7f., the type of trade code would be for the subcontractor only and not for the prime contractor.

The "other" category includes supply, professional services and all other activities except construction and education/training activities.

7d. Business Racial/Ethnic/Gender Code: Enter the numeric code which indicates the racial/ethnic/gender character of the owner(s) and controller(s) of 51% of the business.

When 51% or more is not owned and controlled by any single racial/ethnic/gender category, enter the code which seems most appropriate. If the subcontractor ID number is provided, the code would apply to the subcontractor and not to the prime contractor.

7e. Woman Owned Business: Enter Yes or No.

7f. Contractor Identification (ID) Number: Enter the Employer (IRS) Number of the Prime Contractor as the unique identifier for prime recipient of HUD funds. Note that the Employer (IRS) Number must be provided for each contract/subcontract awarded.

7g. Section 3 Contractor: Enter Yes or No.

7h. Subcontractor Identification (ID) Number: Enter the Employer (IRS) Number of the subcontractor as the unique identifier for each subcontract awarded from HUD funds. When the subcontractor ID Number is provided, the respective Prime Contractor ID Number must also be provided.

7i. Section 3 Contractor: Enter Yes or No.

7j. Contractor/Subcontractor Name and Address: Enter this information for each firm receiving contract/subcontract activity only one time on each report for each firm.

completed for public and Indian housing and most community development programs. Form HUD-60002 is to be completed by all other HUD programs including State administered community development programs covered under Section 3. A Section 3 Contractor/subcontractor is a business concern that provides economic opportunities to low and very Low-income residents of the metropolitan area (or nonmetropolitan county), including a business concern that is 51 person or more owned by low-income residents;

or provides subcontracting or business development opportunities to businesses owned by low or low-income residents. Low and very low-income residents; include participants in Youthbuild programs established under Subtitle D of Title IV of the Cranston-Gonzalez National Affordable Housing Act.

The terms "low-income persons" and "very low-income persons" have the same meanings given the terms in section 3(b)(2) of the United States Housing Act of 1937. Low-income persons mean families (including single persons) whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of prevailing levels of construction

Multifamily Housing Programs

Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite.

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

The number of persons who were immediately at risk of homelessness, enrolled in prevention services, and remained stably housed for one year after the financial assistance ends.

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. *If they are not measurable as written type in N/A as the answer.*

During the program year 95 clients successfully maintained housing and did not experience homelessness.

Wake County Housing Resource Team is task with helping clients avoid evictions or identify immediate alternate housing arrangements and connecting them with services and financial assistance. The team provides prevention/relocation services providing case management and short-and/or medium-term rental assistance as necessary to prevent the household from moving to an emergency shelter or a place not meant for human habitation. The team provides housing identification/navigation services that quickly find and identify housing for citizens who are experiencing a housing crisis. Staff conduct continuous recruitment of landlords with units in the communities and neighborhoods where citizens want to live and negotiate with landlords to help citizens access housing. These services have helped ensure fewer citizens become homeless and citizens who need affordable housing are matched to the available affordable housing.

2. Briefly describe what you did not meet and why. *If they are not measurable as written type in N/A as the answer.*

The current Action Plan standards call for the evaluation of clients post program exit housing retention rate.

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? *If they were measurable and you answered above type in N/A as the answer.*

The number of persons who were immediately at risk of homelessness, enrolled in prevention services, remained stably housed, and did not experience homelessness.

Additional Comments

This optional form is provided for recipients to provide any explanations or other information they believe would be helpful to HUD as they review this submission.

I preparing this quarter report, I noticed there had been some journal corrections in our accounting system so I corrected the expenditure amount in Emergency Shelter even though we had no active activity this quarter in Emergency Shelter.
