The Wake County Water Partnership (Partnership) conducted its Annual Retreat on February 13, 2026. Chair Wiebke welcomed members and introduced Michelle Ferguson and Jackie Jarrell with Raftelis as facilitators for the meeting. The Partnership reflected on its history and the founding vision, discussed what it has done well and where it has fallen short. The Partnership then reviewed survey results, reflected on its purpose and how each member could contribute to its overall success. At the close of the meeting, members communicated a better understanding and shared excitement for the Partnership moving forward.
