Fire Insurance Rating Lookup App

September 2026 Meeting

WAKE COUNTY
NORTH CAROLINA

How many calls do you get from insurance agents?

- They want to know about a property
  - What is the insurance protection classification (ISO rating)?
  - How far is it to the nearest fire station?
  - How far is it to the nearest hydrant?

How can we help?

Wake County GIS built a tool for that!

Wake.gov/fireprotection

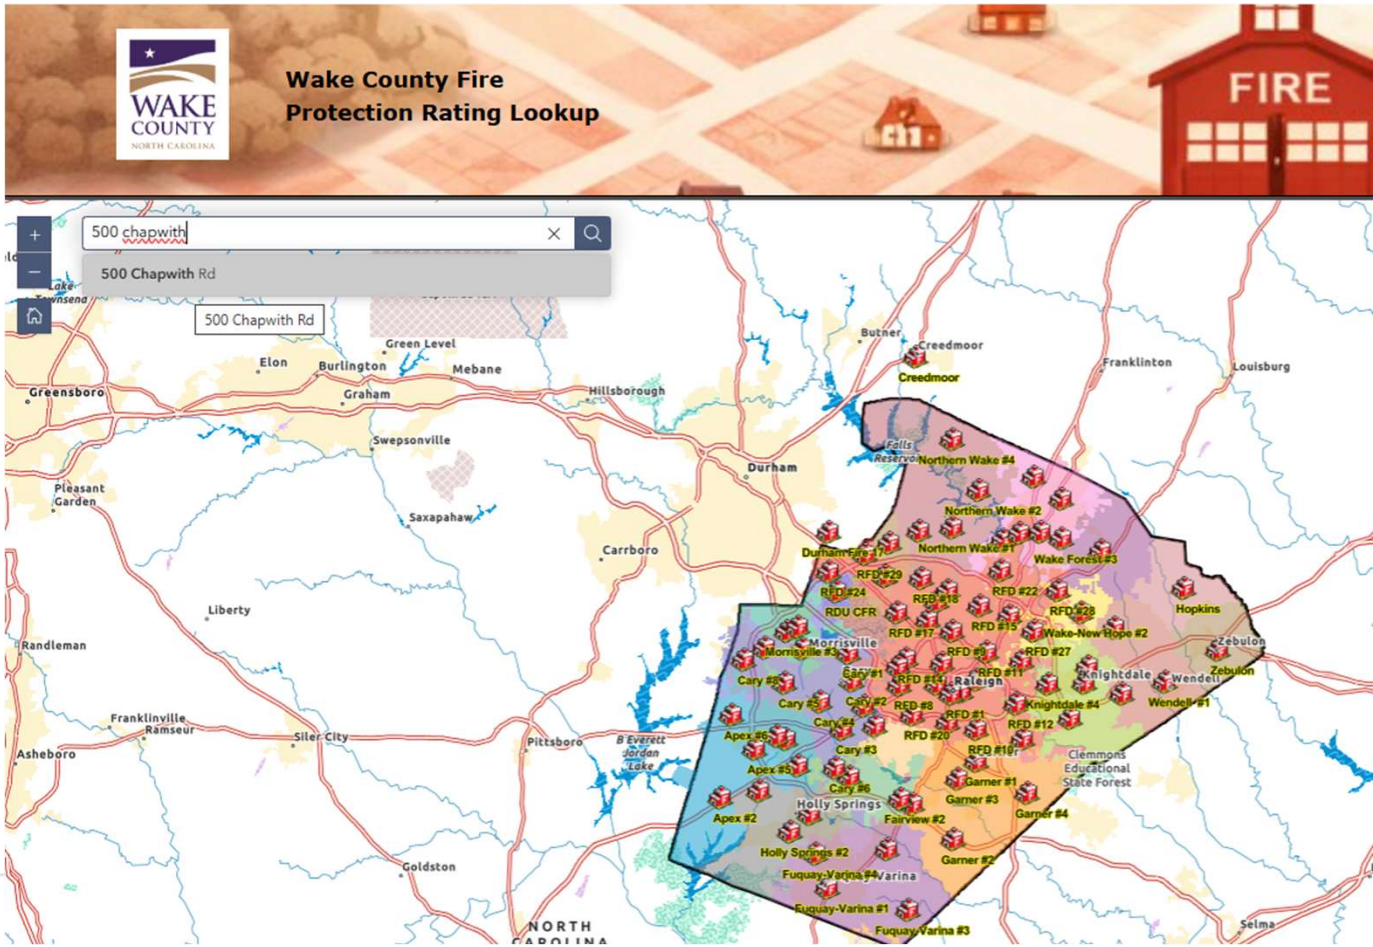

What can we do with it?

- First, you can read and acknowledge a giant disclaimer prepared by Wake County IT and Wake County Legal

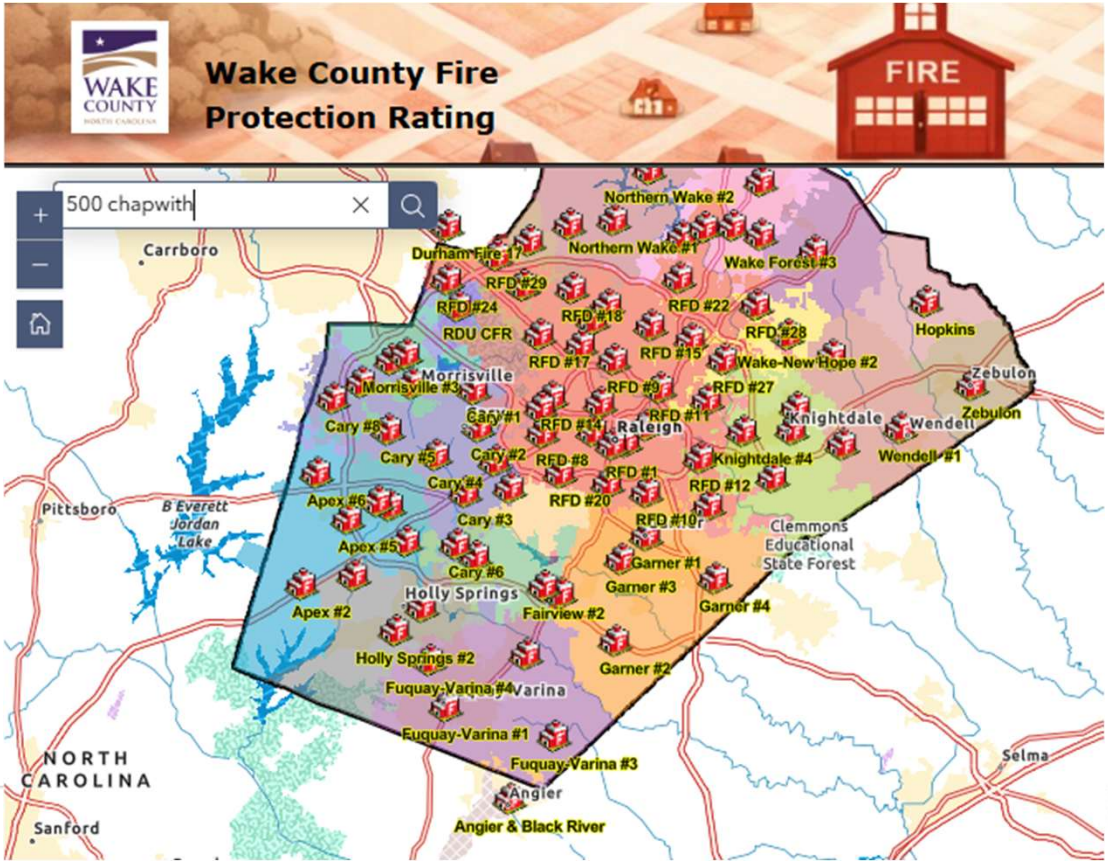

What can we do with it?

- Enter an address

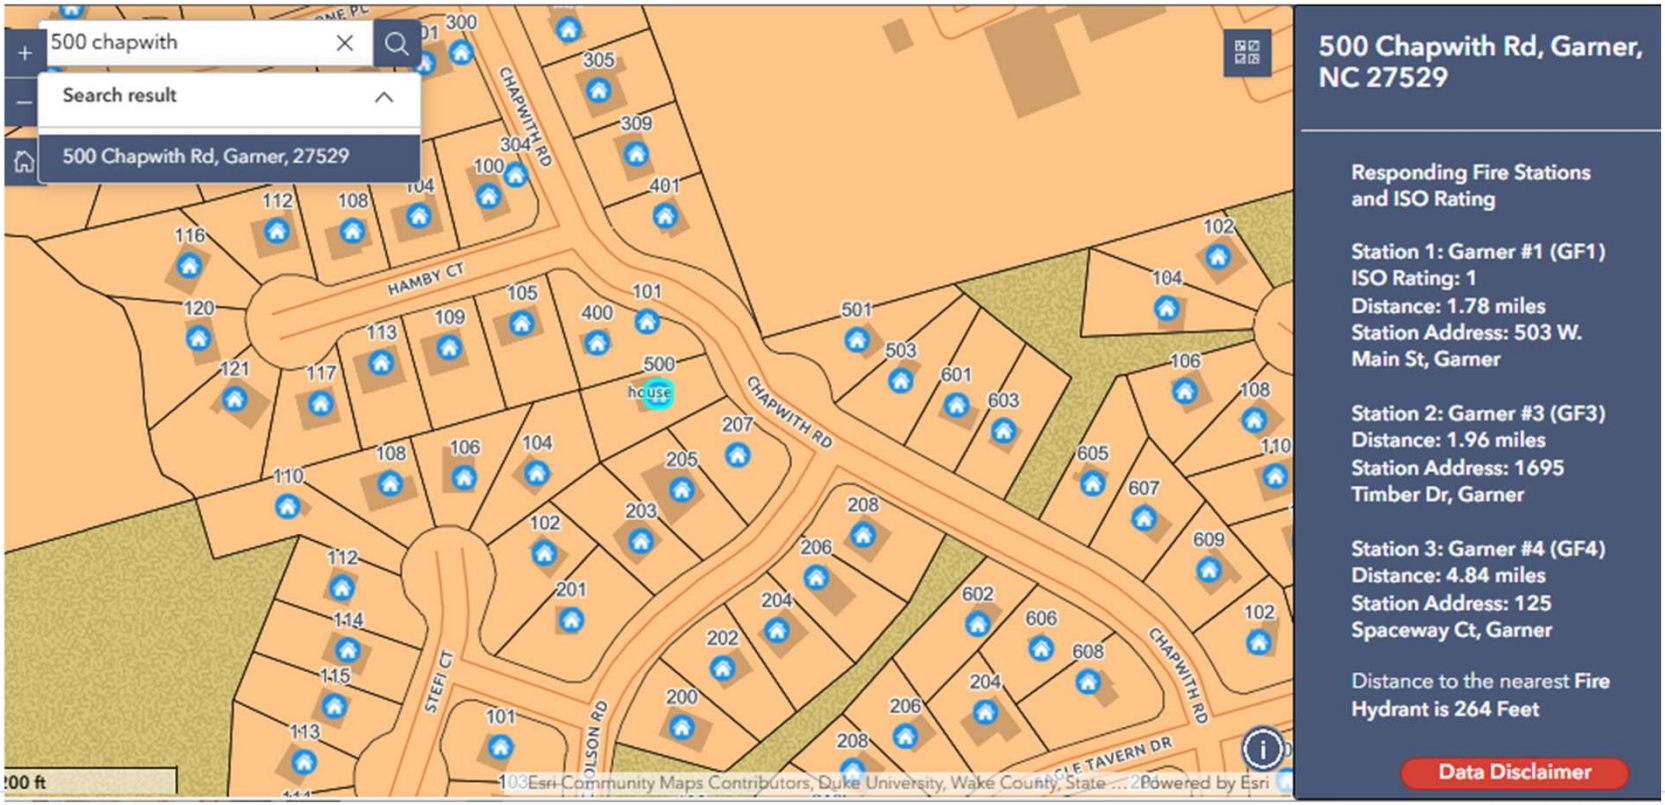

What can we do with it?

- Enter any address in Wake County

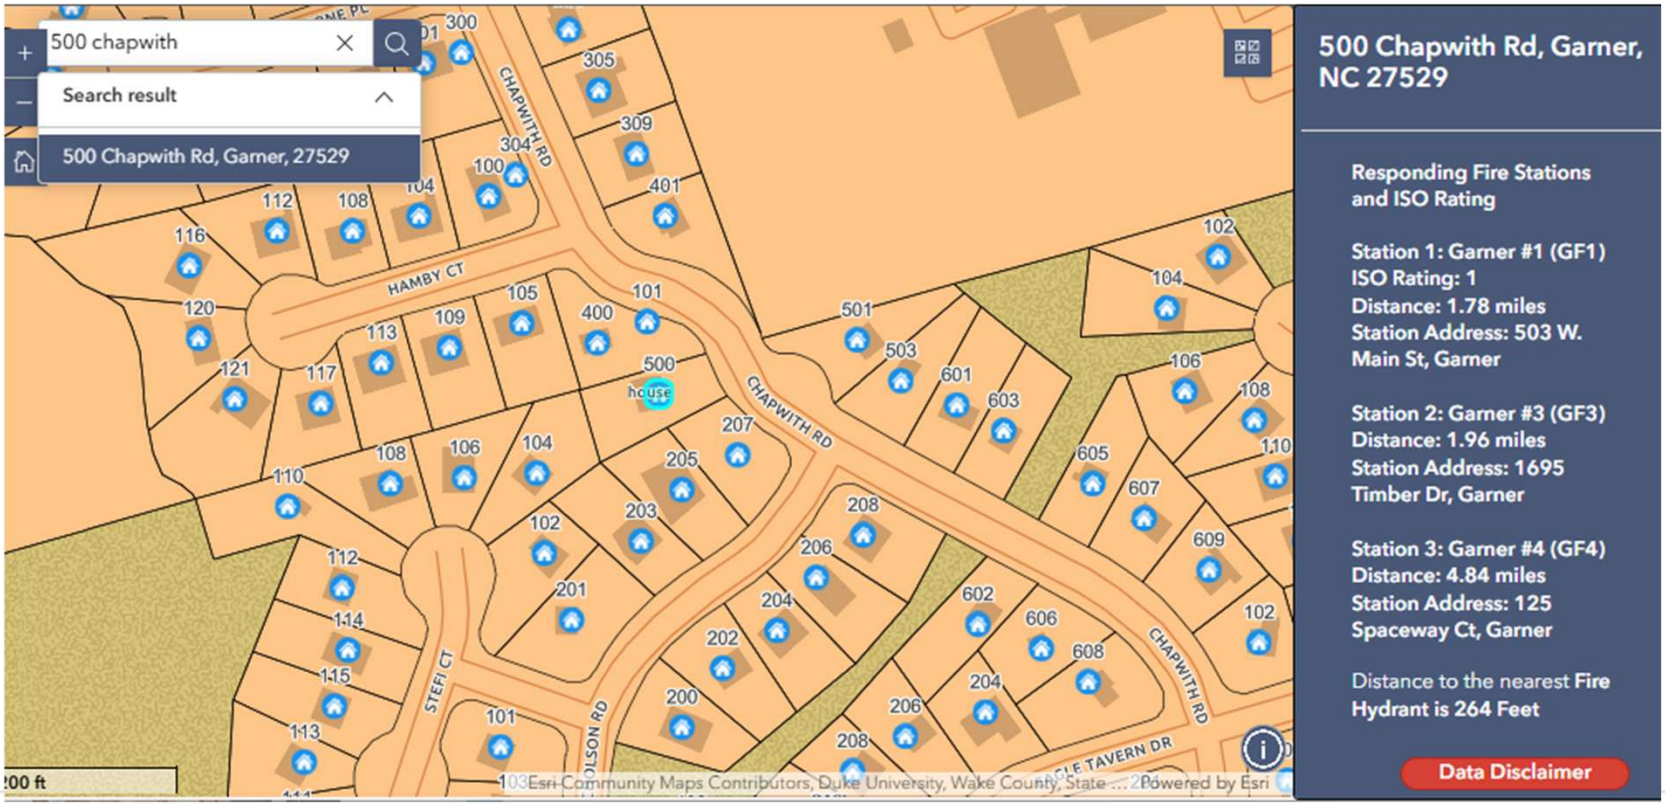

What can we do with it?

- Click the address and it will zoom to the property

What can we do with it?

- All necessary info is displayed on the panel to the right

What can we do with it?

- All necessary info is displayed on the panel to the right

- Including distance to the nearest fire hydrant

How do we advertise this?

- Share this with your staff!
- Have them tell insurance agents
  - wake.gov/fireprotection
  - Make them look it up for themselves

Questions…
